

(DOE) in implementing the Energy Policy Act of 2005, executing certain sections of the Energy Independence and Security Act of 2007, and modernizing the nation's electricity delivery infrastructure. The EAC is composed of individuals of diverse backgrounds selected for their technical expertise and experience, established records of distinguished professional service, and their knowledge of issues that pertain to the electric sector.

Tentative Agenda

May 28, 2020

- 11:45 a.m.–12:00 p.m. WebEx Attendee Sign-On
- 12:00 p.m.–12:20 p.m. Welcome, Introductions, Developments since the June 2019 Meeting
- 1:20 p.m.–1:40 p.m. Update on Office of Electricity Programs and Initiatives
- 1:40 p.m.–2:20 p.m. Electric Industry Experience with Long Term Energy Storage and Power-to-Gas Storage
- 2:10 p.m.–2:50 p.m. Department of Energy R&D Strategy Related to Power-to-Gas Research and Development
- 2:50 p.m.–3:00 p.m. Break
- 3:00 p.m.–4:30 p.m. Moderated Roundtable Discussion Between DOE and EAC Regarding Power-to-Gas Research and Development
- 4:30 p.m.–4:50 p.m. Energy Storage Subcommittee Report and Vote on 2020 Biennial Storage Assessment Work Product
- 4:50 p.m.–5:00 p.m. Wrap-up and Adjourn Day 1

May 29, 2020

- 11:45 a.m.–12:00 p.m. WebEx Attendee Sign-On
- 12:00 p.m.–12:10 p.m. Welcome
- 12:10 p.m.–12:40 p.m. Update on the North American Energy Resilience Model (NAERM)
- 12:40 p.m.–2:00 p.m. DOE Activities Related to Grid Modernization and Planning
- 2:00 p.m.–2:15 p.m. Break
- 2:15 p.m.–4:00 p.m. Moderated Roundtable Discussion Between DOE and EAC Regarding Grid Modernization and Planning Activities
- 4:00 p.m.–4:20 p.m. Smart Grid Subcommittee Report
- 4:20 p.m.–4:35 p.m. Public Comments
- 4:35 p.m.–5:00 p.m. Wrap-up and Adjourn

The meeting agenda may change to accommodate EAC business. For EAC agenda updates, see the EAC website at: <http://energy.gov/oe/services/electricity-advisory-committee-eac>.

Public Participation: The EAC welcomes the attendance of the public at its meetings, no advanced registration is required. Individuals who wish to offer public comments at the EAC meeting may do so on Friday, May 29, but must register in advance by contacting Mr. Christopher Lawrence using the contact information above. Approximately 15 minutes will be reserved for public comments. Time allotted per speaker will depend on the number who wish to speak but is not expected to exceed three minutes. Anyone who is not able to attend the meeting, or for whom the allotted public comments time is insufficient to address pertinent issues with the EAC, is invited to send a written statement via email identified by "Electricity Advisory Committee May 2020 Meeting," to Mr. Christopher Lawrence.

Minutes: The minutes of the EAC meeting will be posted on the EAC web page at <http://energy.gov/oe/services/electricity-advisory-committee-eac>. They can also be obtained by contacting Mr. Christopher Lawrence at the address above.

Signed in Washington, DC on April 22, 2020.

LaTanya R. Butler,

Deputy Committee Management Officer.

DEPARTMENT OF ENERGY

Energy Information Administration

Agency Information Collection Proposed Extension

AGENCY: U.S. Energy Information Administration (EIA), Department of Energy (DOE).

ACTION: Notice and request for comments.

SUMMARY: EIA invites public comment on the proposed three year extension, with changes, of the *Natural Gas Data Collection Program*, as required under the Paperwork Reduction Act of 1995. The surveys covered by this request include:

Form EIA-176—*Annual Report of Natural and Supplemental Gas Supply and Disposition*;

Form EIA-191—*Monthly Underground Natural Gas Storage Report*;

Form EIA-191L—*Monthly Liquefied Natural Gas Storage Report*;

Form EIA-757—*Natural Gas Processing Plant Survey*;

Form EIA-857—*Monthly Report of Natural Gas Purchases and Deliveries to Consumers*;

Form EIA-910—*Monthly Natural Gas Marketer Survey*; and

Form EIA-912—*Weekly Natural Gas Storage Report*.

The *Natural Gas Data Collection Program* provides information on natural gas production, underground storage, supply, processing, transmission, distribution, and consumption by sector within the United States.

DATES: EIA must receive all comments on this proposed information collection no later than June 29, 2020. If you anticipate any difficulties in submitting your comments by the deadline, contact the person listed in the **ADDRESSES** section of this notice as soon as possible.

ADDRESSES: Submit comments electronically to michael.kopalek@eia.gov or mail comments to Michael Kopalek, U.S. Energy Information Administration, 1000 Independence Avenue SW, EI-25, Washington, DC 20585.

FOR FURTHER INFORMATION CONTACT: If you need additional information, contact Michael Kopalek, U.S. Energy Information Administration, telephone (202) 586-4001, or by email at michael.kopalek@eia.gov. The forms and instructions are available on EIA's website at www.eia.gov/survey/.

SUPPLEMENTARY INFORMATION: This information collection request contains:

- (1) OMB No.: 1902-0175;
- (2) *Information Collection Request Title:* Natural Gas Data Collection Program;

- (3) *Type of Request:* Three-year extension with changes;

- (4) *Purpose:* The surveys included in the *Natural Gas Data Collection Program* collect information on natural gas underground storage, supply, processing, transmission, distribution, consumption by sector, and consumer prices. The data collected supports public policy analyses and produce estimates of the natural gas industry. The statistics generated from these surveys are published on EIA's website (<http://www.eia.gov>) and are used in various EIA information products, including the *Weekly Natural Gas Storage Report* (WNGSR), *Natural Gas Monthly* (NGM), *Natural Gas Annual* (NGA), *Monthly Energy Review* (MER), *Short-Term Energy Outlook* (STEO), *Annual Energy Outlook* (AEO), and *Annual Energy Review* (AER).

