

**U.S. DEPARTMENT OF
HOUSING AND URBAN DEVELOPMENT**

**INITIAL PRIVACY ASSESSMENT
(IPA)**

[HUD Loan Sales Bidder Qualification Statement]

[Asset Sales Office]

Instruction & Template

INTRODUCTION

What is an Initial Privacy Assessment?

An Initial Privacy Assessment (IPA) is designed to assess whether a Privacy Impact Assessment (PIA), a Privacy Act system of records notice (SORN), and/or other related privacy documents are required. The responses to the IPA will provide a foundation for determining if either a PIA or SORN or both will be required, and will also help to identify any policy concerns.

The IPA incorporates the matters previously addressed in the Department's Personally Identifiable Information (PII) Survey, and thus replaces the survey.

When should an IPA be completed?

An IPA should be completed for all information collection activities, whether the system is electronic or contains only records in paper form, and should be completed before commencement of any testing or pilot project of an information system or prior to implementing new information collections requests. Additionally, an IPA should be completed any time there is a change to the information system or collection to determine whether there are any privacy issues as a result of such a change.

Who should complete the IPA?

The IPA should be written and reviewed by a combination of the component's (e.g., Privacy Act Officer, System Owner, Project Leaders, Paperwork Reduction Act Compliance Officers), and the program-specific office responsible for the system, project or information collections.

How is the IPA related to the Capital Planning, Certification and Accreditation, and the Paperwork Reduction Act process?

Upon completion and approval of the IPA by the Privacy Officer the official document may be uploaded into the C&A tool, and provided as part of the IT Capital Planning, and Paperwork Reduction Act package as validation of the completed evaluation. The completed IPA demonstrates that the program components have consciously considered privacy and related requirements as part of the overall information activities. For an IT system that does not require a C&A, such as a minor application that runs on a system that does require a C&A, an IPA still should be completed to determine if other related privacy documentation are required for that system or project.

Where should the completed IPA be sent?

A copy of the completed IPA should be sent to the Office of Privacy Project Leads for review. The Privacy Officer will review the IPA and determine what additional privacy documentation is required, and then will advise the Program component accordingly.

Initial Privacy Assessment

INFORMATION ABOUT THE SYSTEM OR PROJECT

Date Submitted for Review: 06/29/2014

Project Name/Acronym: HUD Loan Sales Bidder Qualification Statement

System Owner/Contact information: Office of Housing, Office of Asset Sales

Project Leader/Contact Information: John Lucey/x3927

Which of the following describes the type of records in the system:

- Paper-Only
- Combination of Paper and Electronic
- System
- Other:** Please describe below the type of project or system, including paper based Privacy Act System of Records, Rules, or Technologies'. Also, indicate whether this is a revision/update for an existing system or project.

Note: For this form purpose, there is no distinction made between technologies/systems managed by contractors. All technologies/systems should be initially reviewed for potential privacy impact.

Section I: The Entire IPA (Sections I and II) Should be Completed for New Systems or Projects. If this is an Existing System or Project Skip to Section II. Unless requested by the Office of Privacy, this section should not be completed for an existing System or Project.

Question 1: Provide a general description of the system of

Project. The following questions are intended to define the scope of the information in the system, information collection, or project, specifically the nature of the information and the sources from which it is obtained.

- a. From whom is the information collected (i.e., government employees,

contractors, or consultants, state, local government entities, or general public)?

For government employees and qualified bidders.

- b. What is the functionality of the system, information collection, or project and the purpose that the records and/or system serve?

The Bidder Qualifications Statement solicits from prospective bidders the basic qualifications required for bidding including but not limited to, purchaser information (name of purchaser, corporation entity, address, tax ID), business type, net worth and equity size. By executing the Qualification Statement, the purchaser certifies, represents and warrants to HUD that each of the statements included are true and correct as to the purchaser and thereby qualifies them to bid.

The information requested is being requested for the purpose of providing HUD with information to determine whether the undersigned is a qualified bidder. All or part of the information provided on this form may also be subject to disclosure under the Privacy Act of 1974, 5 U.S.C. § 552(a). The Department of Housing and Urban Development (HUD) is authorized to collect this information by the Housing and Community Development Act of 1987 42 USC 3543. Providing the requested information is voluntary; however, failure to furnish all of the requested information may result in the prospective purchaser, or agent, if any, not being permitted to bid at the Loan Sale or other loan sale initiatives and/or not receiving notice of future loan sale initiatives.

The Information in the Qualification Statement is collected by Transaction Specialists, contractors to HUD that are responsible for the marketing and sale of the assets HUD is proposing to sell. The respondents are parties interested in bidding on the assets being sold; the purpose of the collection is to determine whether the interested bidders are qualified to bid pursuant to HUD statute and regulation and otherwise qualified to bid based on other eligibility criteria as identified in the Qualification Statement. Asking that potential bidders execute the Qualification Statement will protect the program and HUD from the participation of restricted bidders. Restricted bidders include FHA insured mortgagors who are delinquent or in violation of any HUD regulations, servicers of the mortgage loans offered in the loan sale, HUD employees or HUD contractors, and entities without the necessary net worth to purchase a loan. By not allowing these bidders HUD can prevent collusion or insider trading. The information is collected by Bidders downloading the form and then manually completing the form and then faxing it to HUD's designated contractor for the sale in question.

- c. How is information transmitted to and from the system, information collection, or project?

