PRIVACY IMPACT ASSESSMENT (PIA)

PRESCRIBING AUTHORITY: DoD Instruction 5400.16, "DoD Privacy Impact Assessment (PIA) Guidance". Complete this form for Department of Defense (DoD) information systems or electronic collections of information (referred to as an "electronic collection" for the purpose of this form) that collect, maintain, use, and/or disseminate personally identifiable information (PII) about members of the public, Federal employees, contractors, or foreign nationals employed at U.S. military facilities internationally. m. What is the authority to collect information? A Federal law or Executive Order must authorize the collection and maintenance of a system of records. For PII not collected or maintained in a system of records, the collection or maintenance of the PII must be necessary to discharge the requirements of a statue or Executive Order.
(1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be similar.(2) If a SORN does not apply, cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply).
(a) Cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.
(b) If direct statutory authority or an Executive Order does not exist, indirect statutory authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.
(c) If direct or indirect authority does not exist, DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component must be identified.
Section 1711 of Public Law 115-91, the National Defense Authorization Act for Fiscal Year 2018.
n. Does this DoD information system or electronic collection have an active and approved Office of Management and Budget (OMB) Control Number?

SECTION 2: PII RISK REVIEW								
a. What PII will be collected (a data element alone or in combination that can uniquely identify an individual)? (Check all that apply)								
Biometrics X Citizenship Driver's License X Employment Information Home/Cell Phone Mailing/Home Address Military Records X Official Duty Address Passport Information Place of Birth Race/Ethnicity X Records Work E-mail Address	Birth Date Disability Information Education Information X Financial Information Law Enforcement Information Marital Status Mother's Middle/Maiden Name Official Duty Telephone Phone Personal E-mail Address X Position/Title Rank/Grade Security Information If Other, enter the information in the box by	Child Information DoD ID Number Emergency Contact Gender/Gender Identification Legal Status Medical Information Name(s) Other ID Number Photo Protected Health Information (PHI) ¹ Religious Preference Social Security Number (SSN) (Full or in any form)						
Tax, Financial, and Proprietary Business Inf	Formation.							
If the SSN is collected, complete the following questions. (DoD Instruction 1000.30 states that all DoD personnel shall reduce or eliminate the use of SSNs wherever possible. SSNs shall not be used in spreadsheets, hard copy lists, electronic reports, or collected in surveys unless they meet one or more of the acceptable use criteria.) If "No," explain why there is no SSN Justification Memo.								
(2) Describe the approved acceptable use in accordance with DoD Instruction 1000.30 "Reduction of Social Security Number (SSN) Use within DoD".

(4) Has a plan to eliminate the use of the SSN	l or mitigate its use and or visibility been identified	d in the approved SSN Justification request?						
If "Yes," provide the unique identifier and when can it be eliminated? If "No," explain. Yes No								
b. What is the PII confidentiality impact level ² ?	Low X Moderate High	h						
¹ The definition of PHI involves evaluating conditions listed in the HIPAA. Consult with General Counsel to make this determination. ² Guidance on determining the PII confidentiality impact level, see Section 2.5 "Categorization of PII Using NIST SP 800-122." Use the identified PII confidentiality impact level to apply the appropriate Privacy Overlay low, moderate, or high. This activity may be conducted as part of the categorization exercise that occurs under the Risk Management Framework (RMF). Note that categorization under the RMF is typically conducted using the information types described in NIST Special Publication (SP) 800-60, which are not as granular as the PII data elements listed in the PIA table. Determining the PII confidentiality impact level is most effective when done in collaboration with the Information Owner, Information System Owner, Information System Security Manager, and representatives from the security and privacy organizations, such as the Information System Security Officer (ISSO) and Senior Component Official for Privacy (SCOP) or designees.
