Form Approved OMB No. 0920-xxxx Exp. Date xx/xx/xxxx

Only bold text is to be read aloud by the data collector. Instructions to data collector are italicized. Responses with boxes (\Box) can have multiple responses and single answers have circles (\bigcirc) .

MANAGER INFORMED CONSENT

CDC estimates the average public reporting burden for this collection of information as 20 minutes per response, including the time for reviewing instructions, searching existing data/information sources, gathering and maintaining the data/information needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate to: CDC/ATSDR Information Collection Review Office, MS D-74, 1600 Clifton Road, NE, Atlanta, GA 30333 ATTN: PRA (0920-xxxxx).

Having said that I need to let you know that if at any time during my visit I see something that is an imminent health hazard, such as no power or water, or sewage backing up in the restaurant, I will need to stop what I am doing and report the problem to your local health department.

I am going to ask you some questions about your restaurant and its ill worker procedures. If any of the questions make you uncomfortable, you can choose not to answer them. The information I collect today will be combined with information from other restaurants in other states. While I do have your restaurant name and address, it will remain with me and be destroyed at the end of the study. The data we collect will only be reported with a coded identifier that will not be provided to anyone else.

The information you provide will be valuable in understanding some of the tough issues that restaurants face, so we ask you to be as open and honest as you can.

For intervention restaurants introducing the toolkit

The interview portion should take approximately 20 minutes. After the interview, I would like to provide you with a toolkit for developing or enhancing your current ill worker policies and explain a bit about how you may use it. This should take no more than 30 minutes. I also would like to provide this survey to your workers, they can fill it out at their leisure and it should take less than 5 minutes to get their perspectives. I would then like to take a short tour of the kitchen.

For control restaurants or follow up of intervention restaurants

The interview portion should take approximately 20 minutes. After the interview, I also would like to provide this survey to your workers, they can fill it out at their leisure and it should take less than 5 minutes to get their perspectives. I would then like to take a short tour of the kitchen.

For all restaurants

I appreciate your time and will be following up in 3-6 months with you to see if there have been any changes in the restaurants practices.

Do you have any questions? If you have any questions at a later time or would like a summary of the study's findings, you can contact: (Local contact name). We expect to have all of the data summarized in about a year and a half.

DEMOGRAPHIC / CLASSIFICATION

I'd like to ask you some questions about yourself and this restaurant. Please be as open and honest as possible, the results will be merged with information from other restaurants and no specific identifying information from this restaurant will be reported. The first few questions are about your experience?

1.	How many years have you worked in food service?
	O Less than 1 year O1-5 years O 6-10 years O 11-15 years O More than 15 years
2.	Have you ever had food safety training?
	O Yes O No
3.	Have you ever been certified in food safety (such as with the ServSafe® Food Safety Manager course)?
	○ Yes ○ No If yes, is the certification still valid? ○ Yes ○ No
4.	How long have you been employed at this food service establishment?
	O Less than 1 year O1-5 years O 6-10 years O 11-15 years O More than 15 years
5.	What title would best describe your position?
	O General Manager O Assistant Manager O Kitchen Manager O Owner O Shift Supervisor O
	Other:
6.	Does the restaurants food safety performance, such as inspection scores, affect your compensation?
	O Yes ONo O Unsure O Refused

MANAGER BELIEFS

I would now like to provide you with a few statements and get your opinion on how well you agree or disagree with them, there is no right or wrong answer, we would just like to get your opinion. For these statements please answer on a scale of 1 – completely disagree to 5 – completely agree.

7.	In your opinion, sick workers sick workers can transmit their illness through food.
	○ Score (1 - Completely disagree - 5 - Completely agree ○ Unsure ○ Refused
8.	An employee calling in sick creates a minor problem for the running of my restaurant.
	O Score (1 - Completely disagree - 5 - Completely agree O Unsure O Refused
9.	If employees wash their hands more than normal it is okay to work while sick.
	O Score (1 - Completely disagree - 5 - Completely agree O Unsure O Refused
10.	Employees call in sick because they want a day off, not because they are actually ill.
	○ Score (1 - Completely disagree - 5 - Completely agree ○ Unsure ○ Refused
11.	. If we cook the food it will destroy any germs on the food that may have come from a sick worker.
	○ Score (1 - Completely disagree - 5 - Completely agree ○ Unsure ○ Refused
12.	. There is no risk from an ill worker handling a plate or food once it has been cooked.
	O Score (1 - Completely disagree - 5 - Completely agree O Unsure O Refused
