SAVE verifies benefit applicant citizenship and immigration status for user agencies. In addition, when a user agency submits a SAVE case for a benefit and also needs, and is approved to receive, the employment authorization history (EADs), immigration status grant date, and/or financial sponsor information, SAVE automatically requests and retrieves/ provides that information as well.

Some SAVE user agencies need one or more additional pieces of information for certain cases. These user agencies can request this additional information by clicking a button for each piece of information they need.

The screenshot displays a vertical progress bar on the left with five steps: Case Creation (active), Photo Match, Additional Verification, Case Result, Sponsorship Compliance, and Case Closure. The main content area is divided into three sections:

- Case Creation:** A heading "Please select all of the benefits that the applicant is requesting from your agency. You must select at least one." followed by five buttons: CHIP, Medicaid (checked), SNAP, T16, and TANF.
- Additional Verification:** A heading "In addition to the applicant's immigration status, your agency has asked that we provide you with the following information (if available) in order to determine the applicant's eligibility." followed by three buttons: EADS, Grant Date, and Sponsors/Household Members.
- Sponsorship Compliance:** A heading "Please select any of the following additional pieces of information if you need them to determine the applicant's eligibility (or press continue if you don't need anything else)." followed by seven buttons: Cuban/Haitian Entrant, Cuban/Haitian Immigration Details, Immigration Status Details, Immigration Status as of 8/22/1996, VAWA, Fraud, and Citizenship Status.

A green "Continue" button is located at the bottom of the screen.

SAVE provides employment authorization history (EADs), immigration status grant date, financial sponsor information, and other additional functionality and information only to some user agencies, specifically those that need and are approved to receive it. This screen shot has been updated to reflect this functionality that only these agencies see.
