Description Funding HSC Review

Priority: Standard
Date Needed: 9/7/20
Determination Start Date: ? 8/26/20

Description: ? The CDC Evaluation Fellowship Program, started in 2011, represents a major commitment by CDC to program evaluation and program improvement. It signifies CDC's dual commitment to making program evaluation a standard part of practice and to developing a cadre of professionals with the skills to make that happen. The Fellowship is under the leadership of CDC's Program Performance & Evaluation Office (PPEO), with Fellows placed in Host Programs where their day-to-day program evaluation activities oc...

IMS/CIO/Epi-Aid/Chemical Exposure Submission: No
IMS Activation Name: Not selected
CIO Emergency Response Name: Not selected
Epi-Aid Name: Not selected
Assessment of Chemical Exposure Name: Not selected

Goals/Purpose: ? The purpose of this data collection is to assess the value of the Evaluation Fellowship and determine whether, and to what extent, the Fellowship is reaching some of its key outcomes, particularly increasing evaluation capacity within CDC and among public health professionals who complete the Fellowship. All data will be analyzed with an eye towards identifying any recommendations for CDC, particularly improvements PPEO and the M&E Unit that manages the Fellowship can make in the next year and l...
[view more](#) ◀

Objective: ? The objectives of this data collection are to asses: 1) the evaluation capacity of current Evaluation Fellows and changes since starting the Fellowship; 2) the evaluation capacity of Host Programs, specifically the extent to which participation in the Fellowship has helped create more institutional support and capacity for quality evaluation, and 3) the career trajectory of Evaluation Fellowship alumni, specifically the extent to which participation in the Fellowship has benefited them professio...

Activities or Tasks: ? New Collection of Information, Data, or Biospecimens
Target Populations to be Included/Represented: ? Other-PPEO Evaluation Fellows (current), alumni, and former and current mentors

Tags/Keywords: ? Evaluation Fellowship; Assessment; Mentorship; Program Evaluation

CDC's Role: ? Activity originated and designed by CDC staff, or conducted at the specific request of CDC, approve study design and data collection as a condition of any funding provided; CDC emp obtain or use anonymous or unlinked data or biological specimens; CDC employees will pa authors in presentation(s) or publication(s)

Method Categories: ? Individual Interviews (Qualitative); Survey

Methods: ? An external evaluator (contractor) will conduct all data collection activities. Surveys will be sent to all Evaluation Fellowship alumni and current second year Fellows. Approximately 65 alumni are external to CDC and 88 currently work at CDC. All 20 current Fellows work at CDC. Surveys also will be sent to the 147 current and former mentors. Most mentors (n=126) are current CDC employees, and 21 former mentors are external to CDC. The project lead has confirmed with CSELS that this project meet...

Collection of Info, Data, or Biospecimens: ? Information will be collected through web-based surveys (estimated to take up to 15 min) individual phone interviews. Interviewers will use a semi-structured interview guide.

Expected use of Findings/Results and their impact: ? PPEO will use the findings from the web-based surveys and interviews to identify the strengths of the Fellowship program, best practices, and areas for improvement. Staff will use information to revise Fellowship components, identify areas for additional training for Fellows, and provide additional guidance to Host Programs and mentors. PPEO also will use the findings to assess the

extent to which the Fellowship has made progress on key goals and outcomes.
The results of analysis will be include...
