

paperwork burden associated with rule 17g-1's requirements is two hours, one hour each for a compliance attorney and the board of directors as a whole. The time spent by a compliance attorney includes time spent filing reports with the Commission for fidelity losses (if any) as well as paperwork associated with any notices to directors, and managing any updates to the bond and the joint agreement (if one exists). The time spent by the board of directors as a whole includes any time spent initially establishing the bond, as well as time spent on annual updates and approvals. The Commission staff therefore estimates the total ongoing paperwork burden hours per year for all funds required by rule 17g-1 to be 4,400 hours (2,200 funds × 2 hours = 4,400 hours). Commission staff continues to estimate that the filing and reporting requirements of rule 17g-1 do not entail any external cost burdens.

These estimates of average burden hours are made solely for the purposes of the Paperwork Reduction Act. These estimates are not derived from a comprehensive or even a representative survey or study of Commission rules. The collection of information required by Rule 17g-1 is mandatory and will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") a request for approval of extension of the previously approved collection of information provided for in Rule 17g-3 (17 CFR 240.17g-3) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) ("Exchange Act").

Form N-PX

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) ("Paperwork Reduction Act"), the Securities and Exchange Commission (the "Commission") has submitted to the Office of Management and Budget ("OMB") a request for extension of the previously approved collection of information discussed below.

Rule 30b1-4 (17 CFR 270.30b1-4) under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) requires every registered management investment company, other than a small business investment company registered on Form N-5 ("funds"), to file a report on Form N-PX not later than August 31 of each year. Funds use Form N-PX to file annual reports with the Commission containing their complete proxy voting record for the most recent twelve-month period ended June 30.

The Commission estimates that there are approximately 2,207 funds registered with the Commission, representing approximately 11,890 fund portfolios that are required to file Form N-PX reports. The 11,890 portfolios are comprised of approximately 6,392 portfolios holding equity securities, 2,857 portfolios holding no equity securities, and 1,476 portfolios holding fund securities (*i.e.*, fund of funds).¹ The

¹ The estimate of 2,207 funds is based on the number of management investment companies currently registered with the Commission. The Commission staff estimates that there are approximately 6,392 portfolios that invest primarily in equity securities, 804 "hybrid" or bond portfolios that may hold some equity securities, 2,857 bond portfolios that hold no equity securities, and 361 money market fund portfolios, and 1,476 fund of funds, for a total of 11,890 portfolios required to file Form N-PX reports. The staff has based its portfolio estimates on a number of publications. See Investment Company Institute, Trends in Mutual Fund Investing (February 2020); Investment

currently approved burden of Form N-PX for portfolios holding equity securities is 7.2 hours per response, the current burden estimate for funds holding no equity securities is 0.17 hours (10 minutes) per response, and the current burden estimate for fund of funds is 1 hour per response. Therefore, the number of aggregate burden hours, when calculated using the current number of portfolios, is approximately 47,984 hours.² We continue to believe that these estimates for Form N-PX's current burden are appropriate. Based on the Commission's estimate of 47,984 burden hours and an estimated wage rate of approximately \$368 per hour,³ the total cost to reporting persons of the hour burden for filing Form N-PX is approximately \$17.66 million.⁴

The estimated cost burden of Form N-PX is \$1,000 in external costs per portfolio holding equity securities that is paid to third-party service providers. External costs for portfolios holding no equity securities have previously been estimated to be zero because portfolios holding no equity securities generally have no proxy votes to report and therefore do not require third-party service providers to assist with proxy voting and preparing reports on Form N-PX. The estimated cost burden of Form N-PX for fund of funds is estimated to be \$100 per portfolio because fund of funds generally either have no proxy votes to report; or if proxy votes are reported, they are generally limited in the number of securities and the number of voting matters relative to portfolios holding equity securities. Therefore, the aggregate cost burden, when calculated using the current number of portfolios, is approximately \$6.54 million in external costs.⁵ We continue to believe that these estimates for Form N-PX's current cost burden are appropriate.

Estimates of average burden hours and costs are made solely for the

purposes of the Paperwork Reduction Act and are not derived from a comprehensive or even representative survey or study of the costs of Commission rules and forms. Compliance with the collection of information requirements of Form N-PX is mandatory. Responses to the collection of information will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.
