

measures outlined for Reserve Zone 6 in the amended HCP.

Under Alternative 3, the preferred alternative, the UDOT Application Alignment, the BLM would issue a ROW grant to UDOT across the Red Cliffs NCA for the Northern Corridor for the alignment included in UDOT's ROW application. The Red Cliffs NCA RMP would be amended to allow for the ROW and consider a utility corridor along the same route. The ITP would be issued subject to the conservation measures in the amended HCP. The St. George Field Office RMP would be amended to support the conservation measures outlined for Reserve Zone 6 in the revised HCP.

Under Alternative 4, the Southern Alignment, the BLM would issue a ROW grant to UDOT across the NCA for the Northern Corridor on the Southern Alignment. Under this alternative, the Northern Corridor would more closely follow the southern border of the NCA. The Red Cliffs NCA RMP would be amended to allow for the ROW and to consider a utility corridor along the same route. The ITP would be issued subject to the conservation measures in the amended HCP. The St. George Field Office RMP would be amended to support the conservation measures outlined for Reserve Zone 6 in the revised HCP.

Under Alternative 5, the Red Hills Parkway Expressway Alignment, the BLM would grant necessary ROW amendments to the existing ROW for the Red Hills Parkway to convert Red Hills Parkway into a grade-separate expressway between Highland Drive and Bluff Street. The ITP would be issued subject to the conservation measures in the amended HCP, but the changed circumstance for the Northern Corridor and associated conservation measures would not be implemented. The Red Cliffs NCA and the St. George Field Office RMPs would not be amended because Reserve Zone 6 would not be needed to mitigate for impacts to desert tortoises.

Under Alternative 6, the St. George Boulevard/100 South One-Way Couplet, the BLM would deny UDOT's application for a ROW across the Red Cliffs NCA for the Northern Corridor. Rather, this alternative analyzes a scenario where the City of St. George would convert St. George Boulevard and 100 South to one-way streets. If the City implemented Alternative 6, the two roadways would be converted between I-15 and Bluff Street and the existing interchange with I-15 at St. George Boulevard would be reconfigured and combined with a new interchange at 100 South to provide a split interchange

between these two roadways connected by one-way ramps. The ITP would be issued subject to the conservation measures in the amended HCP, but the changed circumstance for the Northern Corridor and associated conservation measures would not be implemented. The Red Cliffs NCA RMP and the St. George Field Office RMP would not be amended.

The BLM and FWS have identified Alternative 3 as the agencies' preferred ROW alignment and ITP issuance alternative, with Alternative B identified as the Proposed Amendments to the Red Cliffs NCA and St. George Field Office RMPs. Identification of these alternatives, however, does not represent a final agency decision.

Authority: Consistent with 40 CFR 1506.13 (2020), this Notice and the EIS are issued under previous NEPA regulations: 40 CFR 1502.9; 40 CFR 1506.6; 40 CFR 1506.10; 43 CFR 46.435; and 43 CFR 1610.2. The BLM also provides this Notice under 43 CFR 8364.1 and 16 U.S.C. 7913. The FWS also provides this Notice under section 10(c) of the ESA (16 U.S.C. 1531 *et seq.*) and its implementing regulations for ITPs (50 CFR 17.22).

Gregory Sheehan,
State Director.

Noreen Walsh,
Regional Director.

BILLING CODE 4310-DQ-P

DEPARTMENT OF LABOR

Office of the Secretary

Agency Information Collection Activities; Submission for OMB Review; Comment Request; National Longitudinal Survey of Youth 1997

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Bureau of Labor Statistics (BLS)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that agency receives on or before December 14, 2020.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting

“Currently under 30-day Review—Open for Public Comments” or by using the search function.

