

J-1 Secondary School Student Program Check-In

The Department of State oversees the Secondary School Student Program (SSSP) and its administration by the sponsor organizations. Please use this survey to provide us with a quick summary of your SSSP exchange experience so far. Your answers will be combined with information from other exchange students to ensure your health, safety, and welfare and used by the Department of State to improve the program for current and future participants.

Your responses will be anonymous for the purposes of reporting. The only instances when your name may be used are for the purpose of follow-up on specific problems identified in this survey. The Department of State works with exchange students when they have serious concerns about their programs and their sponsor is unwilling or unable to assist them. If you would like our help, please provide your contact information when prompted at the end of the survey. Note that we will also ask whether you know of any other students having difficulties that might require follow-up by the Department of State. If you supply the names of other students and the Department of State follows up, your name will not be linked to these referrals.

Your participation in this survey is voluntary, and you are free to choose not to answer any question. You are under no obligation to supply your own name or the names of other students having difficulties.

We appreciate your help and hope that you have a great rest of your program! If you have any questions or issues with the form, please send an email to HighSchoolExchanges@state.gov.

- Yes - enter the survey
- No - exit the survey

Please select your sponsor organization from the list below.

When did you arrive on program (mm-dd-yyyy)?

Did you have to quarantine or take any other precautions as a result of the COVID-19 pandemic?
