

Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (OMB Control Number: 1530-0023)

TITLE OF INFORMATION COLLECTION: User Research and Testing for Data Transparency Office Products

PURPOSE:

The Bureau of the Fiscal Service, Data Transparency Group will deploy a variety of low burden methods to measure the customer experience from users and potential users across our three outwardly pointing website projects (USAspending, the Data Lab, and a new site that is currently being referred to as DTG).

Included among these activities will be a sign-up form for people who are interested in participating in user testing and/or receiving emails about data transparency products. The form will be sent to people who have voluntarily contacted the group through email, social media, or at conferences, and volunteered to participate in user research.

A diverse set of users who signed up will be selected to participate in user testing to better understand how real users interact with data transparency product designs, language and products so that we can improve them to better meet user (or potential user) needs.
