Dear:
This is to inform you, that based on the information provided with your application for a transfer of an initial American Samoa longline limited entry permit received February 10, 2006, I have determined that you are not eligible for a permit transfer for reasons indicated below.
 You did not provide evidence of meeting one of the requirements specified for transfers of Class A permits in the Code of Federal Regulations, Title 50, Section 660.36(i)(2)(iii). The person receiving the transferred permit must meet one of the following requirements: A family member of the permit holder, A Western Pacific community located in American Samoa that meets the criteria set forth in the Magnuson-Stevens Act, 16 U.S.C. 1855(i)(2), and its implementing regulations, or Any person with documented participation in the pelagic longline fishery on a Class A size vessel in the EEZ around American Samoa prior to March 22, 2002. A copy of the pertinent section of the regulation is enclosed, for your information.
With regard to documented participation, the Pacific Islands Fishery Science Center has records of longline logbooks being submitted for F/V from August 2002 forward. You corroborated that you did not begin fishing with longline gear until August 2002 with F/V in a conversation with Walter Ikehara on November 28, 2005, with regard to your initial permit application. There is no record of longline fishing activity with F/V before March 22, 2002.
I regret that I have no choice but to deny your application for permit transfer. You may appeal the denial to the NMFS Pacific Islands Regional Administrator in writing within 30 days of this action, at which time you may provide additional information pertinent to your appeal. Please see 50 CFR Sections 665.139m) and 665.801(o) in the copy of the regulation enclosed for the appeal procedure.
If you have any questions, please contact Walter Ikehara at (808) 944-2275 or FAX (808) 973-2941.
Thank you for your cooperation and understanding in this matter.

Sincerely,

Alvin Z. Katekaru Assistant Regional Administrator

- (o) Permit appeals. Except as provided in subpart D of 15 CFR part 904, any applicant for a permit or any permit owner may appeal to the Regional Administrator the granting, denial, conditioning, suspension, or transfer of a permit or requested permit under this section. To be considered by the Regional Administrator, the appeal must be in writing, must state the action(s) appealed, and the reasons therefore, and must be submitted within 30 days of the action(s) by the Regional Administrator. The appellant may request an informal hearing on the appeal.
- (1) Upon receipt of an appeal authorized by this section, the Regional Administrator may request additional information. Upon receipt of sufficient information, the Regional Administrator will decide the appeal in accordance with the criteria set out in this part for qualifying for, or renewing, limited access

permits. In making such decision, the Administrator will review relevant portions of the Western Pacific Pelagic FEP, to the extent such review would clarify the criteria in this part. Such decision will be based upon information relative to the application on file at NMFS and the Council and any additional information available; the summary record kept of any hearing and the hearing officer's recommended decision, if any, as provided in paragraph (o)(3) of this section; and such other considerations as deemed appropriate. Within 30 days of the last day of the hearing, the hearing officer shall recommend, in writing, a decision to the Regional Administrator.
- (3) The Regional Administrator may adopt the hearing officer's recommended decision, in whole or in part, or may reject or modify it. In any event, the Regional Administrator will notify the appellant, and interested persons, if any, of the decision, and the reason(s) therefore, in writing, within 30 days of receipt of the hearing officer's recommended decision. The Regional Administrator's action shall constitute final Agency action for purposes of the Administrative Procedure Act.
- (4) In the case of a timely appeal from an American Samoa longline limited access permit initial permit decision, the Regional Administrator will issue the appellant a temporary American Samoa longline limited access permit. A temporary permit will expire 20 days after the Regional Administrator's final decision on the appeal. In no event will a temporary permit be effective for longer than 60 days.
- (5) With the exception of temporary permits issued under paragraph (o)(4) of this section, the Regional Administrator, for good cause, may extend any time limit prescribed in this section for a period not to exceed 30 days, either upon his/her own motion or upon written request from the appellant stating the reason(s) therefore.
