CMS OPEN ENROLLMENT POST CAMPAIGN CONSUMER RESEARCH

Objectives: For Open Enrollment, this assessment will address the following objectives:

- Measure beneficiaries' awareness of open enrollment
- Measure beneficiaries' perceptions of open enrollment
- Measure beneficiary awareness of the need to review their health and drug plans
- Measure beneficiary behavior regarding reviewing and comparing plans
- Measure beneficiary understanding of their ability to change plans, and their awareness of what to look for and consider when comparing and contrasting such plans
- Assess how the Open Enrollment campaign is making contact with beneficiaries, and the extent to which communications prompt action
- Compare results with previous years to identify long term trends
- Compare effectiveness of campaign in reaching beneficiaries via paid versus earned media
- Assess demographics of weighted sample
- Compare beneficiary responses on demographic variables
