Differences from previous form revision

Description of Differences

Added - Table of contents, Printing Instructions. Since repairman do not take any FAA tests, IACRA registration instructions have been removed.

Added - PRA statement - most recent verbiage from PRA office.

Revised - revised the Privacy Act statement. Coordinated with Privacy office who had AGC review and approve on **XXXXXXX**.

Added - Pilots Bill of Rights Written Notification of Investigation

Revised - revised instructions to assist applicant in form completion.

No differences.

No differences.

No differences.

No differences.

No differences.

No differences.

Added: assists in keeping local office VIS database current.

Revised: Previous wording of this question was not consistent with the requirement specified in 65.91(c) (1).

This also incorporates the question previously asked on #7 of the old form: HAS YOUR MECHANIC CERTIFICATE AND/OR RATINGS BEEN REVOKED OR SUSPENDED DURING THE 3-YEAR PERIOD PRECEDING THIS APPLICATION?

No differences.

Added: Reflects the requirements of 65.91(c)(4).

Revised: Revised to better reflect how answering this question with a YES would affect the applicants eligibility for testing endorsement.

Revised: Revised wording to remind applicants that the basis for renewal Block 10 must be completed when applying for a renewal.

Revised - See below blocks for description of revised blocks in this section.

Added - Applicants check this box to indicate they meet the recent issuance requirements of 65.93(b).

Added: Applicants entry of the date their IA was issued will allow the inspector to determine what activity needs to be entered in block 10.

N/A

PRA Burden statement must be updated upon OMB approval of the form to reflect the expiration date issued by OMB, and the burden calculated within the Information Collection (IC) supporting statement. i.e. for this form the burden was estimated at 20 minutes per response.

Verbiage for IACRA instructions is based on information from:
https://www.faa.gov/training_testing/testing/acts/

Revisions needed to the Privacy Statement must be coordinated with the FAA's Privacy Office.

N/A

Verbiage for this page came from 8900.1, Volume 14, Chapter 1, Section 3, Figure 14-1-3B. (8900.1 CHG566)

N/A

The instructions included in the supplemental pages are directed to the applicant. Instructions for FAA employees or Designees are provided within agency guidance.

Instructions to Applicant

GENERAL INFORMATION

- An electronic, fillable, printable version of FAA Form 8610-1 is available at www.faa.gov.
- Make all entries using permanent dark blue or black ink, or a typewriter or printer. All signatures must be original, with the name printed or typewritten below or beside the signature.
- Unless otherwise specified, enter all dates using eight-digit numeric characters, MM/DD/YYYY (e.g., 03/29/2019).
- Read all supplemental information provided with this form including the Paperwork Reduction Act Burden statement, the Privacy Act statement, the Pilot's Bill of Rights Written Notification of Investigation, and the Instructions for Completing FAA Form 8610-1. Remove and retain the supplemental information before submitting the application.

IMPORTANT NOTE: The applicant's signature on FAA Form 8610-1 confirms the applicant has received the Privacy Act statement and the Pilot's Bill of Rights Written Notification of Investigation at the time application was made.

Enter your name as shown on your mechanic's certificate. Use commas to separate names, i.e. Last, First, Middle.

Enter your Mechanic Certificate number as shown on your mechanic's certificate.

Enter your mailing address. A post office box is acceptable. If the address is outside of the U.S., include the Country.

Enter the address of your fixed base of operations at which you may be located in person during a normal work week.

Enter your telephone number at which you can be contacted during a normal work week.

Enter your email address. If you do not have an email address or choose not to provide one, enter "NONE". Providing this information will assist the local FAA office in disseminating renewal and other information applicable to holders of an Inspection Authorization.

Blocks 5-9. Eligibility Questions. Answer these questions regarding your eligibility for Inspection Authorization. (reference § 65.91)

Blocks 5-9. Eligibility Questions. Answer these questions regarding your eligibility for Inspection Authorization. (reference § 65.91)

Blocks 5-9. Eligibility Questions. Answer these questions regarding your eligibility for Inspection Authorization. (reference § 65.91)

Blocks 5-9. Eligibility Questions. Answer these questions regarding your eligibility for Inspection Authorization. (reference § 65.91)

Block 8 – This question identifies the following situations:

- Retest Applicants – An applicant must wait 90 days after failure of the IA written/knowledge test and return to a Flight Standards office for a newly endorsed FAA Form 8610-1. The applicant is required to submit the applicable failed Airman Knowledge Test Report (AKTR) and new endorsed FAA Form 8610-1 to the testing center prior to retesting.
- IA Recent Issuance - Applicants applying for renewal within 90 days of Inspection Authorization issuance are renewed using the recent issuance provisions of §65.93(b). In block 10, check "Recent Issuance" and enter the date your authorization was last issued.

Block 10. BASIS FOR RENEWAL – Complete only when renewing Inspection Authorization.

An Inspection Authorization expires on March 31 of each odd-numbered year. A renewal year/period is based on April 1st of the first year through March 31st of the next year.

RECENT ISSUANCE – Check this block when you have been issued an Inspection Authorization in effect for:

- Less than 90 days before the Inspection Authorization expiration date - Do not record any renewal activity in Block 10.
- Less than 90 days before March 31st of a non-renewal year – Record your 2nd year renewal activity. Enter N/A in the 1st year activity blocks.

Renewal Activity - Reference § 65.93 for renewal activity requirements for each year.

