Form PF

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (“Paperwork Reduction Act”), the Securities and Exchange Commission (the “Commission”) has submitted to the Office of Management and Budget (“OMB”) a request for extension of the previously approved collection of information discussed below.

Rule 204(b)–1 (17 CFR 275.204(b)–1) under the Investment Advisers Act of 1940 (15 U.S.C. 80b–1 *et seq.*) implements sections 404 and 406 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”) by requiring private fund advisers that have at least \$150 million in private fund assets under management to report certain information regarding the private funds they advise on Form PF. These advisers are the respondents to the collection of information.

Form PF is designed to facilitate the Financial Stability Oversight Council’s (“FSOC”) monitoring of systemic risk in the private fund industry and to assist FSOC in determining whether and how to deploy its regulatory tools with respect to nonbank financial companies. The Commission and the Commodity Futures Trading Commission may also use information collected on Form PF in their regulatory programs, including examinations, investigations and investor protection efforts relating to private fund advisers.

Form PF divides respondents into two broad groups, Large Private Fund Advisers and smaller private fund advisers. “Large Private Fund Advisers” are advisers with at least \$1.5 billion in assets under management attributable to hedge funds (“large hedge fund advisers”), advisers that manage “liquidity funds” and have at least \$1 billion in combined assets under management attributable to liquidity funds and registered money market funds (“large liquidity fund advisers”), and advisers with at least \$2 billion in assets under management attributable to

private equity funds (“large private equity advisers”). All other respondents are considered smaller private fund advisers.

The Commission estimates that most filers of Form PF have already made their first filing, and so the burden hours applicable to those filers will reflect only ongoing burdens, and not start-up burdens. Accordingly, the Commission estimates the total annual reporting and recordkeeping burden of the collection of information for each respondent is as follows:

(a) For smaller private fund advisers making their first Form PF filing, an estimated amortized average annual burden of 23 hours for each of the first three years;

(b) for smaller private fund advisers that already make Form PF filings, an estimated amortized average annual burden of 15 hours for each of the next three years;

(c) for large hedge fund advisers making their first Form PF filing, an estimated amortized average annual burden of 658 hours for each of the first three years;

(d) for large hedge fund advisers that already make Form PF filings, an estimated amortized average annual burden of 600 hours for each of the next three years;

(e) for large liquidity fund advisers making their first Form PF filing, an estimated amortized average annual burden of 588 hours for each of the first three years;

(f) for large liquidity fund advisers that already make Form PF filings, an estimated amortized average annual burden of 280 hours for each of the next three years;

(g) for large private equity advisers making their first Form PF filing, an estimated amortized average annual burden of 133 hours for each of the first three years; and

(h) for large private equity advisers that already make Form PF filings, an estimated amortized average annual burden of 100 hours for each of the next three years.

With respect to annual internal costs, the Commission estimates the collection of information will result in 127.06 burden hours per year on average for each respondent. With respect to external cost burdens, the Commission estimates a range from \$0 to \$50,000 per adviser.

Estimates of average burden hours and costs are made solely for the purposes of the Paperwork Reduction Act and are not derived from a comprehensive or even representative survey or study of the costs of Commission rules and forms. Compliance with the collection of information requirements of Form PF is mandatory for advisers that satisfy the criteria described in Instruction 1 to the Form. Responses to the collection of information will be kept confidential to the extent permitted by law. The Commission does not intend to make public information reported on Form PF that is identifiable to any particular

adviser or private fund, although the Commission may use Form PF information in an enforcement action. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Extension:

