Federal Communications Commission

Explanation of Non-Substantive Changes to OMB Control Number 3060-0819:

- FCC Form 481
- FCC Form 497
- FCC Form 5631

Purpose of this Submission: This submission is being made for a non-substantive change to an existing information collection pursuant to 44 U.S.C. § 3507. The Commission inadvertently omitted FCC Forms 497, 5631, and field descriptions for Form 481 in its submission which was approved by the Office of Management and Budget (OMB) on June 15, 2020.

Request: We request that the current FCC Forms 481, 497, and 5631 be included in the 3060-0819 Information Collection approved by OMB on June 15, 2020. Revisions to FCC Form 481 were approved under OMB Control Number 3060-0986 (Notice of OMB Action received June 15, 2020), and the revised form was inadvertently omitted from this collection. Although the revision to this collection approved by OMB in June referenced updated burden estimates for Form 481, the revised form was not included with the submission. Similarly, the revisions to this collection referenced the updated burden estimates for FCC Forms 497 and 5631. However, the forms were not included with the submission. There were no substantive changes to the forms. We request that the omitted forms be uploaded so there is a complete inventory of the forms associated with this collection.