- Enter the number of annual inspections, repairs, alterations, or progressive inspections you have performed, if your renewal will be based on one of these activities. You cannot use a mixture of activities as the basis for renewal within a renewal period because § 65.93(a) does not provide for this. Each renewal year/period must be based on the required number of either: annual inspections, major repairs/alterations, or progressive inspections specified in § 65.93.

☒ The FAA will review evidence of renewal activity at the time of renewal, e.g. activity sheet, log(s), etc.

- If renewal is based on attendance and completion of a refresher course, enter the FAA accepted course/seminar number, the course location/provider, number of course hours, and the date of course completion. For technical training conducted by a manufacturer, enter the course title, in place of the course/seminar number.

☒ The FAA will review evidence of training course attendance at the time of renewal, e.g. certificate(s) of course completion.

- If renewal is based on the passing of an oral test conducted by an FAA inspector, enter the date the test was passed.

☒ The FAA will review evidence of oral test results at the time of renewal, e.g. FAA letter documenting oral test completion and results.

Block 11. AIRCRAFT MAINTENANCE ACTIVITY DURING THE LAST 2 YEARS. – Complete for renewal and initial application of Inspection Authorization.

Enter the aircraft maintenance activity showing you are actively engaged in maintaining aircraft certificated and maintained in accordance with Title 14 CFR. All applications (initial or renewal) must enter applicable information in these blocks. Attach additional sheets if necessary to record activity.

Date From. Enter your employment start date in a six-digit (MM/YYYY) numeric format.

Date To. Enter your employment end date in a six-digit (MM/YYYY) numeric format.

Facility Where Activity Performed. Enter the name of your employer and the city and state of your employment.

Description of Activity. Enter the type of work performed with the employer. Job and/or position titles are not a description of work performed.

If needed, enter any additional information regarding your initial application or renewal in this block.

Sign your name. Enter the date you signed the application, in the MM/DD/YYYY format.

Sign your name. Enter the date you signed the application, in the MM/DD/YYYY format.

Sign your name. Enter the date you signed the application, in the MM/DD/YYYY format.

Differences from previous form revision

Description of Differences

Added - Table of contents, Printing Instructions, and IACRA instructions.

Moved - PRA statement moved from page 1 to page 2

Revised - Updated the PRA statement with most recent version from FAA PRA office.

Revised - revised the Privacy Act statement. Coordinated with Privacy office who had AGC review and approve on **XXXXXXX**.

Added - Pilots Bill of Rights Written Notification of Investigation

Added - previous versions of this form did not include instructions to the applicant on form completion.

Added - previous versions of this form did not include instructions to the applicant on form completion.

Revised - Removed "Repairman" from the title of the form. Repairman applicants will now use FAA form 8610-3.

Revised - Changes to the top section were made as described below.

No differences.

No differences.

Added - Added checkbox to allow applicant to indicate if the application was being made for a reason other than original issuance or an added rating.

Added - Added free text box to allow applicant to indicate the specific other reason application is being made.

No differences.

Removed - The "Specify Rating" block was removed from the 8610-2 and incorporated into FAA Form 8610-3 as appropriate since it only applies to repairman applicants.

No differences.

No differences.

Revised - The previous version of FAA form 8610-2 asked for the Name in the "First, Middle, Last" format. The new format is consistent with other FAA forms and with how names are listed in the airman records database.

Removed - The FAA stopped requiring the collection of an applicant's SSN due to privacy concerns at a date prior to this revision. It is not needed for the FAA to issue an airman certificate.

No differences.

No differences.

No differences.

No differences.

No differences.

No differences.

No differences.

Revised - Added a checkbox to indicate US citizenship, and an "Other" checkbox and free text block to indicate other citizenship.

Revised - Added a checkbox to indicate US citizenship, and an "Other" checkbox and free text block to indicate other citizenship.

Added - A revision to 49 USC requires that the FAA have a physical address for airman certificate applicants/holders.

Added - Added to support obtaining a physical address of an airman who's mailing address is not the same as the airman's physical address.

No differences.

Added - this block was added so that applicants do not have to enter the same information twice on the form, when the applicants mailing address is the same as the applicants physical address.

No differences.

No differences.

Added - Added to require the applicant to state if they read, write, speak, and understand the English language.

No differences.

No differences.

Revised - The title was changed from "II. Certificate or Rating Applied For On Basis Of-" to "Application Basis."

No differences.

No differences.

Moved - Moved from section III. Record of Experience to Section II. Application Basis.

Moved - Moved from section III. Record of Experience to Section II. Application Basis.

Moved - Moved from section III. Record of Experience to Section II. Application Basis.

Added - Previous form did not have a dedicated block for entry of this information, but FAA guidance required FAA inspectors to have the applicant enter this in the Work Experience Section.

Added - Previous form did not have a dedicated block for entry of this information, but FAA guidance required FAA inspectors to have the applicant enter this in the Work Experience Section.

Added - Previous form did not have a dedicated block for entry of this information, but FAA guidance required FAA inspectors to have the applicant enter this in the Work Experience Section.

No differences.

Added - Applicants who have attended an AMTS will check the appropriate box to indicate whether they have graduated from the AMTS at the time of the application, or if they are testing under the authority of § 65.80.

Revised - "AMTS" is used to indicate that reference to "graduates of an approved course" is referring to Aviation Maintenance Technician Schools certificated under part 147.

Revised - AMTS name was previously requested in a single block "Name and Location of School".

Revised - AMTS location was previously requested in a single block "Name and Location of School".

