

**DEPREDATION AND CONTROL ORDERS UNDER 50 CFR 21
1018-0146**

Justification for No Material/Nonsubstantive Change

In our most recent revision request (dated August 26, 2020) submitted to the Office of Management and Budget – Office of Information and Regulatory Affairs (OMB-OIRA), the Service requested approval to change the title of this collection from “*Depredation Orders Under 50 CFR 21.43 and 21.46*” to “*Depredation and Control Orders Under 50 CFR 21.*” This request was approved by OMB-OIRA on October 2, 2020. However, we recently realized that we neglected to update the title in the request in ROCIS and are requesting approval of this no material/nonsubstantive change request to correct the title for this collection.
