SUBJECT: Emergency Approval of New Information Collection for Pandemic EBT (Schools)

With respect to FNS's accompanying request for emergency OMB approval of activities associated with administering P-EBT, we want to bring to OMB's attention that the emergency information collection (IC) for P-EBT under the Families First Coronavirus Response Act (FFCRA) (OMB Control Number 0584-0652, expiration October 31, 2020), is currently under review at OMB. Thank you for your assistance with regard to both requests. We appreciate it.