Revised - Check boxes replace a free text entry block to indicate the curriculum from which the applicant graduated.

No differences.

Revised - Added verbiage to checkbox to clarify that this is a certification made by the AMTS under the allowances of § 65.80.

No differences.

Added - Requiring a date to be entered by the school official supports the legitimacy of the school official's signature regarding the student's eligibility to test under § 65.80.

No differences.

No differences.

No differences.

No differences.

No differences.

Added - Check box added to indicate that the application basis is regarding an application for a parachute rigger.

Moved - moved from Section III. Record of Experience to Section II. Application Basis.

Moved - moved from Section III. Record of Experience to Section II. Application Basis.

No differences.

Added - added to increase awareness that the applicant has included attachments with the application.

No differences.

No differences.

No differences.

No differences.

Difference described below.

Revised - The new certification statement includes reference to the Pilots Bill of Rights Written Notification of Investigation and the Privacy Act statement which accompany the application form in the supplemental pages.

No differences.

No differences.

Differences described below.

No differences.

No differences.

Revised - Block title has been revised to support the entry of either an FAA office designator, or an FAA designee's designation number.

Added - FAA guidance previously instructed FAA inspectors to enter this information either at the top margin, or in the remarks block.

Added - FAA guidance previously instructed FAA inspectors to enter this information either at the top margin, or in the remarks block.

Added - FAA guidance previously instructed FAA inspectors to enter this information either at the top margin, or in the remarks block.

No differences.

No differences.

No differences.

Revised - Revised the number of blocks available to reflect the maximum number of wrong answers that could be given in that testing area.

No differences.

No differences.

Moved - Moved from "The FAA Inspectors Report" into the Results of Oral and Practical Test section.

No differences.

Moved - This section was moved prior to the FAA Examiners report (Previously "Designated Examiners Report) because the FAA examiner must determine the applicant's eligibility for certificate issuance in order to appropriately complete the FAA Examiners Report.

No differences.

No differences.

No differences.

Revised - The new certification statement includes reference to the Pilots Bill of Rights Written Notification of Investigation and the Privacy Act statement which accompany the application form in the supplemental pages.

No differences.

No differences.

Revised - Combined the previous sections of "Designated Examiners Report" and "FAA Inspectors Report" into a new section "FAA Examiner's Report".

Revised - removed the word "personally" from the certification statement. This would support future testing using organizational designees.

No differences.

No differences.

No differences.

No differences.

No differences.

No differences.

Revised - Block title has been revised to support the entry of either an FAA office designator, or an FAA designee's designation number.

Moved - Previously stated in FAA Inspectors report.

Moved - Previously stated in FAA Inspectors report.

Moved - Previously required in FAA Inspectors report.

Moved - Previously required in FAA Inspectors report.

Revised - Block title has been revised to support the entry of either an FAA office designator, or an FAA designee's designation number.

Revised - Previously "Report of Written Test"

Added - Test planning sheets are filed in the airman file as a record of the test.

No differences.

Removed - Airman records does not need superseded certs returned, unless there was a downgrade of a certificate. Downgrades would be done through a certificate action.

Added - This is required for the airman file.

Added - This attachment is required by 65.19 when the applicant retested within 30 days.

Removed - Seal Symbol cards are no longer required to be returned to airman records with the application.

Added - allows for annotation of any other attachment to the certification package.

Added - Previous form did not include fields for this information but FAA inspector guidance required this information to be placed in the Remarks block to show that applicant ID had been verified. Addition of these blocks will support assurance that ID is verified and annotated in a standard format.

Added - Previous form did not include fields for this information but FAA inspector guidance required this information to be placed in the Remarks block to show that applicant ID had been verified. Addition of these blocks will support assurance that ID is verified and annotated in a standard format.

Added - Previous form did not include fields for this information but FAA inspector guidance required this information to be placed in the Remarks block to show that applicant ID had been verified. Addition of these blocks will support assurance that ID is verified and annotated in a standard format.

Added - Previous form did not include fields for this information but FAA inspector guidance required this information to be placed in the Remarks block to show that applicant ID had been verified. Addition of these blocks will support assurance that ID is verified and annotated in a standard format.

Added - Previous form did not include fields for this information but FAA inspector guidance required this information to be placed in the Remarks block to provide inspectors with contact information in case errors were made on the application that needed to be corrected to allow for certificate issuance.

Added - Previous form did not include fields for this information but FAA inspector guidance required this information to be placed in the Remarks block to provide inspectors with contact information in case errors were made on the application that needed to be corrected to allow for certificate issuance.

These are now FAA File review annotation blocks.
They are not used to indicate and approval for
certificate issuance.

Revised - Now used to indicate the FAA has review the
paper file prior to forwarding to airman records.

Revised - Now used to indicate the FAA has review the
paper file prior to forwarding to airman records.

Revised - Now used to indicate the FAA has review the
paper file prior to forwarding to airman records.

Additional comments	Block Completed By: A=Applicant D = Designee F=FAA O=Other

PRA Burden statement must be updated upon OMB approval of the form to reflect the expiration date issued by OMB, and the burden calculated within the Information Collection (IC) supporting statement. i.e. for this form the burden was estimated at 20 minutes per response.

