USE THE SPACE BELOW IF YOU WOULD LIKE TO ELABORATE ON YOUR RESPONSE:

2. Rate your level of agreement with the following statements regarding the agreement.

Scale 0=Not at all, 10=Completely

5. Were you satisfied with the agreement reached using the facilitated process?

Scale 0=Not at all, 10=Completely

Effects of the Agreement

In the next set of questions, you will be asked about the size and the likelihood of the most important condition that you expect will change as a result of the agreement reached through the facilitated process.

We recognize that there can be uncertainty about your answers to these questions. Without you answering all questions, we cannot produce the needed estimate of effects from the agreement reached through the facilitated process.

6. From your perspective, what condition has been or will be the most importantly affected or changed as a result of the agreement made in this facilitated process?

PLEASE SELECT THE CONDITION MOST IMPORTANTLY AFFECTED OR CHANGED.

The next two questions help us to calculate the amount of time the case lead (you or someone else) spent actively working with the facilitator or other parties in the facilitated process.

You will be asked about:

- the number of weeks the case lead was actively involved in the facilitated process (excluding inactive periods); and
- the number of hours in a typical week the case lead was actively involved in the facilitated process.

We will multiply these two numbers together to generate a rough estimate of the amount of time your organization's case lead spent on the process.

We recognize that there can be considerable uncertainty about these values. Without you providing both numbers we cannot produce the needed estimate of time spent during the facilitated process for your organization.

Please make every effort to provide estimates of weeks and hours in the following two questions.

19. For how many weeks was your organization’s staff lead (you or someone else) actively involved in working with the facilitator or other parties during the facilitated process (excluding any less intensive periods)?

YOU MAY ENTER "DK" IF YOU CAN NOT PROVIDE AN ESTIMATE.

Total number of weeks the facilitated process was active (or DK) _____

20. How many hours did your organization’s staff lead (you or someone else) spend on the facilitated process over the course of a typical week in which you were actively working with the facilitator or other parties (excluding less intensive periods)?

IF YOU DON'T THINK YOU HAD A TYPICAL WEEK, PLEASE DO YOUR BEST TO PROVIDE A ROUGH ESTIMATE OF YOUR AVERAGE WEEKLY TIME COMMITMENT WHEN YOU WERE ACTIVELY INVOLVED IN THE FACILITATED PROCESS.

INCLUDE ACTIVITIES PREPARING FOR AND PARTICIPATING IN NEGOTIATION, TRAVEL, MEETINGS WITH THE FACILITATOR AND OTHER PARTIES, AND OTHER ACTIVITIES RELATED TO THE FACILITATED PROCESS.

HOURS SPENT IN A TYPICAL ACTIVE WEEK BY YOU DURING THE FACILITATED PROCESS

- 1-5 HOURS 6-10 HOURS 11-15 HOURS 16-20 HOURS 21-25 HOURS 26-30 HOURS
- 31-35 HOURS 36-40 HOURS 41-50 HOURS OVER 50 HOURS DON'T KNOW

21. Were there important costs in addition to staff time to your organization associated with the facilitated process?

- Yes
- No (GO TO 43)
- Not certain (GO TO 43)

22. What were these additional costs for? PLEASE USE THE LIST BELOW TO IDENTIFY THE IMPORTANT SOURCES OF THESE COSTS.

Largest cost	
Next largest cost	
Third largest cost	
Fourth largest cost	

Fifth largest cost	
--------------------	--

23. **Please estimate the total of these additional costs you identified above.**

- \$75,001-\$100,000
- \$100,001-\$250,000
- Over \$250,000

24. **If you and the other party(ies) had not used a facilitated process what is the alternative decision making process that would most likely have been used to reach an agreement or decision the matter? In responding to this question, please choose the most likely alternative forum/entity to the facilitated process that would have produced a decision or agreement on the same matter, regardless of whether that agreement or decision might be later appealed in other forums.**

- We would have reached a negotiated agreement/settlement with other party(ies) without the assistance of a facilitator.
- The administrative tribunal would have issued a ruling to decide the matter before any other appeals occurred.
- The case would have been withdrawn from the administrative tribunal before a ruling was issued.
- Other (please describe)

WE WOULD LIKE YOU TO NOW CONSIDER THE AMOUNT OF TIME THAT WOULD LIKELY HAVE BEEN REQUIRED IF THE DECISION HAD BEEN MADE BY [Q24] INSTEAD OF BY THE PARTIES USING THE FACILITATED PROCESS.

