Dear Mr./Ms. [Respondent Name]

On behalf of the 2M Research study team, I want to thank you for your time and effort in your participation in the Evaluation of Regulatory Impediments to the Financing and Siting of Factory-Built Housing in American Communities study. We understand your time is valuable and truly appreciate the time you took to share your knowledge and experiences with us.

Findings from this study will help the U.S. Department of Housing and Urban Development better understand the regulatory barriers preventing or limiting the use of factory-built homes as a potentially affordable housing option in urban and suburban communities.

All responses will be aggregated and presented in a report that provides national-level findings and lessons learned.

Please feel free to reach out to me using phone number and email address listed below if you have any further questions about the study.

Sincerely,

2M Contact
