Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2020-0160]

Agency Information Collection Activities; Renewal of a Currently-Approved Information Collection: Licensing Applications for Motor Carrier Operating Authority

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FMCSA announces its plan to submit the information collection request (ICR) described below to the Office of Management and Budget (OMB) for its review and approval and invites public comment. FMCSA requests approval to

renew the ICR titled “Licensing Applications for Motor Carrier Operating Authority,” OMB Control No. 2126–0016. This ICR applies to: (1) Existing registrants (*i.e.*, entities that already have a USDOT number and/or operating authority) that are subject to FMCSA’s licensing, registration, and certification regulations that wish to apply for additional authorities; and (2) Mexico-domiciled carriers that wish to operate beyond the U.S. municipalities on the U.S.-Mexico border and their commercial zones. Existing registrants seeking additional authorities must use forms OP–1, OP–1(P), OP–1(FF), and OP–1(NNA), to apply for such authority. Mexico-domiciled carriers seeking the authority described above must apply for such authority using Form OP–1(MX).

DATES: Please send your comments by January 29, 2021. OMB must receive your comments by this date in order to act quickly on the ICR.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

SUPPLEMENTARY INFORMATION:

Title: Licensing Applications for Motor Carrier Operating Authority.
OMB Control Number: 2126–0016.

Type of Request: Renewal of a currently approved collection.

Respondents: Carrier compliance officer or equivalent from motor carriers, motor passenger carriers, freight forwarders, brokers, and certain Mexico-domiciled motor carriers subject to FMCSA’s licensing, registration and certification regulations.

Estimated Number of Respondents: 81,209.

Estimated Time per Response: 2 hours for forms OP–1, OP–1(P), and OP–1(FF); 4 hours for forms OP–1(MX) and OP–1(NNA).

Expiration Date: March 31, 2021.
Frequency of Response: Other (as needed).

Estimated Total Annual Burden: 162,476 hours.

Background

FMCSA registers for-hire motor carriers of regulated commodities and of passengers, under 49 U.S.C. 13902(a); surface freight forwarders, under 49 U.S.C. 13903; property brokers, under 49 U.S.C. 13904; and certain Mexico-domiciled motor carriers, under 49 U.S.C. 13902(c). These motor carriers may conduct transportation services in the United States only if they are registered with FMCSA. Each registration is effective from the date specified and remains in effect for such period as the Secretary of Transportation (Secretary) determines by regulations.

Prior to 2015, all entities seeking authority (both first-time applicants and registered entities seeking additional authorities) were required to apply for such authority using the OP–1 series of forms, including OP–1, OP–1(P), OP–1(FF), OP–1(NNA), and OP–1(MX) (for Mexico-domiciled carriers only).

The Final Rule titled “Unified Registration System,” (78 FR 52608) dated August 23, 2013, implemented statutory provisions for an online registration system for entities that are subject to FMCSA’s licensing, registration, and certification regulations. The Unified Registration System (URS) streamlines the registration process and serves as a clearinghouse and repository of information on motor carriers, brokers, freight forwarders, intermodal equipment providers, hazardous materials safety permit applicants, and cargo tank facilities required to register with FMCSA. When developing URS, FMCSA planned that the OP–1 series of forms—except for OP–1(MX)—would ultimately be folded into one overarching electronic application (MCSA–1), which would be used by all motor carriers seeking authority.

FMCSA began a phased rollout of URS in 2015. The first phase, which went into effect on December 12, 2015, impacts only first-time applicants seeking an FMCSA-issued registration. FMCSA had planned subsequent rollout phases for existing registrants; however, there have been substantial delays, and subsequent phases have not been rolled out to date.

On January 17, 2017, FMCSA issued a Final Rule titled “Unified Registration System; Suspension of Effectiveness,” which indefinitely suspended URS effectiveness dates for existing

registrants only (82 FR 5292). Pursuant to this Final Rule, FMCSA is still accepting forms OP–1, OP–1(P), OP–1(FF), and OP–1(NNA) for existing registrants wishing to apply for additional authorities. Separately, FMCSA requires Form OP–1(MX) for new and existing Mexico-domiciled motor carriers that wish to operate beyond the U.S. municipalities on the U.S.-Mexico border and their commercial zones. Information collected through the URS system, utilizing the MCSA–1, does not accept registration form OP–1(MX) and continue to remain a paper form outside the URS.

Forms in the OP–1 series request information to identify the applicant, the nature and scope of its proposed operations, a narrative description of the applicant’s safety policies and procedures, and information regarding the drivers and vehicles it plans to use in U.S. operations. The OP–1 series also requests information on the applicant’s familiarity with relevant safety requirements, the applicant’s willingness to comply with those requirements during its operations, and the applicant’s willingness to meet any specific statutory and regulatory requirements applicable to its proposed operations. Information collected through these forms aids FMCSA in determining the type of operation a company may run, the cargo it may carry, and the resulting level of insurance coverage the applicant will be required to obtain and maintain to continue its operating authority.

Changes From Previous Estimates

The previously approved version of this ICR estimated the average annual burden to be 147,124 annual burden hours, with 73,538 total annual respondents. For this renewal, the estimated average annual burden is 162,476, with 81,209 total average annual respondents. The annual burden hourly increase of 15,352 is due to the increase in average annual respondents. This increase is in line with a growing U.S. economy and U.S. population for calendar years 2017, 2018 and 2019.

As described above, only first-time applicants seeking an FMCSA-issued registration must apply via URS. Under URS, all forms in the OP–1 series, except OP–1(MX), are folded into Form MCSA–1. Information collection activities associated with MCSA–1 are covered under a different ICR, titled “FMCSA Registration/Updates,” OMB Control Number 2126–0051.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1)

Whether the proposed collection is necessary for the FMCSA to perform its functions; (2) the accuracy of the estimated burden; (3) ways for the FMCSA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized without reducing the quality of the collected information.

Issued under the authority delegated in 49 CFR 1.87.

Thomas P. Keane,

Associate Administrator, Office of Research and Registration.

SUPPLEMENTARY INFORMATION:

Background: In accordance with the Paperwork Reduction Act of 1995,

FMCSA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew a previously approved information collection. Executive Order 12862 Setting Customer Service Standards, and most recently updated in Executive Order 13571, requires the Federal Government to provide the "highest quality service possible to the American people." Under the order, the "standard of quality for services provided to the public shall be: Customer service equal to the best in business." In order to work continuously to ensure that our programs are effective and meet our customers' needs, FMCSA seeks to obtain OMB approval of a generic clearance to collect qualitative feedback from our customers on our service delivery. The surveys covered in this generic clearance will provide a means for FMCSA to collect this data directly from our customers. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas of communication, training or changes in operations that might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

The solicitation of feedback will target areas such as: timeliness, appropriateness, accuracy of information, courtesy, efficiency of service delivery, and resolution of issues with service delivery. Responses will be assessed to plan and inform efforts to improve or maintain the quality of service offered to the public. If this information is not collected, vital feedback from customers and stakeholders on the Agency's services will be unavailable.

The Agency will submit a collection for approval under this generic clearance only if it meets the following conditions: that such collections are:

- voluntary;
- low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government;