Instructions to Applicant

GENERAL INFORMATION

- An electronic, fillable, printable version of FAA Form 8610-2 is available at www.faa.gov.
- Make all entries using permanent dark blue or black ink, or a typewriter or printer. All signatures must be original, with the name printed or typewritten below or beside the signature.
- Complete two (2) originals of FAA Form 8610-2 when submitting a printed application.
- Unless otherwise specified, enter all dates using eight-digit numeric characters, MM/DD/YYYY (e.g., 03/29/2019).
- Read all supplemental information provided with this form including the Paperwork Reduction Act Burden statement, the Privacy Act statement, the Pilot's Bill of Rights Written Notification of Investigation, and the Instructions for Completing FAA Form 8610-2. Remove and retain the supplemental information before submitting the application.

IMPORTANT NOTE: The applicant's signature on FAA Form 8610-2 confirms the applicant has received the Privacy Act statement and the Pilot's Bill of Rights Written Notification of Investigation at the time application was made.

All applications must have the application TOP Section, Section I. APPLICANT INFORMATION and Section IV. APPLICANT'S CERTIFICATION completed. See the instructions below to determine the additional sections/blocks to be completed depending on the certificate requested and the basis for certification.

Mark the appropriate box to indicate the reason application is being made. Mark the "Added Rating" box only if you already have an airman certificate and are adding a rating to that certificate. Mark "Other" if you are making application due to a change of address, name, gender, citizenship, nationality, date of birth, or other change, and enter the type of change requested.

Mark the "Added Rating" box only if you already have an airman certificate and are adding a rating to that certificate.

Mark "Other" if you are making application due to a change of address, name, gender, citizenship, nationality, date of birth, or other change, and enter the type of change requested.

Mark "Other" if you are making application due to a change of address, name, gender, citizenship, nationality, date of birth, or other change, **and enter the type of change requested.**

Certificate Type and Ratings. Mark the appropriate box for the certificate type and the rating(s) being applied for. Apply for only one certificate type per application. Line through (cross out) ratings not applied for unless you currently hold that rating.

REMOVED THIS BLOCK - Applicable to repairman applicants only, refer to FAA form 8610-3.

Certificate Type and Ratings. Mark the appropriate box for the certificate type and the rating(s) being applied for. Apply for only one certificate type per application. Line through (cross out) ratings not applied for unless you currently hold that rating.

Enter your full legal name. Use commas to separate names, i.e. Last, First, Middle. If your full legal name is more than 47 characters including the suffix and spaces, use no more than one middle name for record purposes. Do not change your name on subsequent applications unless it is done in accordance with 14 CFR § 65.16.
If you have a middle initial only, enter the initial. If you do not have a middle name or middle initial, enter "NMN" (no middle name).
Indicate if you are a Jr., II, or III, etc.

REMOVED THIS BLOCK - The FAA does not need to collect an airman SSN for identification purposes. Each airman is given a unique FAA Tracking Number (FTN) by Airman records upon receipt of the application (in OKC for paper forms, or in IACRA registration).

Enter your date of birth in the MM/DD/YYYY format.

If you were born in the USA, enter the city and state where you were born. If the city is unknown, enter the county and state. If you were born outside the USA, enter the name of the city and country, or province and country, of where you were born.

Enter your height in inches. Example: 5'8" is entered as 68 in. No fractions, use whole inches only.

Enter your weight in pounds. No fractions, use whole pounds only.

Spell out the color of your hair. Choose from the following: bald, black, blond, brown, gray, red or white. If you wear a wig or toupee, enter the color of your hair under the wig or toupee.

Spell out the color of your eyes. Choose from the following: black, blue, brown, gray, green, or hazel.

Mark either Male or Female.

Mark the box for USA if you are a U.S. Citizen or legally naturalized U.S. Citizen. Otherwise, mark "Other" and enter the country where you are a legal citizen. Only show one citizenship reference in Block I. Annotate dual citizenship countries in the REMARKS section.

Note: To claim Dual Citizenship, you must present appropriate citizenship documentation for each country upon application.

...Otherwise, mark "Other" and enter the country where you are a legal citizen.

Enter your complete residential address including street number, city, state, and ZIP code. This block cannot be left blank. If you have a foreign address, the country must be stated.

If a residential address does not exist, such as when the applicant resides on a rural route, a boat, or some other manner that requires the use of a P.O. Box, rural route, or personal mailbox, a map or written directions to the your physical address, 911 address, or Global Positioning System (GPS) coordinates must be attached to the application or entered in the Remarks block. **Mark box for attached directions, if applicable.**

A map or written directions are not required for Army Post Office (APO)/Fleet Post Office (FPO)/Diplomatic Post Office (DPO) type addresses.

...Mark box for attached directions, if applicable.

Enter your mailing address, if different from block J1. This address will be printed on the permanent airman certificate.

You may leave the block blank if the "Same as J1" box is marked. A post office box, rural route, personal mailbox, commercial, or other mail drop can be used as your preferred mailing address. To have your airman certificate mailed to an address other than what is listed in blocks J1 or J2, provide mailing instructions on a separate attachment or in the remarks section of the form.

...You may leave the block blank if the "Same as J1" box is marked.

Mark yes or no. If yes, state the certificate type and number. Types of certificates include: pilot, mechanic, repairman, etc. A student pilot certificate is a pilot certificate.

...If yes, state the certificate type and number. Types of certificates include: pilot, mechanic, repairman, etc. A student pilot certificate is a pilot certificate.

Mark yes or no. If "YES" is marked, refer to §§ 65.11(c) and (d).

Mark yes or no. Refer to § 65.71 and § 65.113(a)(2).

