Explanation of Non-Substantive Changes to OMB Control Number: 3060-0139:

- Application for Antenna Structure Review, FCC Form 854.

Purpose of this Submission: This submission documents a non-substantive change request to an existing information collection pursuant to 44 U.S.C. § 3507. This submission seeks to make non-substantive changes to FCC Form 854 instructions for Item 1, 52-55, and 56-59 to clarify and add, that the signature of both the assignor and assignee are required for Ownership Change applications. By doing this, the FCC is addressing the Security Risk in the current process where an Ownership Change purpose on FCC Form 854 can be submitted and automatically granted without prior approval of the currently registered owner. Additionally, item 42 is being updated to incorporate the FAA's new Advisory Circular, 70/7460-1L, dated December 4, 2015.