Comments are invited on: (1) Whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) if the information will be processed and used in a timely manner; (3) the accuracy of the agency's estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (4) ways to enhance the quality, utility and clarity of the information collection; and (5) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT:

Anthony May by telephone at 202-693-4129 (this is not a toll-free number) or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: The BLS seeks Office of Management and Budget approval to conduct interim supplemental interviews between rounds 19 and 20 of the NLSY97. Respondents of the NLSY97 will undergo an interview of approximately 12 minutes on average, during which they will answer questions about labor market experiences, health, and income. The interim supplemental survey will be a conducted by internet and by telephone. We anticipate that approximately one-third of interviews will be self-administered by internet, with the remaining interviews being interviewer-administered by telephone. The BLS plans to record randomly selected segments of the interviews collected by telephone. Recording interviews helps the BLS and its contractors to ensure that the interviews actually took place and interviewers are reading the questions exactly as worded and entering the responses properly. Recording also helps to identify parts of the interview that might be causing problems or misunderstanding for interviewers or respondents. Each respondent will be informed that the interview may be recorded for quality control, testing, and training purposes. If the respondent objects to the recording of the interview, the interviewer will confirm to the respondent that the interview will not be recorded and then proceed with the interview. The interim supplemental survey will consist of approximately 35 questions. Similar questions have appeared in previous rounds of the NLSY97, the Current Population

Survey, or the Census Household Pulse survey. The content covers household composition, current employment for the respondent and spouse/partner, changes in employment/earnings during the past 12 months due to the coronavirus pandemic, time spent teaching children under age 18, health, health insurance, having contracted the coronavirus, medical care deferred due to the coronavirus pandemic, mental health, income, and earnings. During the fielding period for the interim supplemental interviews, no more than 2 percent of respondents will be asked to participate in a brief validation interview a few weeks after the initial interview. The purpose of the validation interview is to verify that the initial interview took place as the interviewer reported and to assess the data quality of selected questionnaire items. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on July 31, 2020 (85 FR 46187).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for the remainder of the current clearance period (expiring on August 31, 2022).

Agency: DOL–BLS.

Title of Collection: National Longitudinal Survey of Youth 1997.

OMB Control Number: 1220–0157.

Affected Public: Individuals and households.

Total Estimated Number of Respondents: 5,275.

Total Estimated Number of Responses: 5,380.

Total Estimated Annual Time Burden: 1,058 hours.

Total Estimated Annual Other Costs Burden: \$0.

(Authority: 44 U.S.C. 3507(a)(1)(D))

Dated: November 6, 2020.

Anthony May,

Management and Program Analyst.

BILLING CODE 4510–24–P

DEPARTMENT OF LABOR

Office of the Secretary

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Report on Current Employment Statistics

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Bureau of Labor Statistics (BLS)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that agency receives on or before December 14, 2020.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

Comments are invited on: (1) Whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) if the information will be processed and used in a timely manner; (3) the accuracy of the agency’s estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (4) ways to enhance the quality, utility and clarity of the information collection; and (5) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: Anthony May by telephone at 202–693–4129 (this is not a toll-free number) or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: The Current Employment Statistics (CES) program provides current monthly statistics on employment, hours, and earnings, by industry and geography. CES estimates are among the most visible and widely-used Principal Federal Economic Indicators (PFEIs). CES data are also among the timeliest of the PFEIs, with their release each month by the BLS in the Employment Situation, typically on the first Friday of

each month. The statistics are fundamental inputs in economic decision processes at all levels of government, private enterprise, and organized labor.

The CES monthly estimates of employment, hours, and earnings are based on a sample of U.S. nonagricultural establishments. Information is derived from approximately 295,000 reports (from a sample of 150,000 employers with State Unemployment Insurance (UI) accounts comprised of 697,000 individual worksites), as of April 2020. Each month, firms report their employment, payroll, and hours on forms identified as the BLS–790. The sample is collected under a probability-based design. Puerto Rico and the Virgin Islands collect an additional 8,500 reports.

A list of all form types currently used appears in the table below. Respondents receive variations of the basic collection forms, depending on their industry. The CES program is a voluntary program under Federal statute. Reporting to the State agencies is voluntary in all but three States (New Mexico, Oregon, and South Carolina), Puerto Rico, and the Virgin Islands. To our knowledge, the States that do have mandatory reporting rarely exercise their authority. The collection form’s confidentiality statement cites the Confidential Information Protection and Statistical Efficiency Act and mentions the State mandatory reporting authority. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on July 20, 2020 (85 FR 43878).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.
