Grants to State Sexual Assault and Domestic Violence Coalitions Program

Brief Instructions: This form must be completed for each Grants to State Sexual Assault and Domestic Violence Coalitions Program (State Coalitions Program) grant received. The grant administrator or coordinator must ensure that the form is completed fully with regard to all grant activities.

All grantees should read through each section to determine which questions they must answer based on the activities engaged in under this grant during the current reporting period. Sections B and D of this form must be completed by all grantees. In section A, subsection A1 must be answered by all grantees. In subsection A2 and section C, grantees must answer an initial question in each subsection about whether they engaged in certain activities during the current reporting period. If the response is yes, then the grantee must complete that subsection. If the response is no, the rest of that subsection is skipped.

For example, (1) if you only provided training and technical assistance with staff funded under this grant during the current reporting period, you would complete sections A, B, C1, C5, and D (and answer 'no' in C2-C4 and C6-C8); or, (2) if you provided training and technical assistance with staff funded under this grant and grant-funded staff developed products during the current reporting period, you would complete sections A, B, C1, C3, C5, and D (and answer 'no' in C2, C4, C6-C8).

The activities of volunteers or interns should be reported if they were coordinated or supervised by State Coalitions Program-funded staff or if State Coalitions Program funds substantially supported their activities.

For further information on filling out this form, refer to the separate set of instructions, which contains detailed definitions and examples illustrating how questions should be answered.

NARRATIVE

All grantees must answer question 32.

Please limit your response in the space provided.

32. Report on the status of the goals and objectives for the State Coalitions Program grant. (Report on the status of the goals and objectives for your grant as of the end of the current reporting period, as they were identified in your grant proposal or as they have been added or revised. Indicate whether the activities related to your objectives for the current reporting period have been completed, are in progress, are delayed, or have been revised. Comment on your successes and challenges, and provide any additional explanation you feel is necessary for us to understand what you have or have not accomplished relative to your goals and objectives. If you have not accomplished objectives that should have been accomplished during the current reporting period, you must provide an explanation.)

All grantees must answer questions 33 and 34 on an annual basis. Please submit this information on the January to June reporting form only.

Please limit your response to two pages for each question. (Maximum 8000 characters)

33. What do you see as the most significant areas of remaining need with regard to improving services to victims/survivors of sexual assault, domestic violence, dating violence, and stalking, increasing victim/survivor safety, and enhancing community response (including offender accountability for both batterers and sex offenders)? (Consider geographic regions, underserved populations, service delivery systems, types of victimization, and challenges and barriers unique to your state.)

34. What has the State Coalitions Program funding allowed you to do or maintain that you could not do without receiving this funding? (For example, has the funding enabled you to identify gaps in services, improve culturally appropriate services to underserved populations, staff coalition office full time, or increase the participation rate of historically underserved communities in coordination meetings? Provide specific examples in your answer.)

Questions 35-36 are optional.

Please limit your response to two pages for each question. (Maximum 8000 characters)

35. Provide any additional information that you would like us to know about your State Coalitions Program grant and/or the effectiveness of your grant. (If you have other data or information regarding your program that would more fully or accurately reflect the effectiveness of your State Coalitions Program grant than the data you have been asked to provide on this form, answer this question. If you have not already done so elsewhere on this form, you may want to report on systems-level changes, community collaboration, the removal or reduction of barriers and challenges for victims/survivors, use of volunteers and/or interns to complete activities, promising practices, and positive or negative unintended consequences.)

36. Provide any additional information that you would like us to know about the data submitted. (If you have any information that could be helpful in understanding the data you have submitted in this report, please answer this question. For example, if you submitted two different progress reports for the same reporting period, you may explain how the data was apportioned to each report; or if you funded staff—e.g., trainers—but did not report any corresponding training activities, you may explain why; or if you did not use program funds to support either staff or activities during the reporting period, please explain how program funds were used, if you have not already done so.)