25. **If the decision or agreement had been made in the alternative process you selected (i.e., [Q24]) what is your estimate of the total time period in weeks for the facilitated process? This is the elapsed time from beginning to end, including any inactive time**

A ROUGH ESTIMATE IS FINE. INCLUDE ACTIVITIES PREPARING FOR TRAVEL AND MEETINGS, AND OTHER ACTIVITIES RELATED TO THE PROCESS. YOU MAY ENTER "DK" IF YOU CAN NOT PROVIDE AN ESTIMATE.

Please estimate the total number of weeks (or don't know) _____

26. **If the decision or agreement had been made in the alternative process you selected (i.e., [Q24]) please consider a typical week during the time your organization would have been actively involved in the process.**

Please estimate how many staff members (including you, but excluding any employees serving as facilitators) would have been involved directly in the alternative process you selected as a regular part of the case team?

INCLUDE ACTIVITIES PREPARING FOR TRAVEL AND MEETINGS, AND OTHER ACTIVITIES RELATED TO THE PROCESS. YOU MAY ENTER "DK" IF YOU CAN NOT PROVIDE AN ESTIMATE.

Radio buttons 1 (only myself) through 10 or more with DK

27. Please estimate how many weeks you would have (you or someone else) have been actively involved in the alternative process you selected (i.e., [Q24]) (excluding any less intensive periods)?

YOU MAY ENTER "DK" IF YOU CAN NOT PROVIDE AN ESTIMATE.

Total number of weeks the [Q24] process was active (or DK) _____

28. How many hours would your organization's staff lead (you or someone else) have spent over the course of a typical week in which you were actively working on the alternative process you selected (i.e., [Q24]), excluding less intensive periods?

IF YOU DON'T THINK YOU HAD A TYPICAL WEEK, PLEASE DO YOUR BEST TO PROVIDE A ROUGH ESTIMATE OF YOUR AVERAGE WEEKLY TIME COMMITMENT WHEN YOU WERE ACTIVELY INVOLVED IN THE PROCESS.

INCLUDE ACTIVITIES PREPARING FOR TRAVEL AND MEETINGS, AND OTHER ACTIVITIES RELATED TO THE PROCESS. YOU MAY ENTER "DK" IF YOU CAN NOT PROVIDE AN ESTIMATE.

31-35 HOURS	36-40 HOURS	41-50 HOURS	OVER 50 HOURS	DON'T KNOW	

29. If the alternative process you selected (i.e., [Q24]) had been used instead of the facilitated process for this case what is your estimate of the total costs using that process other than the cost of staff time?

- Under \$10,000
- \$10,001-\$25,000
- \$25,001-\$50,000
- \$50,001-\$75,000

- \$100,001-\$250,000
- Over \$250,000

30. Imagine the [pipe selected response from Q6] condition that would have occurred during the first [insert number] years after a decision or agreement from the alternative process you identified above (i.e., [pipe Q24]). Would the [pipe selected response from Q6] condition be better or worse than existed before you began the facilitated process?

Please indicate the extent to which the decision or agreement from the alternative process would have produced a better or worse [pipe selected response from Q16] condition than what existed before the facilitated process began.

Scale -4 to +4 with -4=significantly worse and +4=significantly better

31. How likely would the result you indicated in Q30 be for the [pipe from Q6] condition be during the first [insert number] years after a decision or agreement from the alternative process?

Scale 0=would not occur, 10=would have already occurred or definitely would occur.

32. Please explain your answers about the amount and likelihood of change in the [pipe from Q6] condition following the alternative process (i.e., [pipe Q24]) and agreement/decision.

- Yes (describe)
- No
- Uncertain

34. Please explain your response.

The next several questions ask for your views about how the facilitated process and the alternative you selected above (i.e., [Q24]) would compare.

35. Please consider how the total costs (time and expenses) of the facilitated process compare with the potential costs of the alternative that you identified in Q24 [i.e., pipe from Q24].

The facilitated process was likely CHECK ONE:

- Significantly more costly than the alternative
- Somewhat more costly that the alternative
- Costs were about the same
- Somewhat less costly that the alternative
- Significantly less costly than the alternative
- Don't know

[0=Not at all, 10=Completely]

- a. The facilitated process better served the interests of my/our organization.
- b. The facilitated process resulted in more timely decisions and implementation
- c. The participants are more likely to be able to work together in the future on matters related to this case.
- d. The agreement we reached through the facilitated process is less likely to be challenged.
- e. The agreement we reached through the facilitated process is better for us.

37. In your view, what is the greatest advantage and disadvantage that the agreement from the facilitated process provided compared to what would have been possible with the alternative process you selected (i.e., [Q24])?

Greatest advantage

Greatest disadvantage

38. What is your top suggestion on how the facilitated process could have been improved?

PLEASE WRITE "NONE" IF YOU FEEL THIS PROCESS COULD NOT HAVE BEEN IMPROVED.
