## DEPARTMENT OF THE INTERIOR

### Bureau of Ocean Energy Management

[OMB Control Number 1010-0082; Docket ID: BOEM-2017-0016]

#### Agency Information Collection Activities; Leasing of Minerals Other Than Oil, Gas, and Sulphur in the Outer Continental Shelf

**AGENCY:** Bureau of Ocean Energy Management, Interior.

**ACTION:** Notice of information collection; request for comment.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, the Bureau of Ocean Energy Management (BOEM) is proposing to renew an information collection request (ICR).

**DATES:** Interested persons are invited to submit comments on or before January 19, 2021.

**ADDRESSES:** Send your comments on this ICR by mail to the BOEM Information Collection Clearance Officer, Anna Atkinson, Bureau of Ocean Energy Management, 45600 Woodland Road, Sterling, Virginia 20166; or by email to [anna.atkinson@boem.gov](mailto:anna.atkinson@boem.gov). Please reference OMB Control Number 1010-0082 in the subject line of your comments.

**FOR FURTHER INFORMATION CONTACT:** To request additional information about this ICR, contact Anna Atkinson by email, or by telephone at 703-787-1025.

**SUPPLEMENTARY INFORMATION:** In accordance with the Paperwork Reduction Act of 1995, BOEM provides the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps BOEM assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

BOEM is soliciting comments on the proposed ICR described below. BOEM is especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of BOEM; (2) what can BOEM do to ensure that this information is processed and used in a timely manner; (3) is the burden estimate accurate; (4)

how might BOEM enhance the quality, utility, and clarity of the information to be collected; and (5) how might BOEM minimize the burden of this collection on the respondents, including minimizing the burden through the use of information technology?

Comments submitted in response to this notice are a matter of public record. BOEM will include or summarize each comment in our request to the Office of Management and Budget (OMB) for approval of this ICR. You should be aware that your entire comment—including your address, phone number, email address, or other personally identifiable information—may be made publicly available at any time. In order for BOEM to withhold from disclosure your personally identifiable information, you must identify any information contained in the submittal of your comments that, if released, would constitute a clearly unwarranted invasion of your personal privacy. You must also briefly describe any possible harmful consequences of the disclosure of information, such as embarrassment, injury, or other harm. While you can ask us in your comment to withhold your personally identifiable information from public review, we cannot guarantee that we will be able to do so.

BOEM protects proprietary information in accordance with the Freedom of Information Act (5 U.S.C. 552) and the Department of the Interior's implementing regulations (43 CFR part 2).

**Title of Collection:** 30 CFR part 581, Leasing of Minerals Other than Oil, Gas, and Sulphur in the Outer Continental Shelf.

**Abstract:** The Outer Continental Shelf (OCS) Lands Act (Act), as amended (43 U.S.C. 1334 and 43 U.S.C. 1337(k)), authorizes the Secretary of the Interior (Secretary) to administer the provisions relating to the leasing of the OCS, and to prescribe such rules and regulations as may be necessary to carry out such provisions. Additionally, the Act authorizes the Secretary to implement regulations to grant to qualified persons, offering the highest cash bonuses on the basis of competitive bidding, leases of any mineral other than oil, gas, and sulphur. This applies to any area of the OCS not then under lease for such mineral upon royalty, rental, and other terms and conditions that the Secretary may prescribe at the time of the lease offer. The Secretary is to administer the leasing provisions of the Act and prescribe the rules and regulations necessary to carry out those provisions.

Regulations at 30 CFR part 581 implement these statutory requirements. There has been no leasing activity in the

OCS for minerals other than oil, gas, or sulphur under these regulations for many years, and so BOEM has not generally collected information under this Part of its regulations; however, because these are regulatory requirements, the potential exists for information to be collected. Therefore, we are renewing OMB approval for this information collection.

BOEM will use the information required by 30 CFR part 581 to determine if statutory requirements are met prior to the issuance of a lease. Specifically, BOEM will use the information to:

- Evaluate the area and minerals requested by the lessee to assess the viability of offering leases for sale;
- Request the state(s) to initiate the establishment of a joint task force to assess the proposed action;
- Ensure excessive overriding royalty interests are not created that would put economic constraints on all parties involved;
- Document that a leasehold or geographical subdivision has been surrendered by the record title holder; and
- Determine if activities on the proposed lease area(s) will have a significant impact on the environment.

*OMB Control Number:* 1010-0082.

*Form Number:* None.

*Type of Review:* Renewal of a currently approved collection.

*Respondents/Affected Public:* As there are no active respondents, we estimate the potential annual number of respondents to be one. Potential respondents are OCS lease requestors, state governments, and OCS lessees.

