

Non-Substantive Change Request to the OVERARCHING Generic mechanism for CDC Fellowship Programs Assessments (OMB Control Number: 0920-16ARO)

- 1) Name of approved GenIC (Title/GenIC #):

We are requesting a non-substantive change request to the CDC Undergraduate Public Health Scholars (CUPS) Program Assessment – Alumni Survey (OMB Control Number:0920-1163) which was approved under the Generic Clearance for the CDC Fellowship Programs Assessments (OMB Control Number: 0920-16ARO).

- 2) Description of the specific change (e.g., in-person (paper) collection to virtual (Zoom, Skype) collection):

We are requesting the addition of short message service (SMS) or text messaging on mobile device as a method for maximizing the response rate in addition to email reminders as indicated in the original request.

- 3) Description of any privacy/security concerns:

There are no privacy/security concerns due to this change request as the data collection methodology is not changed.

- 4) There are no additional changes.
