Bruce Steadman
Executive Director
Fort Monmouth Economic Revitalization Authority
2-12 Corbett Way, Suite C
Eatontown, New Jersey 07724

Dear Mr. Steadman:

The purpose of this letter is to emphasize the requirements of preparing and submitting annual financial statements in accordance with current Economic Development Conveyance (EDC) legislation, as well as in accordance with Article 5 of the Agreement between the Army and the Fort Monmouth Economic Revitalization Authority (FMERA) for the conveyance of the Phase 2 Parcels at Fort Monmouth. The National Defense Authorization Act for FY 2010 provides for the transfer of real and personal property to a local redevelopment authority (LRA), below estimated fair market value in consideration for a share of revenues that the LRA receives from third party buyers and/or lease holder of the conveyed property. This legislation also requires all EDC recipients to reinvest proceeds received from the sale, lease or equivalent use of former military base assets into job-generation and economic redevelopment activities at or related to the former military installation. These activities include reinvestment into 12 allowable categories. A listing of these categories is in [Enclosure 1](#). In addition, activities that are performed on or to the conveyed property that directly relate to the 12 categories are also considered appropriate and allowable uses of proceeds.

For approved EDCs, the Department of Defense and the Army require that the FMERA submit annual financial statements, certified by an independent Certified Public Accountant (CPA) that account for the reinvestment of proceeds generated from the EDC property into one or more of the allowable categories. The Army also requires a U.S. Army Audit Agency review and report on the annual statements. In order for the Army to fully evaluate whether the proceeds were properly invested, the Army requires the following from the FMERA:

- Submit financial statements certified by an independent certified public accounting firm. The CPA’s audit report should express an opinion on the FMERA’s financial position, results of its operations, and whether the financial statements were presented fairly in all material respects, in conformity with generally accepted accounting principles (GAAP).
- Include in the statements (or as supplemental statements) a breakdown of the revenues and expenditures generated from the EDC parcel. Expenditures need to be broken down into the 12 categories to show where the proceeds were reinvested. In addition, the Army requires the notes to the financial statements and supplemental schedules to provide explanations of the sources of revenues and expenditures and its future plans for redeveloping the discounted EDC property.

For your consideration, [Enclosure 2](#) is a framework for financial statements that the Army finds acceptable. These examples are intended to provide only a framework for the minimum amount of data required for preparing financial statements. [Enclosure 3](#) is an example of notes to the financial statement explaining revenues, expenses, and future plans for the discounted EDC property. [Enclosure 4](#) is an example of a supplemental schedule detailing sources of revenues. [Enclosure 5](#) contains the mailing addresses for the annual financial statements.

Your accounting reports must also factor the definitions of “Gross Sales Revenues” and “Gross Lease Revenues” as defined in the Army-FMERA “Agreement” and include accurate statements of gross revenues for Army review and verification of income as related to our revenue sharing agreement. The Army will review your annual reports to include monthly totals of gross income for each source of income being shared by the Army. Annual Reports need to include certified copies of each Promissory Note and/or Security Interest applicable to the real property sales of the Property. Each source of revenue must be reported separately, i.e. agricultural leases, real property sales, land and building lease revenues, etc. in line with the revenue sharing sources of income. These reports must be supported by transactional details that would be made available if requested by the Army. The Army will require these annual reports of gross income until the time that all revenue sharing obligations are paid to the Army. This reporting of gross revenues by source of income can be inclusive in the reporting required to show reinvestment of revenues and expenditures under the EDC legislation as discussed in the prior paragraphs above but must include the required detail to support annual payments to the Army.

The Army requests your timely submission of all appropriate financial statements. If you have any questions or concerns, please contact James Briggs in the Army BRAC Division, 703-545-2513.

Sincerely,

Paul Cramer
Acting Deputy Assistant Secretary of the Army
(Installations, Housing, and Partnerships)
