Dear [\[NAME\]](#),

Booz Allen Hamilton is conducting an evaluation of the Overdose Data to Action (OD2A) program on behalf of the Centers for Disease Control and Prevention (CDC). As part of this evaluation, we are conducting interviews and focus groups with OD2A awardees to assess the implementation of OD2A program activities.

We are now reaching out to request your permission to record the conversation to accurately document the questions and your responses. Any information you provide during our conversation will be deidentified and kept secure. No identifying information or quotes will be linked to you. After transcription and analysis of our conversation is complete, the recording will be deleted and no personally identifiable information will be retained. All data will be reported in aggregate form within all reports and potential publications.
