

discovery and transparency and enhancing order execution opportunities for member organizations. As a result, the Exchange believes that the proposed change furthers the Commission's goal in adopting Regulation NMS of fostering integrated competition among orders, which promotes "more efficient pricing of individual stocks for all types of orders, large and small."²²

Intramarket Competition. The proposed changes are designed to attract additional order flow to the Exchange. The Exchange believes that the proposed changes would continue to incentivize market participants to direct displayed order flow to the Exchange. Greater liquidity benefits all market participants on the Exchange by providing more trading opportunities and encourages member organizations to send orders, thereby contributing to robust levels of liquidity, which benefits all market participants on the Exchange. The current credits would be available to all similarly-situated market participants, and, as such, the proposed change would not impose a disparate burden on competition among market participants on the Exchange. As noted, the proposal would apply to all similarly situated member organizations on the same and equal terms, who would benefit from the changes on the same basis. Accordingly, the proposed change would not impose a disparate burden on competition among market participants on the Exchange.

Intermarket Competition. The Exchange operates in a highly competitive market in which market participants can readily choose to send their orders to other exchange and off-exchange venues if they deem fee levels at those other venues to be more favorable. In such an environment, the Exchange must continually adjust its fees and rebates to remain competitive with other exchanges and with off-exchange venues. Because competitors are free to modify their own fees and credits in response, and because market participants may readily adjust their order routing practices, the Exchange does not believe its proposed fee change can impose any burden on intermarket competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)²³ of the Act and subparagraph (f)(2) of Rule 19b-4²⁴ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. Rule 18f-3 [OMB Control No. 3235-0441, SEC File No. 270-385]

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) ("Paperwork Reduction Act"), the Securities and Exchange Commission ("the Commission") has submitted to the Office of Management and Budget ("OMB") a request for extension of the previously approved collection of information discussed below.

Rule 18f-3 (17 CFR 270.18f-3) under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) exempts from section 18(f)(1) a fund that issues multiple classes of shares representing interests in the same portfolio of securities (a "multiple class fund") if

²³ 15 U.S.C. 78s(b)(3)(A).

²⁴ 17 CFR 240.19b-4(f)(2).

²⁵ 15 U.S.C. 78s(b)(2)(B).

²⁶ 17 CFR 200.30-3(a)(12), (59).

²² Regulation NMS, 70 FR at 37498-99.

the fund satisfies the conditions of the rule. In general, each class must differ in its arrangement for shareholder services or distribution or both, and must pay the related expenses of that different arrangement. The rule includes one requirement for the collection of information. A multiple class fund must prepare, and fund directors must approve, a written plan setting forth the separate arrangement and expense allocation of each class, and any related conversion features or exchange privileges (“rule 18f–3 plan”). Approval of the plan must occur before the fund issues any shares of multiple classes and whenever the fund materially amends the plan. In approving the plan, the fund board, including a majority of the independent directors, must determine that the plan is in the best interests of each class and the fund as a whole.

The requirement that the fund prepare and directors approve a written rule 18f–3 plan is intended to ensure that the fund compiles information relevant to the fairness of the separate arrangement and expense allocation for each class, and that directors review and approve the information. Without a blueprint that highlights material differences among classes, directors might not perceive potential conflicts of interests when they determine whether the plan is in the best interests of each class and the fund. In addition, the plan may be useful to Commission staff in reviewing the fund’s compliance with the rule.

Based on an analysis of fund filings, the Commission estimates that there are approximately 7,293 multiple class funds offered by 990 registrants. The Commission estimates that each of the 990 registrants will make an average of 0.5 responses annually to prepare and approve a written 18f–3 plan.¹ The Commission estimates each response will take 6 hours, requiring a total of 3 hours per registrant per year.² Thus the total annual hour burden associated with these requirements of the rule is approximately 2,970 hours.³

Estimates of the average burden hours are made solely for the purposes of the Paperwork Reduction Act and are not derived from a comprehensive or even a representative survey or study of the costs of Commission rules and forms. The collection of information under rule

18f–3 is mandatory. The information provided under rule 18f–3 will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Form 24F–2

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520), the Securities and Exchange Commission (the “Commission”) has submitted to the Office of Management and Budget a request for extension of the previously approved collection of information discussed below.

Rule 24f–2 (17 CFR 270.24f–2) under the Investment Company Act of 1940 (15 U.S.C. 80a) requires any open-end management companies (“mutual

funds”), unit investment trusts (“UITs”), registered closed-end investment companies that make periodic repurchase offers under rule 23c–3 under the Investment Company Act [17 CFR 270.23c–3] (“interval funds”), or face-amount certificate companies (collectively, “funds”) deemed to have registered an indefinite amount of securities to file, not later than 90 days after the end of any fiscal year in which it has publicly offered such securities, Form 24F–2 (17 CFR 274.24) with the Commission. Form 24F–2 is the annual notice of securities sold by funds that accompanies the payment of registration fees with respect to the securities sold during the fiscal year.

The Commission estimates that 6,794 funds file Form 24F–2 on the required annual basis. The average annual burden per respondent for Form 24F–2 is estimated to be four hours. The total annual burden for all respondents to Form 24F–2 is estimated to be 27,176 hours. The estimate of average burden hours is made solely for the purposes of the Paperwork Reduction Act, and is not derived from a comprehensive or even a representative survey or study of the costs of Commission rules.

Compliance with the collection of information required by Form 24F–2 is mandatory. The Form 24F–2 filing that must be made to the Commission is available to the public. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

¹ The Commission estimates that each registrant prepares and approves a rule 18f–3 plan every two years when issuing a new fund or new class or amending a plan (or that 522.5 of all 1,045 registrants prepare and approve a plan each year).

² 0.5 responses per registrant × 6 hours per response = 3 hours per registrant.

³ 3 hours per registrant per year × 1,045 registrants = 3,135 hours per year.
