CFDA Number: 10.606  
Issue Date: May 6, 2013  
Application Due Date: August 2, 2013 at 5:00 PM Eastern Daylight Time**

**SECTION 1: FUNDING OPPORTUNITY DESCRIPTION**

**A. AUTHORITY:** The Food for Progress (FFP) program is authorized by the Food for Progress Act of 1985, as amended.

**B. PURPOSE:** The Food for Progress program provides for the donation of U.S. agricultural commodities to developing countries and emerging democracies that are committed to introducing or expanding free enterprise in their agricultural economies. Donated commodities are typically "monetized" (or sold on the local market), and the proceeds are used to fund agricultural development activities.

**C. PROGRAM OBJECTIVES:** For this announcement, the Foreign Agricultural Service (FAS) is concentrating FFP resources toward developing the agricultural value chain. To support the achievement of this goal, FAS has identified two high-level strategic objectives: (1) increase agricultural productivity and (2) expand trade of agricultural products (domestically, regionally, and internationally). Applications that do not contribute to at least one of these two high-level objectives will not be funded. Proposals should address both high-level objectives if necessary. FFP's high-level objectives are supported by two results frameworks that