Mark yes or no. Only mark yes if you have actually been convicted. If yes is marked, include the date of final conviction. Refer to § 65.12 and § 91.19(a).

Mark yes or no. Only mark yes if you have actually been convicted. If yes is marked, include the date of final conviction. Refer to § 65.12 and § 91.19(a).

Mark this box when applying for a Mechanic certificate based on civil experience in accordance with § 65.77. If you gained practical experience in both civil activity and military activity, mark both item A and item B. Enter your experience in Section III.

Mark this box when applying for a Mechanic certificate based on military experience. Enter your experience in Section III. All military applicants must complete blocks B1 - B3. Only JSAMTCC applicants complete blocks B4 - B6.

If you gained all or part of the required experience in the military, enter the branch of service in which you gained your experience.

If you gained all or part of the required experience in the military, enter the highest rank or pay level you obtained.

If you gained all or part of the required experience in the military, enter the military specialty code(s) (or equivalent, depending on the applicable branch of service) in which your experience was gained.

If you completed the JSAMTCC program, mark the box of the corresponding JSAMTCC curriculum that was completed.

Enter the date you completed the JSAMTCC program, as shown on the JSAMTCC completion certificate.

Enter the certificate control number as shown on the JSAMTCC Certificate of Eligibility.

Mark this box when applying for a Mechanic certificate based on graduation from a 14 CFR part 147 Aviation Maintenance Technician School (AMTS) FAA-Approved curriculum, including § 65.80 applicants. Complete blocks C1 through C9 as applicable.

Mark the appropriate box to indicate the basis of application for graduates of an approved course.

Enter the certificate number of the AMTS from which you graduated.

Enter the name of the AMTS from which you graduated.

Enter the location (city and state) of the AMTS from which you graduated.

Mark the appropriate box for the curriculum from which completed/graduated, as stated on the certificate. For § 65.80 applicants, mark the box for the curriculum you are currently enrolled in. Only mark "Airframe and Powerplant" if you have a single certificate showing graduation/completion of a combined airframe and powerplant curriculum. If applying for both ratings, but have graduated from separate curriculums and have separate completion certificates, mark both the airframe and the powerplant box.

Enter the date of AMTS graduation as shown on the graduation certificate or certificate of completion. Enter dates using the MM/DD/YYYY format. If applying for both ratings, but have graduated from separate curriculums with separate completion certificates, enter the additional graduation date in the Remarks block on page 2.
For § 65.80 applicants, enter the date you will graduate.

An authorized AMTS official marks this block to indicate that the student meets the requirements to test under § 65.80.

The authorizing AMTS official must enter their signature above or beside their typed or printed name to indicate the student meets AMTS requirements for testing under § 65.80.

The authorizing AMTS official must enter the date they sign block C8.

These blocks are for FAA use only.

Mark this box when applying for a Parachute Rigger Certificate. For Master Parachute Rigger applicants only, enter your experience in Section III.

Indicate the number of parachutes packed of each type.

Master parachute rigger applicants must mark the appropriate box(es) to indicate if any of the parachutes were packed as a senior rigger and/or military rigger.

Enter your work experience related to the certificate and rating being applied for. Must be completed by Civil or Military Mechanic applicants and Master Parachute Rigger applicants. Continue additional information on a separate sheet if necessary. Mark the box if you have attached a separate sheet showing additional experience.

Note: Mechanic applicants should provide dates of experience in the eight-digit (MM/DD/YYYY) numeric format if necessary to count the days to ensure eligibility based on 18 or 30 months of practical experience, as applicable. Dates can be handwritten in columns 1 and 2, or annotated in the Remarks block.

Enter your employment start date in a six-digit (MM/YYYY) numeric character format.

Enter your employment end date in a six-digit (MM/YYYY) numeric character format.

Enter the name of your employer and the city and state of your employment.

Enter the type of work performed with the employer, related to the certificate and rating requested.

Sign your name.

Enter the date you signed the form, using the MM/DD/YYYY format.

Block is for FAA Use only.

Note: FAA endorsement for testing is required for applicants applying based on civil or military experience. AMTS and JSAMTCC graduates do not need FAA endorsement to test.

Differences from previous form revision		
Description of Differences	Additional comments	Block Completed By: A=Applicant D = Designee F=FAA O=Other

<p>Added - Table of contents, Printing Instructions. Since repairman do not take any FAA tests, IACRA registration instructions have been removed.</p> <p>Added - PRA statement - most recent verbiage from PRA office.</p>	<p>PRA Burden statement must be updated upon OMB approval of the form to reflect the expiration date issued by OMB, and the burden calculated within the Information Collection (IC) supporting statement. i.e. for this form the burden was estimated at 20 minutes per response.</p> <p>Verbiage for IACRA instructions is based on information from: https://www.faa.gov/training_testing/testing/acts/</p>	<p>N/A</p>
---	---	------------

<p>Revised - revised the Privacy Act statement. Coordinated with Privacy office who had AGC review and approve on XXXXXXX.</p>	<p>Revisions needed to the Privacy Statement must be coordinated with the FAA's Privacy Office.</p>	<p>N/A</p>
--	---	------------

<p>Added - Pilots Bill of Rights Written Notification of Investigation</p>	<p>Verbiage for this page came from 8900.1, Volume 14, Chapter 1, Section 3, Figure 14-1-3B. (8900.1.CHG566)</p>	<p>N/A</p>
---	--	------------

<p>Added - previous versions of this form did not include instructions to the applicant on form completion.</p>	<p>The instructions included in the supplemental pages are directed to the applicant. Instructions for FAA employees or Designees are provided within agency guidance.</p>	<p>N/A</p>
--	--	------------

Added - previous versions of this form did not include instructions to the applicant on form completion.

