## **Proposed COVID-19 Data Report (CDR)**

Public Burden Statement: The purpose of this data collection system is to collect aggregate data on the numbers of RWHAP clients and immediate household members served for treatment or prevention of COVID-19 and the types of allowable RWHAP services provided with CARES Act RWHAP funding. HAB will use these data to show how CARES Act RWHAP funding is being used to support RWHAP clients (and immediate household members in limited circumstances) and to identify potential changes in RWHAP needs and service provision during and beyond the COVID-19 pandemic. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this information collection is 0906-0053 and it is valid until XX/XX/202X. This information collection is required to obtain or retain a benefit (FY 2020 Coronavirus Aid, Relief, and Economic Security Act- P.L. 116-136). Public reporting burden for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to HRSA Reports Clearance Officer, 5600 Fishers Lane, Room 14N136B, Rockville, Maryland, 20857 or paperwork@hrsa.gov.
