

investment guidelines and governance procedures set forth therein. Given that such guidelines and governance procedures are designed to safeguard funds that are in the custody or control of the Clearing Agencies or for which they are responsible, the Clearing Agencies believe the proposed changes are consistent with the requirements of Section 17A(b)(3)(F) of the Act.¹²

Rule 17Ad-22(e)(16) under the Act requires the Clearing Agencies to establish, implement, maintain and enforce written policies and procedures reasonably designed to safeguard the Clearing Agencies' own and their participants' assets, minimize the risk of loss and delay in access to these assets, and invest such assets in instruments with minimal credit, market, and liquidity risks.¹³ The Clearing Agencies believe that the Investment Policy follows a prudent and conservative investment philosophy, placing the highest priority on maximizing liquidity and avoiding risk of loss, by setting appropriate investment limits and creating clear guidelines. As originally implemented, the Investment Policy was designed to meet the requirements of Rule 17Ad-22(e)(16) under the Act.¹⁴

For the reasons stated above, the Clearing Agencies believe that the proposed revisions would both strengthen the risk management objectives of the Investment Policy and improve the clarity of the Policy and, therefore, make the Investment Policy more effective in governing the management, custody, and investment of funds of and held by the Clearing Agencies. In this way, the proposed changes would better allow the Clearing Agencies to maintain this document in a way that is designed to meet the requirements of Rule 17Ad-22(e)(16). Therefore, the Clearing Agencies believe the proposed revisions would be consistent with the requirements of Rule 17Ad-22(e)(16) under the Act.¹⁵

(B) Clearing Agency's Statement on Burden on Competition

Each of the Clearing Agencies believes that none of the proposed revisions to the Investment Policy would have any

impact, or impose any burden, on competition. The Investment Policy applies equally to allowable investments of Clearing Fund and Participants Fund deposits, as applicable, of each member of the Clearing Agencies, and establishes a uniform policy at the Clearing Agencies. The proposed changes to the Investment Policy would not affect any changes on the fundamental purpose or operation of this document and, as such, would also not have any impact, or impose any burden, on competition.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Clearing Agencies have not solicited or received any written comments relating to this proposal. The Clearing Agencies will notify the Commission of any written comments received by the Clearing Agencies.

III. Date of Effectiveness of the Proposed Rule Change, and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- (B) institute proceedings to determine whether the proposed rule change should be disapproved.

Reduction Act”), the Securities and Exchange Commission (“the Commission”) has submitted to the Office of Management and Budget (“OMB”) a request for extension of the previously approved collection of information discussed below.

Rule 498 (17 CFR 230.498) under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*) (“Securities Act”) permits open-end management investment companies (“funds”) to satisfy their prospectus delivery obligations under the Securities Act by sending or giving key information directly to investors in the form of a summary prospectus (“Summary Prospectus”) and providing the statutory prospectus on a website. Upon an investor’s request, funds are also required to send the statutory prospectus to the investor. In addition, under rule 498, a fund that relies on the rule to meet its statutory prospectus delivery obligations must make available, free of charge, the fund’s current Summary Prospectus, statutory prospectus, statement of additional information, and most recent annual and semi-annual reports to shareholders at the website address specified in the required Summary Prospectus legend (17 CFR 270.498(e)(1)). A Summary Prospectus that complies with rule 498 is deemed to be a prospectus that is authorized under Section 10(b) of the Securities Act and Section 24(g) of the Investment Company Act of 1940 (15 U.S.C. 80a–1 *et seq.*).

The purpose of rule 498 is to enable a fund to provide investors with a Summary Prospectus containing key information necessary to evaluate an investment in the fund. Unlike many other federal information collections, which are primarily for the use and benefit of the collecting agency, this information collection is primarily for the use and benefit of investors. The information filed with the Commission also permits the verification of compliance with securities law requirements and assures the public availability and dissemination of the information.

Based on an analysis of fund filings, the Commission estimates that approximately 10,536 funds are using a Summary Prospectus. The Commission estimates that the annual hourly burden per fund associated with the compilation of the information required on the cover page or the beginning of the Summary Prospectus is 0.5 hours, and estimates that the annual hourly burden per fund to comply with the website posting requirement is approximately 1 hour, requiring a total

of 1.5 hours per fund per year.¹ Thus the total annual hour burden associated with these requirements of the rule is approximately 15,804.² The Commission estimates that the annual cost burden is approximately \$18,105 per fund, for a total annual cost burden of approximately \$190,754,280.³

Estimates of the average burden hours are made solely for the purposes of the Paperwork Reduction Act and are not derived from a comprehensive or even a representative survey or study of the costs of Commission rules and forms. Under rule 498, use of the Summary Prospectus is voluntary, but the rule’s requirements regarding provision of the statutory prospectus upon investor request are mandatory for funds that elect to send or give a Summary Prospectus in reliance upon rule 498. The information provided under rule 498 will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The public may view background documentation for this information collection at the following website: www.reginfo.gov. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to (i) www.reginfo.gov/public/do/PRAMain and (ii) David Bottom, Director/Chief Information Officer, Securities and Exchange Commission, c/o Cynthia Roscoe, 100 F Street NE, Washington, DC 20549, or by sending an email to: PRA_Mailbox@sec.gov.