The instructions included in the supplemental pages are directed to the applicant. Instructions for FAA employees or Designees are provided within agency guidance.

N/A

Revised - This form is now specific to the different types of repairman applicants.

N/A

Revised - Changes to the top section were made as described below.

No differences.

Original Issuance, Added Rating, Other. Mark the appropriate box to indicate the reason application is being made. Mark "Other" if you are making application due to a change of address, name, gender, citizenship, nationality, date of birth, or other change, and enter the type of change requested.

A

No differences.

A

Added - Added checkbox to allow applicant to indicate if the application was being made for a reason other than original issuance or an added rating.

A

Added - Added free text box to allow applicant to indicate the specific other reason application is being made.

A

No differences.

A

Removed - The "Specify Rating" block was removed from the 8610-2 and incorporated into FAA Form 8610-3 as appropriate since it only applies to repairman applicants.

A

No differences.

A

No differences.

Revised - The previous version of FAA form 8610-2 asked for the Name in the "First, Middle, Last" format.
The new format (Last, First, Middle) is consistent with other FAA forms and with how names are listed in the airman records database.

49 USC 44703 requires the name address and description of the individual to who the certificate is issued.
Name changes can be done IAW § 65.16.

A

Removed - The FAA stopped requiring the collection of an applicant's SSN due to privacy concerns at a date prior to this revision. It is not needed for the FAA to issue an airman certificate.

Revised - Added a checkbox to indicate US citizenship, and an "Other" checkbox and free text block to indicate other citizenship. 65.3 does not apply to repairman, only to mechanics (subpart D) A

Revised - Added a checkbox to indicate US citizenship, and an "Other" checkbox and free text block to indicate other citizenship. 65.3 does not apply to repairman, only to mechanics (subpart D) A

Added - A revision to 49 USC requires that the FAA have a physical address for airman certificate applicants/holders.

A

Added - Added to support obtaining a physical address of an airman who's mailing address is not the same as the airman's physical address.

A

No differences.

A

Added - this block was added so that applicants do not have to enter the same information twice on the form, when the applicants mailing address is the same as the applicants physical address.

A

No differences.		A
No differences.		A
No differences.	65.11(c) does not apply to repairman (suspension)	A
Added - Added to require the applicant to state if they read, write, speak, and understand the English language.	If the applicant answers NO, the applicant may be eligible for a certificate with limitations on validity; refer to § 65.101(a) (6) or 65.107 as applicable. Note that 65.104 experimental aircraft builder repairman do not have an English language requirement.	A
No differences.	Refer to 65.12(a) and 65.12(b) and 91.19(a). Denial of the application for a period of up to 1 year after the date of final conviction may be appropriate.	A
No differences.	Refer to 65.12(a) and 65.12(b) and 91.19(a). Denial of the application for a period of up to 1 year after the date of final conviction may be appropriate.	A
Added - Checkbox adjacent to information that must be completed for a 65.101 repairman.	Often at air carriers and repair stations the employer will complete this section on behalf of the applicant.	A
Revised - Previously this was a small block located in the top section of the old version of the FAA form 8610-2.	Often at air carriers and repair stations the employer will complete this section on behalf of the applicant.	A O

Added - The checkblock indicates the applicant has included the required letter from employer as required by 65.101(a)(4).

A

Added - Checkbox adjacent to information that must be completed for a 65.104 repairman.

A

Added - previously this information was entered into Section III. Record of Experience.

A

Added - previously this information was entered into Section III. Record of Experience.

Revised - Added reference to training as allowed by 65.103.

A

Revised - Added reference to training as allowed by 65.103.

A

Differences described below.

Revised - The new certification statement includes reference to the Pilots Bill of Rights Written Notification of Investigation and the Privacy Act statement which accompany the application form in the supplemental pages.

The Pilots Bill of Rights Written Notification of Investigation and the Privacy Act statement are made available to the applicant in the supplemental pages of the form.

N/A

No differences.

A

No differences.

A

Added - FAA guidance previously instructed FAA inspectors to enter this information either at the top margin, or in the remarks block.

IMPORTANT: This second applicant certification section is required because if application is made on a different day than the date of certificate issuance, the answers to these questions may have changed, thus making the applicant ineligible for a certificate.

No differences. These questions must be asked at the time of certificate issuance to determine the applicants eligibility for the certificate requested. A

No differences. Refer to 65.12(a) and 65.12(b). Denial of the application for a period of up to 1 year after the date of final conviction may be appropriate. A

No differences. Refer to 65.12(a) and 65.12(b). Denial of the application for a period of up to 1 year after the date of final conviction may be appropriate. A

Instructions to Applicant

The supplemental information for this form includes the following:

- Page i..... Paperwork Reduction Act Burden Statement
- Page ii..... Privacy Act Statement
- Page iii..... Pilot's Bill of Rights Written Notification of Investigation
- Page iv..... Instructions for Completing FAA Form 8610-3
- Page v..... Instructions for Completing FAA Form 8610-3, continued.

Detach these supplemental information and instruction parts before submitting the attached form.

Printing double-sided is preferable. If the form is not printed in the double-sided format, complete the "Applicant Information" section on the top of page 2.

An electronic, fillable, printable version of FAA Form 8610-3 is available at www.faa.gov.

