Authority: The collection of this information is authorized under the Magnuson-Stevens Fishery Conservation and Management Act, 16 U.S.C 1801 *et seq.*

Purpose: In order to manage U.S. fisheries, the NOAA National Marine Fisheries Service (NMFS) requires the use of permits or registrations by participants in the United States. A License Limitation Program (LLP) scallop license is required for vessels participating in scallop fisheries in federal waters off Alaska (except for some diving operations). As the selection process for the LLP has ended, no new licenses will be issued; an LLP license may only be obtained through transfer. The information collected is required to manage the Scallop License Limitation Program (LLP). The information requested is for the express purpose of ensuring that transfers of scallop LLP licenses are properly executed as requested by the parties to the transfer and to ensure that all provisions of the Federal regulations governing the transfer of such licenses (50 CFR 679.4(g)(5)) have been met..

Routine Uses: The Department will use this information to identify fishery participants and to determine transfer eligibility. Disclosure of this information is permitted under the Privacy Act of 1974 (5 U.S.C. Section 552a), to be shared within NMFS offices, in order to coordinate monitoring and management of sustainability of fisheries and protected resources, as well as with the applicable State or Regional Marine Fisheries Commissions and International Organizations. Disclosure of this information is also subject to all of the published routine uses as identified in the [Privacy Act System of Records Notice COMMERCE/NOAA-19](#), Permits and Registrations for the United States Federally Regulated Fisheries.

Disclosure: Furnishing this information is required to transfer a scallop license under the LLP; failure to provide complete and accurate information will prevent the determination of eligibility to transfer or receive an LLP license.

**INSTRUCTIONS
APPLICATION FOR
TRANSFER OF SCALLOP LLP LICENSE**

The information requested on this application is for the express purpose of ensuring that transfers of scallop licenses are properly executed as requested by the parties to the transfer and to ensure that all provisions of the Federal regulations governing the transfer of such licenses, 50 CFR 679.4(g)(5), have been met.

RESTRICTIONS

Gear: If a vessel did not make a legal landing of scallops outside Cook Inlet (State of Alaska Registration Area H) in 1 of the 3 years 1996, 1997, or 1998, through October 9, 1998, the license would be restricted to a single 6-foot (*1.8-m*) dredge.

Maximum Length Overall (MLOA): Each license displays an MLOA (in feet). MLOA is restricted to 100% of the LOA of the qualifying vessel or, 100% of the LOA of the largest vessel used in the recent qualifying period.

GENERAL INFORMATION

The Scallop License Limitation Program is authorized in Federal regulations at 50 CFR part 679, and provides that any vessel that is deployed in the scallop fisheries in Federal waters off Alaska must carry a valid scallop license.

A license is transferable; that is, once issued, it may be transferred by its holder(s) to another person(s) who may then use the license aboard a vessel deployed in the Federal scallop fishery in the waters off Alaska (subject to the restrictions of the license).

Scallop licenses have no area endorsements; all licenses are statewide.

Attach a copy of the sales contract or other agreement between the parties that sets out the terms and conditions of the proposed transfer.
