Resource Guide Satisfaction Survey

Thanks for working with our team on the MIECHV Developing Strategies to Facilitate Cross-Model Collaboration and Data Sharing project (MODS).

Your model recently received a resource guide offered by the MODS team to help you conduct research using your data. We would like to get feedback on the resource guide provided. This survey will only take about five minutes and will be used to improve the resources developed by the MODS Team. If you do not feel you can complete the survey, please forward it to the appropriate colleague. The responses to this survey are confidential. If you have any questions about this survey, please feel free to contact Yuko Ekyalongo at yekyalongo@childtrends.org or 612-223-3331 ex. 23.
