New Proposed Alternative

Propesed Alternative under 10 CFR 50.55a(z)(1) and 10 CFR 50.55a(z)(2)

This online form should not be utilized by Licensees to submit proprietary information that would otherwise be requested to be withheld from public disclosure under Title 10 of the Code of Federal Regulations (10 CFR) 2.390, "Public inspections, exemptions, requests for withholding." Proposed alternatives under 10 CFR 50.55a(z)(1) and 10 CFR 50.55a(z)(2) containing proprietary information should be submitted in accordance with 10 CFR 50.4, "Written Communications."

Consistent with the NRC regulations, please provide required copies to state and other government agencies, and the NRC regional office. NOTE: Keep your assigned Plant Identification Number (PIN) private and do not include it in any of your Attachments or document titles.

APPROVED BY OMB NO. 3150-0244 Expiration Date: 12/31/20

Estimated burden per response to comply with this collection request: 4 hours. This form is used to submit proposed alternatives under Title 10 of the Code of Federal Regulations (10 CFR) Section 50.55a(z), "Alternatives to codes and standards requirements." Send comments regarding burden estimate to the FOIA, Library, and Information Collections Branch (T-6 A10M), U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, or by e-mail to Infocollects.Resource@nrc.gov (mailto:Infocollects.Resource@nrc.gov). and to the Desk Officer, Office of Information and Regulatory Affairs, NEOB-10202 (3150-0244), Office of Management and Budget, Washington, DC 20503. If a means used to impose an information collection does not display a current valid OMB control number, the NRC may not conduct or sponsor, and a person is not required to respond to, the information collection.
