Public Burden Statement

OMB Number: 0915-0126 Expiration Date: XX/XX/20XX

Public Burden Statement: The NPDB is a web-based repository of reports containing information on medical malpractice payments and certain adverse actions related to health care practitioners, providers, and suppliers. Established by Congress in 1986, it is a workforce tool that prevents practitioners from moving state-to-state without disclosure or discovery of previous damaging performance. The statutes and regulations that govern and maintain NPDB operations include: Title IV of Public Law 99-660, Health Care Quality Improvement Act (HCQIA) of 1986, Section 1921 of the Social Security Act, Section 1128E of the Social Security Act, and Section 6403 of the Patient Protection and Affordable Care Act of 2010. The NPDB regulations implementing these laws are codified at [45 CFR Part 60](#). An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this information collection is 0915-0126 and it is valid until XX/XX/202X. This information collection is required to obtain or retain a benefit ([45 CFR Part 60](#)). 45 CFR Section 60.20 provides information on the confidentiality of the NPDB. Information reported to the NPDB is considered confidential and shall not be disclosed outside of HHS, except as specified in Sections 60.17, 60.18, and 60.21. Public reporting burden for this collection of information is estimated to average .42 hours per response, including the time for reviewing instructions, searching existing data sources, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to HRSA Reports Clearance Officer, 5600 Fishers Lane, Room 14N136B, Rockville, Maryland, 20857 or paperwork@hrsa.gov.

4. Identify Verification (Step 4 of 4)

The NPDB must verify your identity to keep your information confidential. You may verify your identity online or manually on paper. If your online verification is successful, there is no paper to sign or notarize. We will process your order right away. **Your credit must be unlocked to use online identity verification.**

How do you want to verify your identity?

- Online** - Get your response in seconds.
 - Answer 4 questions regarding financial information that only you will know. The questions are provided by an external identity verification service over a secure server.
 - **The questions are only displayed once and you must answer them right away.** Your correct answers verify your identity. A notarized signature is NOT required.
 - Your order is processed right away. Most electronic responses are available in 30 seconds.*

I agree to the [Terms of Service](#)
- Manual** - Wait up to 7 additional business days for your response.
 - Print a copy of the Self-Query Identification document.
 - Take the unsigned document to a notary public and sign it in their presence.
 - Prove your identity to the notary by presenting a government-issued form of identification.
 - Send the notarized document to the NPDB. Your order is processed after the document is received and verified.

*Responses may require a full business day to ensure identity protection.

4. Identify Verification (Step 4 of 4)

The verification service is unable to verify your identity

- We were unable to initiate the online identity verification process using the information you provided.

Possible Reasons:

- The name on your order is different from the name on your credit history
- Your address doesn't match any given by your credit history
- You do not have enough credit history
- You have fraud alerts or holds on credit accounts
- If you have a limited credit history, have been the victim of identity theft, or live outside of the U.S, you may not be able to verify your identity online

Next Step: Use a manual process to verify your identity.

- Submit your order, then follow the instructions on the next page to print a form and verify your identity with a notary
- Your credit card is not charged until the notarized form is received, the order is processed, and your results are available

We must receive your notarized Self-Query Identity Verification form and verify it before we can process your order.

- 1. Print your Identity Verification document.** Review it to be sure it is correct.
[Edit Your Order Form](#) if you need to change something. Complete your revisions, then print the revised document.
- 2. Take the form to a notary public and sign it in front of them.**
Most banks have a notary available at no charge for their customers.
- 3. Send the notarized form to the NPDB.**
 - Scan all pages of the notarized form. Save the files as a .gif, .jpg, .pdf, or .png.
 - Be sure all images are clearly readable, including the notary seal. If the seal is white and embossed, lightly shade over the seal with a pencil so it is visible.
 - Upload your files using "drag and drop" or select [browse for files](#) to choose files from your computer.

Drag and drop to upload or browse for files.

If you cannot upload your files, mail all pages of the original notarized form to the NPDB.
The address is printed on the first page of the form.

Allow 7 business days for delivery of first-class U.S. mail and 2 business days for overnight delivery services. Due to security requirements, we cannot accept documents through fax or email.

4. Check your email.

Self-Query documents are processed in the order they are received. Allow 1 business day for the NPDB to process your order after documents are received, either electronically or by mail delivery. The NPDB sends you an email when processing is complete and your results are ready. You can view your results online.

Paper copies are only sent by first-class U.S. mail. Overnight delivery is **not** available.

When your envelope arrives, do not open it if you are sending your Self-Query to an organization such as a licensing board. Most organizations reject Self-Query responses if the envelope seal is broken.