Credit Risk Retention—Regulation RR

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Credit Risk Retention (“Regulation RR”) (17 CFR 246.1 through 246.22) recordkeeping and disclosure requirements implement Section 15G of the Securities Exchange Act of 1934 (15 U.S.C. 78o–11) Section 15G clarifies the scope and application of Section 306(a) of the Sarbanes-Oxley Act of 2002 (15 U.S.C. 7244(a)). Section 306(a) of the Sarbanes-Oxley Act requires, among other things, an issuer to provide timely notice to its directors and executive officers and to the Commission of the imposition of a blackout period that would trigger a trading prohibition under Section 306(a)(1) of the Sarbanes-Oxley Act. Section 306(a)(1) prohibits any director or executive officer of an issuer of any equity security, from directly or indirectly, purchasing, selling or otherwise acquiring or transferring any equity security of that issuer during the blackout period with respect to such equity security, if the director or executive officer acquired the equity security in connection with his or her service or employment. Approximately 1,647 issuers file using Regulation RR responses and it takes approximately 14.389 hours per response. We estimate that 75% of the 14.389 hours per response (10.792 hours) is prepared by the registrant for a total annual reporting burden of 17,774 hours (10.792 hours per response × 1,647 responses).

Written comments are invited on: (a) Whether this proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

Please direct your written comment to David Bottom, Director/Chief Information Officer, Securities and Exchange Commission, c/o Cynthia Roscoe, 100 F Street NE, Washington, DC 20549 or send an email to: [PRA\\_Mailbox@sec.gov](mailto:PRA_Mailbox@sec.gov).

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–91076; File No. SR–ICEEU–2021–001]

### Self-Regulatory Organizations; ICE Clear Europe Limited; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Amendments to Clearing Fees for ICE Futures Europe Three Month Swiss Average Rate Overnight (SARON®) Index Futures Contract

February 8, 2021.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),<sup>1</sup> and Rule 19b–4 thereunder,<sup>2</sup> notice is hereby given that on February 1, 2021, ICE Clear Europe Limited (“ICE Clear Europe”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule changes described in Items I, II and III below, which Items have been primarily prepared by ICE Clear Europe. ICE Clear Europe filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act<sup>3</sup> and Rule 19b–4(f)(2) thereunder,<sup>4</sup> so that the proposal was immediately effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Clearing Agency’s Statement of the Terms of Substance of the Proposed Rule Change

ICE Clear Europe Limited (“ICE Clear Europe”) proposes rule changes relating to amendments to clearing fees for ICE Futures Europe Three Month Swiss Average Rate Overnight (SARON®) Index futures contract (“Three Month SARON”). The proposed amendments

do not involve any changes to the ICE Clear Europe Clearing Rules or Procedures.<sup>5</sup>

#### II. Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, ICE Clear Europe included statements concerning the purpose of and basis for the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. ICE Clear Europe has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of such statements.

(A) *Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change*

(a) Purpose

The purpose of the proposed rule changes is for ICE Clear Europe to reduce the clearing fees for Three Month SARON in line with the changes to the notional size of the contract, which the Exchange is proposing to decrease in size by a factor of four. (Equivalent reductions in the trading fee are being proposed by the Exchange.)

As there is no current Open Interest in the Three Month SARON contract, the proposed change to the notional size of the contract is being made to help simplify the transition of Open Interest from the existing ICE Futures Europe Three Month Euroswiss futures contract (“Three Month Euroswiss”), which references Three Month Swiss Franc LIBOR, to the Three Month SARON contract which references the Swiss Average Overnight Rate. Currently, Three Month SARON is four times larger in notional size than Three Month Euroswiss so this proposed change will enable the transition of Open Interest on a one to one futures contract basis. As the contract size of the Three Month SARON contract is reducing by a factor of 4, so the trading and clearing fees will reduce by the same amount. Attached [sic] as Exhibit 5 is an attachment containing tables listing the new fee schedules and a Circular in advance of the proposed effective date. The new fees are intended to come into effect on 01 March 2021 subject to regulatory approval. The proposed revisions to the fees are described in detail as follows.

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b–4.

<sup>3</sup> 15 U.S.C. 78s(b)(3)(a).

<sup>4</sup> 17 CFR 240.19b–4(f)(2).

<sup>5</sup> Capitalized terms used but not defined herein have the meanings specified in the ICE Clear Europe Clearing Rules.