- (4a) *Proposed Changes to Information Collection:*

Form EIA-176—Annual Report of Natural and Supplemental Gas Supply and Disposition

Form EIA-176 collects data on natural, synthetic, and other supplemental gas supplies, their disposition, and certain revenues by state. EIA proposes to modify the survey instructions to explicitly include “producers of renewable natural gas or biogas, including landfill collection facilities, agricultural digesters, and wastewater treatment facilities.” EIA seeks to add producers of renewable natural gas and biogas as respondents to Form EIA-176 because these facilities produce and consume gas in electric power generation, vehicle fuel, and other applications and are in scope for the reporting frame.

Form EIA-191—Monthly Underground Natural Gas Storage Report

Form EIA-191 collects data on the operations of all active underground storage facilities. The name of the survey will change from *Monthly Underground Gas Storage Report* to *Monthly Underground Natural Gas Storage Report*.

Form EIA-191L—Monthly Liquefied Natural Gas Storage Report

EIA proposes to add a new survey, Form EIA-191L, *Monthly Liquefied Natural Gas Storage Report* to collect natural gas inventory storage data from approximately 90 operators of liquefied natural gas (LNG) facilities. Form EIA-191L is a shorter version of Form EIA-191 and will collect the same natural gas data as Form EIA-191 except it will not collect information on base gas, working gas, field type, and facility type.

Form EIA-757—Natural Gas Processing Plant Survey

Form EIA-757 collects information on the capacity, status, and operations of natural gas processing plants, and monitors their constraints to natural gas supplies during catastrophic events, such as hurricanes. *Schedule A* of Form EIA-757 collects baseline operating and capacity information from all respondents on a triennial basis. *Schedule B* is used on an emergency standby basis and is activated during natural disasters or other energy disruptive events. *Schedule B* collects data from a sample of respondents in the affected areas. There are no proposed changes to Form EIA-757.

Form EIA-857—Monthly Report of Natural Gas Purchases and Deliveries to Consumers

Form EIA-857 collects data on the quantity and cost of natural gas delivered to distribution systems and the quantity and revenue of natural gas delivered to consumers by end-use sector, on a monthly basis by state. There are no proposed changes to this survey.

Form EIA-910—Monthly Natural Gas Marketer

Form EIA-910 collects information on natural gas sales from marketers in selected states that have active consumer choice programs. EIA proposes to increase the number of respondents to this survey due to the increased number of natural gas market participants.

Form EIA-912—Weekly Natural Gas Storage Report

Form EIA-912 collects information on weekly inventories of natural gas in underground storage facilities. LNG storage capacity increased 28% from 2008 to 2018, driven by growth of LNG activity at marine terminals. EIA proposes to collect aboveground storage stocks from approximately five marine terminals that import or export LNG. The name of the survey will change from *Weekly Underground Natural Gas Storage Report* to *Weekly Natural Gas Storage Report*.

(5) *Annual Estimated Number of Survey Respondents*: 3,645;

Form EIA-176 consists of 2,200 respondents;

Form EIA-191 consists of 145 respondents;

Form EIA-191L consists of 90 respondents;

Form EIA-757 Schedule A consists of 600 respondents

Form EIA-757 Schedule B consists of 20 respondents;

Form EIA-857 consists of 330 respondents;

Form EIA-910 consists of 160 respondents;

Form EIA-912 consists of 100 respondents.

(6) *Annual Estimated Number of Total Responses*: 16,487.

(7) *Annual Estimated Number of Burden Hours*: 57,012.

(8) *Annual Estimated Reporting and Recordkeeping Cost Burden*: \$4,568,942 (57,012 burden hours times \$80.14 per hour). EIA estimates that respondents will have no additional costs associated with the surveys other than the burden hours and the maintenance of the information during the normal course of business.

Comments are invited on whether or not: (a) The proposed collection of information is necessary for the proper performance of agency functions, including whether the information will have a practical utility; (b) EIA's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used, is accurate; (c) EIA can improve the quality, utility, and clarity of the information it will collect; and (d) EIA can minimize the burden of the collection of information on respondents, such as automated collection techniques or other forms of information technology.

Statutory Authority: 15 U.S.C. 772(b) and 42 U.S.C. 7101 *et seq.*

Signed in Washington, DC, on April 20th, 2020.

Thomas Leckey,

Assistant Administrator for Energy Statistics, U.S. Energy Information Administration.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. AD20-14-000]

Carbon Pricing in FERC-Jurisdictional Organized Regional Wholesale Electric Energy Markets; Notice of Request for Technical Conference or Workshop

Take notice that on April 13, 2020, Advanced Energy Economy, the American Council on Renewable Energy, the American Wind Energy Association, Brookfield Renewable, Calpine Corporation, Competitive Power Ventures, Inc., the Electric Power Supply Association, the Independent Power Producers of New York, Inc., LS Power Associates, L.P., the Natural Gas Supply Association, NextEra Energy, Inc., PJM Power Providers Group, R Street Institute, and Vistra Energy Corp. (together, the Interested Parties), pursuant to Rule 207 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure, 18 CFR 385.207 (2019), filed a petition requesting that the Commission hold a technical conference or workshop to discuss integrating state, regional, and national carbon pricing in FERC-jurisdictional organized regional wholesale electric energy markets.

Any person that wishes to comment in this proceeding must file comments in accordance with Rule 211 of the Commission's Rules of Practice and Procedure, 18 CFR 385.211 (2019).
