Housing Trust Fund Federal Register Allocation Notice; Fiscal Year 2021

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice of Fiscal Year 2021 Funding Awards.

SUMMARY: The Housing and Economic Recovery Act of 2008 (HERA) established the Housing Trust Fund (HTF) to be administered by HUD. Pursuant to the Federal Housing Enterprises Financial Security and Soundness Act of 1992 (the Act), as amended by HERA, Division A, eligible HTF grantees are the 50 states, the District of Columbia, the Commonwealth of Puerto Rico, American Samoa, Guam, the Commonwealth of Northern Mariana Islands, and the United States Virgin Islands. In accordance with Section 1338(c)(4)(A) of the Act, this notice announces the formula allocation amount for each eligible HTF grantee.

FOR FURTHER INFORMATION CONTACT: Virginia Sardone, Director, Office of Affordable Housing Programs, Room 7164, Department of Housing and Urban Development, 451 Seventh Street SW, Washington, DC 20410-7000; telephone (202) 708-2684. (This is not a toll-free number.) A telecommunications device for hearing- and speech-impaired persons (TTY) is available at 800-877-8339 (Federal Information Relay Service). (This is a toll-free number).

SUPPLEMENTARY INFORMATION: Section 1131 of HERA Division A amended the Act to add a new section 1337 entitled "Affordable Housing Allocations" and a new section 1338 entitled "Housing Trust Fund." HUD's implementing regulations are codified at 24 CFR part 93. Congress authorized the HTF with the stated purpose of: (1) Increasing and preserving the supply of rental housing for extremely low-income families with incomes between 0 and 30 percent of area median income and very low-income families with incomes between 30 and 50 percent of area median income, including homeless families,

and (2) increasing homeownership for extremely low-income and very low-income families. Section 1337 of the Act provides for the HTF (and other programs) to be funded with an affordable housing set-aside by Fannie Mae and Freddie Mac. The total set-aside amount is equal to 4.2 basis points (.042 percent) of Fannie Mae and Freddie Mac's new mortgage purchases, a portion of which is for the HTF. Section 1338 of the Act directs HUD to establish, through regulation, the formula for distribution of amounts made available for the HTF. The statute specifies the factors to be used for the formula and priority for certain factors. The factors and methodology HUD uses to allocate HTF funds among eligible grantees are established in the HTF regulation. The funding announced for Fiscal Year 2021 through this notice is \$692,898,860.92. Appendix A to this notice provides the names of the grantees and the amounts of the awards.

Abstract: The USGS administers the National Ground-Water Monitoring Network which was developed through work with the Federal Advisory Committee on Water Information (ACWI) and its Subcommittee on Ground Water (SOGW). This network is required as part of Public Law 111-11, Subtitle F—Secure Water: Section 9507, 42 U.S.C. 10367, “Water Data Enhancement by United States Geological Survey.” The NGWMN consists of an aggregation of wells and spring from existing Federal, State, Tribal, and local groundwater monitoring networks. To support data

providers for the NGWMN, the USGS will be providing funding through cooperative agreements to water-resource agencies that collect groundwater data. The USGS will be soliciting applications for funding that will request information from the Agency collecting the data. Elements will include contact information (phone number and email address), and a proposal describing their proposed work in support of the NGWMN. The proposal will describe the groundwater networks to be included in the NGWMN, the purpose of the networks, and the Principal aquifers that are monitored. Proposals may include work to become a new data provider to the NGWMN, support for maintaining connections to agency databases, and work to enhance NGWMN sites (updating metadata, well maintenance, well drilling, and support for continuous water-level monitoring equipment). The proposal would require estimates of costs to complete the above tasks and a timeline for planned completion. The proposal will be reviewed by the USGS and the NGWMN Program Board who will make funding recommendations.