When printing, print pages 6 through 7, if you choose to print only the form.

Integrated Airman Certification and Rating Application (IACRA) is a web-based certification/rating application that guides the user through the FAA's airman application process. IACRA helps ensure applicants meet regulatory and policy requirements through the use of extensive data validation. It also uses electronic signatures to protect the information's integrity, eliminates paper forms, and prints temporary certificates. IACRA can be accessed here: <https://iacra.faa.gov>.

GENERAL INFORMATION

- An electronic, fillable, printable version of FAA Form 8610-2 is available at www.faa.gov.
 - Make all entries using permanent dark blue or black ink, or a typewriter or printer. All signatures must be original, with the name printed or typewritten below or beside the signature.
 - Complete two (2) originals of FAA Form 8610-2 when submitting a printed application.
 - Unless otherwise specified, enter all dates using eight-digit numeric characters, MM/DD/YYYY (e.g., 03/29/2019).
 - Read all supplemental information provided with this form including the Paperwork Reduction Act Burden statement, the Privacy Act statement, the Pilot's Bill of Rights Written Notification of Investigation, and the Instructions for Completing FAA Form 8610-2. Remove and retain the supplemental information before submitting the application.
- IMPORTANT NOTE:** The applicant's signature on FAA Form 8610-2 confirms the applicant has received the Privacy Act statement and the Pilot's Bill of Rights Written Notification of

Investigation at the time application was made.

All applications must have the application TOP Section, Section I. APPLICANT INFORMATION and Section IV. APPLICANT'S CERTIFICATION completed. See the instructions below to determine the additional sections/blocks to be completed depending on the certificate requested and the basis for certification.

Mark the appropriate box to indicate the reason application is being made. Mark the "Added Rating" box only if you already have an airman certificate and are adding a rating to that certificate. Mark "Other" if you are making application due to a change of address, name, gender, citizenship, nationality, date of birth, or other change, and enter the type of change requested.

Mark the "Added Rating" box only if you already have an airman certificate and are adding a rating to that certificate.

Mark "Other" if you are making application due to a change of address, name, gender, citizenship, nationality, date of birth, or other change, and enter the type of change requested.

Mark "Other" if you are making application due to a change of address, name, gender, citizenship, nationality, date of birth, or other change, **and enter the type of change requested.**

Certificate Type and Ratings. Mark the appropriate box for the certificate type and the rating(s) being applied for. Apply for only one certificate type per application. Line through (cross out) ratings not applied for unless you currently hold that rating.

Certificate Type and Ratings. Mark the appropriate box for the certificate type and the rating(s) being applied for. Apply for only one certificate type per application. Line through (cross out) ratings not applied for unless you currently hold that rating.

Certificate Type and Ratings. Mark the appropriate box for the certificate type and the rating(s) being applied for. Apply for only one certificate type per application. Line through (cross out) ratings not applied for unless you currently hold that rating.

Enter your full legal name. Use commas to separate names, i.e. Last, First, Middle. If your full legal name is more than 47 characters including the suffix and spaces, use no more than one middle name for record purposes. Do not change your name on subsequent applications unless it is done in accordance with 14 CFR § 65.16. If you have a middle initial only, enter the initial. If you do not have a middle name or middle initial, enter "NMN" (no middle name). Indicate if you are a Jr., II, or III, etc.

REMOVED THIS BLOCK - The FAA does not need to collect an airman SSN for identification purposes. Each airman is given a unique FAA Tracking Number (FTN) by Airman records upon receipt of the application (in OKC for paper forms, or in IACRA registration).

Enter your date of birth in the MM/DD/YYYY format.

If you were born in the USA, enter the city and state where you were born. If the city is unknown, enter the county and state. If you were born outside the USA, enter the name of the city and country, or province and country, of where you were born.

Enter your height in inches. Example: 5'8" is entered as 68 in. No fractions, use whole inches only.

Enter your weight in pounds. No fractions, use whole pounds only.

Spell out the color of your hair. Choose from the following: bald, black, blond, brown, gray, red or white. If you wear a wig or toupee, enter the color of your hair under the wig or toupee.

Spell out the color of your eyes. Choose from the following: black, blue, brown, gray, green, or hazel.

Mark either Male or Female.

Mark the box for USA if you are a U.S. Citizen or legally naturalized U.S. Citizen. Otherwise, mark "Other" and enter the country where you are a legal citizen. Only show one citizenship reference in Block I. Annotate dual citizenship countries in the REMARKS section.

Note: To claim Dual Citizenship, you must present appropriate citizenship documentation for each country upon application.

...Otherwise, mark "Other" and enter the country where you are a legal citizen.

Enter your complete residential address including street number, city, state, and ZIP code. This block cannot be left blank. If you have a foreign address, the country must be stated. If a residential address does not exist,, such as when the applicant resides on a rural route, a boat, or some other manner that requires the use of a P.O. Box, rural route, or personal mailbox, a map or written directions to your physical address, 911 address, or Global Positioning System (GPS) coordinates must be attached to the application or entered in the Remarks block. Mark box for attached directions, if applicable. A map or written directions are not required for Army Post Office (APO)/Fleet Post Office (FPO)/Diplomatic Post Office (DPO) type addresses.

...Mark box for attached directions, if applicable.

Enter your mailing address, if different from block J1. This address will be printed on the permanent airman certificate.

You may leave the block blank if the "Same as J1" box is marked. A post office box, rural route, personal mailbox, commercial, or other mail drop can be used as your preferred mailing address.

