Attachment 4

MMP Facility Survey

DRAFT

Public reporting burden of this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer, 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; Attn: OMB-PRA (0920-New)

General instructions

1. Your health care facility was selected to receive the Centers for Disease Control and Prevention (CDC) Medical Monitoring Project (MMP) HIV facility survey because 1 or more patients with HIV have received care at your facility.
2. **Who should complete the survey?** The survey should be completed by a senior facility administrator, nurse manager, and/or clinical director. If preferred, that person may call [insert name of CDC contractor] to provide their responses over the phone (xxx-xxx-xxxx).
3. Survey questions refer to characteristics of the facility providing HIV care at the location named in the survey invitation.
 - a. Survey questions refer to characteristics of the facility **during the past 12 months**, unless otherwise specified.
 - b. The term *provider* refers to a health care professional with prescribing privileges authorized by the state.
4. **Do not include information that would identify the facility, e.g. name of facility, your name, or names of anyone who works at the facility.** Survey data will only be associated with a facility ID number.
