

Attachment 3: Non-Probability Panel Invitation (if panel available)

Dear Panel Member,

You are invited to participate in an important research study about the experiences of households impacted by natural disasters. Your answers to our survey will help the CDC understand what households need to do to get through these events safely. The results of this survey will also help the CDC make recommendations for preparedness for future disasters.

<DISASTER NAME> recently affected the geographic area where you live. Therefore, we selected you for participation. To complete the survey, please go to our website at <INSERT URL>. At the completion of the survey, we will ask you for contact information to send you \$20 as appreciation for your participation.

Sincerely,

A handwritten signature in blue ink that reads "Amy Sch" with a long horizontal flourish extending to the right.

Amy Helene Schnall, MPH
Centers for Disease Control and Prevention (CDC)