To have your airman certificate mailed to an address other than what is listed in blocks J1 or J2, provide mailing instructions on a separate attachment or in the remarks section of the form.

...You may leave the block blank if the "Same as J1" box is marked.

Mark yes or no. If yes, state the certificate type and number. Types of certificates include: pilot, mechanic, repairman, etc. A student pilot certificate is a pilot certificate.

...If yes, state the certificate type and number. Types of certificates include: pilot, mechanic, repairman, etc. A student pilot certificate is a pilot certificate.

Mark yes or no. If "YES" is marked, refer to §§ 65.11(c) and (d).

Mark yes or no. Refer to § 65.101(a)(6).

Mark yes or no. Only mark yes if you have actually been convicted. If yes is marked, include the date of final conviction. Refer to § 65.12 and § 91.19(a).

Mark yes or no. Only mark yes if you have actually been convicted. If yes is marked, include the date of final conviction. Refer to § 65.12 and § 91.19(a).

Mark this box if you are applying for a § 65.101 Repairman certificate. Enter your experience and/or training in Section III related to the privileges/limitations applied for.

Indicate the privileges/limitations for which you are applying.

Mark the box to indicate you have attached the required letter of recommendation from your employer.

Mark this box when applying for a § 65.104 Experimental Aircraft Builder repairman certificate.

Note: The information entered in B1-B4 should match what is stated on the aircraft's airworthiness certificate.

Insert the make of the aircraft (this is the builder's name as it appears on the aircraft data plate).

Insert the model of the aircraft.

Insert the serial number of the aircraft.

Insert the certification date of the aircraft.

Mark this box when applying for a § 65.107 Light-Sport Aircraft repairman certificate. Complete blocks C1 through C8, as appropriate.

Note: An applicant may apply for additional ratings, classes, or aircraft using a separate application for each addition. Mark the "Added Rating/Privileges" box in the form's top section, and complete all other required blocks. All ratings, classes, and aircraft will be included under the same certificate number.

Enter the class of LSA requested. Selection of the Gyroplane class is only applicable to an Inspection rating. Multiple classes may be requested on a single application.

Enter the name of the LSA course provider, as stated on certificate of completion.

Enter the name of the LSA training course.

Enter the LSA course number.

Enter the date you completed the LSA training course, as shown on the course certificate of completion.

Enter the training hours of the LSA course.

Only for Inspection rating: Enter the aircraft registration number of the aircraft to be inspected.

Only for Inspection rating: Enter the serial number of the aircraft to be inspected.

This section applies to § 65.101 repairmen applicants only.

Note: Applicants should provide dates of experience in the eight-digit (MM/DD/YYYY) numeric format if necessary to count the days to ensure eligibility based on 18 months of practical experience. These dates can be handwritten in columns 1 and 2, or annotated in the Remarks block.

Mark the box if you have attached a separate sheet annotating additional experience or training information.

Enter the work experience or training related to the certificate, privileges, and limitations being applied for. Mark the box if you have attached a separate sheet annotating additional experience or training information.

1. Date From. Enter your employment/training start date in a six-digit (MM/YYYY) numeric format.

Enter the work experience or training related to the certificate, privileges, and limitations being applied for. Mark the box if you have attached a separate sheet annotating additional experience or training information.

2. Date To. Enter your employment/training end date in a six-digit (MM/YYYY) numeric format.

Enter the name of your employer or the name of entity conducting training, and the city and state of the employer and/or training entity.

Enter the type of work performed with the employer, or describe the training received, related to the privileges and limitations requested.

You must complete this section at the time you make application.

Sign your name.

Enter the date you signed the form, using the MM/DD/YYYY format.

When the application is printed on 2 separate pages (i.e. not printed double-sided), enter your name, date of birth, and your certificate number relating to this application. Leave the certificate number blank if this is an application for original issuance.
Note: This ensures page 2 of the application is placed with the correct applicant on page 1 if the pages become separated.

Only complete this section at the time of issuance of a temporary certificate.

Mark yes or no. If "YES" is marked, refer to § 65.11(c) and (d).

Mark yes or no. Only mark yes if you have actually been convicted. If yes is marked, include the date of final conviction. Refer to § 65.12 and § 91.19(a).

Mark yes or no. Only mark yes if you have actually been convicted. If yes is marked, include the date of final conviction. Refer to § 65.12 and § 91.19(a).

N/A

Only complete this section at the time of issuance of a temporary certificate.
Sign your name.

Only complete this section at the time of issuance of a temporary certificate.
Enter the date you signed the form, using the MM/DD/YYYY format.

You may annotate attachments, dual citizenship, mailing, or other information related to the application, in this block. This block is also used by the FAA for annotating additional information

Mark appropriate box(s) indicating attachments to the application. Select "Other" when attachments are not listed in this block, and annotate the attachment(s) in the Remarks block.

Mark appropriate box(s) indicating attachments to the application. Select "Other" when attachments are not listed in this block, and annotate the attachment(s) in the Remarks block.

Mark appropriate box(s) indicating attachments to the application. Select "Other" when attachments are not listed in this block, and annotate the attachment(s) in the Remarks block.

This is completed by the person verifying your identity at the time of application and confirmed at certificate issuance. Changes or corrections can be annotated in the Remarks block.

This is completed by the person verifying your identity at the time of application and confirmed at certificate issuance. Changes or corrections can be annotated in the Remarks block.