HUD-90029 form can be downloaded from HUDCLIPs and faxed to ...

- d. What are the interconnections with other systems or projects?

None.

QUESTION 2: What is the Status of system, information collection, or project

- a. If this is a new system, information collection, or project, specify the expected production date.

Not a new system.

- b. If an existing system, information collection, or project, specify the date of production.

Not a system.

QUESTION 3: Does this system, information collection, or project collect personal identifiers/sensitive information

- | | | |
|--------------------------|--------------------------|---|
| YES | NO | Does the system, information collection, or project collect personal/sensitive information? (e.g. name, address, personal email address, gender/sex, race/ethnicity, income/financial data, employment history, medical history, Social Security Number, Tax Identification Number, Employee Identification Number, FHA Case Number). Includes PII that may be part of a registration process? |
| <input type="checkbox"/> | <input type="checkbox"/> | |

If yes, specific data sets collected or provided, and the legal authorities, arrangement, and/or agreement authorize the collection of information (i.e. must include authorities that cover all information collection activities, including Social Security Numbers)?

This collection does not collect social security numbers. Regulations mandating the Qualification Statements come from 24CFR290.18 and 24CFR24. Authority to sell Multifamily and Healthcare Loans come from Section 203(k) of the Housing and Community Development Amendments of 1978.

QUESTION 4: Does the information about individuals identify particular individuals (i.e., is the information linked or linkable to specific individuals, often referred to as personally identifiable information?)

No.

QUESTION 5: What type of Notice(s) are provided to the individual on the scope of information collected, the opportunity to consent to uses of said information, the opportunity to decline to provide information. (A notice may include a posted privacy policy, a Privacy Act notice on form(s), and/or a system of records notice published in the Federal Register.)

- a. Was any form of notice provided to the individual prior to collection of information? If yes, please provide a copy of the notice as an appendix. (A notice may include a posted privacy policy, a Privacy Act notice on form(s), and/or a system of records notice published in the Federal Register.) If notice was not published, why not?

The agency notice soliciting comments on the information collection was published in the Federal Register on April 8, 2014 (Volume 79, Number 67, Page 19351).

- b. Do individuals have an opportunity and/or right to decline to provide information?

Yes, it is voluntary.

- c. Do individuals have an opportunity to consent to particular uses of the information, and if so, what is the procedure by which an individual would provide such consent?

Voluntary.

QUESTION 6: Is there a Certification & Accreditation record for your system? (This question does not apply to Information Collection Requests)

Not a system.

Specify below the systems categorization. If not available identify the FISMA-reported system whose Certification and Accreditation covers this system.

Not a system.

Confidentiality	<input type="checkbox"/>	Low	<input type="checkbox"/>	Moderate	<input type="checkbox"/>	High	<input type="checkbox"/>	Undefined
Integrity	<input type="checkbox"/>	Low	<input type="checkbox"/>	Moderate	<input type="checkbox"/>	High	<input type="checkbox"/>	Undefined
Availability	<input type="checkbox"/>	Low	<input type="checkbox"/>	Moderate	<input type="checkbox"/>	High	<input type="checkbox"/>	Undefined

SECTION II - The Entire IPA should be completed for New Systems or Projects. If this is an Existing System or Project Complete Only Complete This Section.

QUESTION 1: When was the system, information collection, or project developed?

04/2008

QUESTION 2: If an existing system, information collection, or project, has the system or project undergone any changes since April 17, 2003?

No

QUESTION 3: If an existing system, information collection, or project, has the system or project, explain the changes the system or project will be undergoing as part of this renewal/update process.

None

QUESTION 4: Do the changes to the system, information collection, or project involve a change in the type of records maintained, the individuals on whom records are maintained, or the use or dissemination of information from the system?

No

QUESTION 5: Please indicate if any of the following changes to the system or project have occurred: (Mark all boxes that apply.) None

- A conversion from paper-based records to an electronic system.
- A change from information in a format that is anonymous or non-identifiable to a format that is identifiable to particular individuals.
- A new use of an IT system, including application of a new technology that changes how information in identifiable form is managed. (For example, a change that would create a more open environment and /or avenue for exposure of data that previously did not exist.)
- A change that results in information in identifiable form being merged, centralized, or matched with other databases.
- A new method of authenticating the use of an access to information in the identifiable form by members of the public.
- A systematic incorporation of databases of information in identifiable form purchased or obtained from commercial or public sources.
- A new interagency use of shared agency function that results in new uses or exchanges of information in identifiable form.
- A change that results in a new use of disclosure of information in identifiable form.
- A change that results in new items of information in identifiable form being added into the system.

QUESTION 6: Does a PIA for the system or project already exist? If yes, please provide a copy of the notice as an appendix.

No

PRIVACY OFFICE DETERMINATION

(To be completed by the Privacy Office)

<input type="checkbox"/>	This is <u>NOT</u> a privacy sensitive system, information collection or project – the system, information collection, or project contains no personal identifiers/sensitive information
<input type="checkbox"/>	This <u>IS</u> a Privacy Sensitive Project
<input type="checkbox"/>	IPA sufficient at this time
<input type="checkbox"/>	A PIA is required
<input type="checkbox"/>	The existing PIA requires an update/deletion
<input type="checkbox"/>	A SORN is required
<input type="checkbox"/>	The existing SORN requires an update or should be deleted
<input type="checkbox"/>	Other