*Total Estimated Number of Annual Responses:* 10 responses.

*Total Estimated Number of Annual Burden Hours:* 984 hours.

*Respondent's Obligation:* Required to retain or obtain a benefit.

*Frequency of Collection:* On occasion.

*Total Estimated Annual Non-Hour Burden Cost:* \$29 non-hour cost burden.

The following table details the individual components and respective hour burden estimates of this ICR. We assumed that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden. BOEM is decreasing the total non-hour cost burden from \$50 to \$29 to reflect the current filing application fee amount.

## INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–658–659 and  
731–TA–1538–1542 (Preliminary)]

### Aluminum Foil From Armenia, Brazil, Oman, Russia, and Turkey

#### Determinations

On the basis of the record<sup>1</sup> developed in the subject investigations, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports of aluminum foil from Armenia, Brazil, Oman, Russia, and Turkey, that are alleged to be sold in the United States at less than fair value (“LTFV”) and imports of aluminum foil that are allegedly subsidized by the governments of Oman and Turkey.<sup>2</sup> The products subject to these investigations are primarily provided for in subheadings 7607.11.30, 7607.11.60, 7607.11.90, and 7607.19.60 of the Harmonized Tariff Schedule of the United States (“HTS”).

#### Commencement of Final Phase Investigations

Pursuant to section 207.18 of the Commission’s rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in § 207.21 of the Commission’s rules, upon notice from the U.S. Department of Commerce (“Commerce”) of affirmative preliminary determinations in the investigations under §§ 703(b) or 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final determinations in those investigations under §§ 705(a) or 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Industrial users, and, if the merchandise under investigation is

sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

#### Background

On September 29, 2020, the Aluminum Association Trade Enforcement Working Group, Arlington, Virginia, and its individual members—Granges Americas, Inc., Franklin, Tennessee; JW Aluminum Company, Daniel Island, South Carolina; and Novelis Corporation, Atlanta, Georgia, filed petitions with the Commission and Commerce, alleging that an industry in the United States is materially injured or threatened with material injury by reason of imports of aluminum foil from Armenia, Brazil, Oman, Russia, and Turkey that are alleged to be sold in the United States at LTFV and alleged to be subsidized by the governments of Oman and Turkey. Accordingly, effective September 29, 2020, the Commission instituted countervailing duty investigation Nos. 701–TA–658–659 and antidumping duty investigation Nos. 731–TA–1538–1542 (Preliminary).

Notice of the institution of the Commission’s investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of October 5, 2020 (85 FR 62759). In light of the restrictions on access to the Commission building due to the COVID–19 pandemic, the Commission conducted its conference through written testimony and video conference on October 20, 2020. All persons who requested the opportunity were permitted to participate.

The Commission made these determinations pursuant to §§ 703(a) and 733(a) of the Act (19 U.S.C. 1671b(a) and 1673b(a)). It completed and filed its determinations in these investigations on November 13, 2020. The views of the Commission are contained in USITC Publication 5138 (November 2020), entitled *Aluminum Foil from Armenia, Brazil, Oman, Russia, and Turkey: Investigation Nos. 701–TA–658–659 and 731–TA–1538–1542 (Preliminary)*.

By order of the Commission.

Issued: November 13, 2020.

**Lisa Barton,**

Secretary to the Commission.

## INTERNATIONAL TRADE COMMISSION

[Investigation No. 337–TA–1211]

### Certain Vaporizer Cartridges and Components and Accessories Thereof; Notice of Commission Determination Not To Review an Initial Determination Granting Complainant’s Motion for Leave To Amend the Complaint and Notice of Investigation

**AGENCY:** U.S. International Trade  
Commission.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that the U.S. International Trade Commission (“Commission”) has determined not to review the Administrative Law Judge’s (“ALJ”) initial determination (“ID”) (Order No. 22) granting the complainant’s motion for leave to amend the complaint and notice of investigation.

**FOR FURTHER INFORMATION CONTACT:** Lynde Herzbach, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205–3228. Copies of non-confidential documents filed in connection with this investigation may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email [EDIS3Help@usitc.gov](mailto:EDIS3Help@usitc.gov). General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal on (202) 205–1810.

**SUPPLEMENTARY INFORMATION:** On August 14, 2020, the Commission instituted this investigation based on a complaint, as supplemented, filed on behalf of Juul Labs, Inc. of San Francisco, California. 85 FR 49679 (Aug. 14, 2020). The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain vaporizer cartridges and components thereof by reason of infringement of U.S. Design Patent Nos.

<sup>1</sup> The record is defined in § 207.2(f) of the Commission’s Rules of Practice and Procedure (19 CFR 207.2(f)).
