CONSENT UNLISTED

Thank you for taking this survey, which is conducted by NORC at the University of Chicago for the U.S. Department of Health and Human Services. This survey is designed to study the experiences of people who look after children under age 13 in someone's home. This information will help decision makers and local agencies obtain an accurate picture of what early care and education services are available to families across the country in order to make the most of their resources.

This interview takes about 20 minutes, and your participation is voluntary. You may choose not to answer any questions you don't wish to answer, or end the interview at any time. All personnel associated with this study must sign a legal document in which they pledge to protect the privacy of the information collected in the survey. We have systems in place to protect your identity and keep your responses private. There is only a small chance that your information could be accidentally disclosed. For that reason we avoid questions that could cause difficulty for you. This study also has a Federal Certificate of Confidentiality from the government which protects researchers and other staff from being forced to release information that could be used to identify participants in court proceedings.

Data collected for this study will be used for statistical purposes only, so that no individuals or organizations can be identified directly or indirectly in research findings. Identifiers such as your name, your organization's name or addresses will be considered private and can only be accessed for the study's research purposes by authorized personnel associated with this study.

You can click on the 'PREVIOUS' button to go back and change your answers if needed. Clicking 'STOP' will save your responses and allow you to return to the last question you answered the next time you access the survey.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB number for this information collection is 0970-0391 and the expiration date is 10/31/2019. Please send comments regarding the time required for this survey or any other aspect of the described information collection to: NORC at the University of Chicago, 55 E Monroe St, Ste 3000, Chicago, IL, 60603, Attention: A. Rupa Datta.

D	1	
D	1	

Throughout the survey, we will use the words "looking after children," "taking care of children," and "providing child care" interchangeably. Next are some questions about the care you provided last week to children who are not your own.

Altogether, how many children did you look after last week? Please include children who live
with you if you are not their custodian or guardian. Please also include children who may have
been over visiting, if you were the adult responsible for their safety.

Number of children RANGE: 0 TO 999.

B1A.

In addition to the children you just mentioned, how many other children do you **usually** look after for at least five hours a week that you **did not watch last week**?

Below is a list of some of the ways you may have felt or behaved. Please indicate how often you have felt this way during the past week by checking the appropriate box for each question.

	Rarely or none of the time (less than 1 day)	Some or a little of the time (1-2 days)	Occasionally or a moderate amount of time (3-4 days)	All of the time (5-7 days)
1. I did not feel like eating; my appetite was poor				
2. I had trouble keeping my mind on what I was doing.				
3. I felt depressed.				
4. I felt that everything I did was an effort.				
7. My sleep was restless.				
8. I was sad.				
10. I could not "get going."				

The following questions are about your beliefs about education and caregiving.

G_HAMRE1.

A small group of children is painting on paper at a table. One child asks if they can paint some rocks they collected earlier in the day. The best thing to do is:

1□ Get the rocks and let the child paint them.
2□Tell them rocks aren't for painting.
3DTell them it would make too much of a mes

4□Tell the child that is something they can do at home, not at school.
G_HAMRE2.
A child is crying at drop-off because she misses her mom. Which of the following is most likely to help the child in that moment:
 1□ Let the child sit alone for a while until she calms down. 2□ Talk with the parent to figure out what happened. 3□ Encourage the child's friends to try to distract her. 4□ Spend time with her until the child feels better.
G_HAMRE3.
A child hits another child. The most effective response is to:
 Separate the children by moving the child who was hit into another center. Remind the child that hands are not for hitting, then help re-engage him in an activity. Ignore the behavior. Tell the child's parents about the misbehavior.
G_HAMRE4.
A child is trying to put together a puzzle that is too difficult for her. The best thing to do is:
 Sit with her and give her hints that help her complete the puzzle. □ Provide her a puzzle that is easier for her to complete. □ Encourage her to keep trying it on her own. □ Complete the puzzle for her as a demonstration.
