To be eligible to receive a capital investment under the Program, an Applicant must complete this ECIP application form. The ECIP application form must be completed by the Applicant seeking to receive the investment. For each application received, the Secretary will consult with, and share certain application materials with, the FDIC, the FRB, the OCC, the NCUA, and/or the Applicant's State Regulator as applicable, to determine whether the Applicant may receive a capital investment under the Program. Responses to the Emergency Capital Investment Program Application, including the Emergency Investment Lending Plan, may be used to determine investment amounts or prioritization of determinations.

Applications submitted by eligible Applicants determined to be complete will be reviewed and evaluated by the Treasury Department on an ongoing basis, in the order in which they are received, or by such other criteria that the Treasury Department may establish in its sole discretion. To timely apply to the ECIP means for an entity to submit a complete application by no later than 11:59 p.m., ET on Friday, May 7, 2021. Applicants will generally be unable to submit applications after May 7, 2021, however, the application period may be extended at the discretion of the Secretary.

COLLECTION OF DATA	

Step 2: Review Form Instructions

❖ Conflicts of Interest

INTRODUCTION	No Covered Entity is eligible for any investment made under the Program. For purposes of the conflicts of interest analysis and certification, " Covered Entity " means an entity for which a Covered Individual directly or indirectly holds a Controlling Interest. The principal executive officer and the principal financial officer, or individuals performing similar functions, of a Low- and Moderate-Income Community Financial Institution seeking to receive an investment made under the Program shall, before that investment is approved, certify to the Secretary and the Appropriate Federal Banking Agency or the NCUA, as applicable, that the Low- and Moderate-Income Community Financial Institution is eligible to receive the investment, including certifying that the institution is not a Covered Entity.
APPLICATION PROCESS	
ELIGIBILITY	
TERM SHEETS	To determine whether an institution is a Covered Entity, a Covered Individual's equity interest in an entity must be calculated. The Government Official's and Family Members' equity interests shall be aggregated for this purpose.
DEFINITIONS	
AGGREGATE AMOUNTS	For purposes of the conflict of interest analysis and certification, a "Controlling Interest" means owning, controlling, or holding not less than 20 percent, by vote or value, of the outstanding amount of any class of equity interest in an entity. For this purpose, "equity interest" means (1) a share in an entity, without regard to whether the share is (a) transferable; or (b) classified as stock or anything similar; (2) a capital or profit interest in a limited liability company or partnership; or (iii) a warrant or right, other than a right to convert, to purchase, sell, or subscribe to a share or interest described in (1) or (2), respectively.
<u>CONFLICTS OF INTEREST</u>	
TERMINATION OF INVESTMENT AUTHORITY	The determination of whether a Covered Individual directly or indirectly holds a Controlling Interest in an entity must take into account a Covered Individual's Direct Interest and Indirect Interest in the entity as well as a Covered Individual's interest in any entity that directly or indirectly has an interest in such entity (e.g., the entity's Parent Companies).
COLLECTION OF DATA	
PAPERWORK REDUCTION ACT NOTICE	<p><i>Direct Interests.</i> If a Covered Individual directly owns, controls, or holds 20 percent or more, by vote or value, of the outstanding amount of any class of equity interest in an entity that is seeking to participate in the Program, that entity is a Covered Entity.</p> <p><i>Indirect Interests.</i> For the purpose of determining the amount of an equity interest indirectly owned or held by a Covered Individual in an entity:</p> <p>A Covered Individual's indirect equity interest by value (i.e., economic interest that may or may not include voting rights) shall be calculated on a proportional basis, taking into account any partial ownership of the relevant entity's Parent Company(ies). For example, if a Government Official owns 25 percent of the economic interest in Company A, and Company A owns 40 percent of the outstanding amount of a class of voting securities of Company B, the Government Official is deemed to own 10 percent of the class of voting securities of Company B.</p> <p>For the purpose of determining the amount of an equity interest indirectly controlled by a Covered Individual in an entity:</p> <ul style="list-style-type: none">• A Covered Individual shall be deemed to indirectly Control an equity interest in an entity if he or she Controls, directly or indirectly, the entity that owns or holds the equity interest.• An individual or entity shall be deemed to Control another entity only when the individual or entity owns or holds a majority of the voting interest in such entity, or is, or holds a majority of the voting interest in, the general partner of such entity. For example, if a Government Official owns a 51 percent voting interest in Company A, which owns a 51 percent voting interest in Company B, which owns 20 percent of the equity interests of Company C, the Government Official shall be deemed to control 20 percent of the equity interests of Company C. <p><i>Shares.</i> A share is considered an ownership interest without regard to whether the share is transferrable or classified as stock or anything similar and without regard to whether the share is a voting security. For example, a nonvoting preferred share would be considered a share.</p> <p><i>Warrants or Rights.</i> If the Covered Individual has warrants or other rights (other than a right to convert), calculate the Covered Individual's interest in the underlying equity interest on a fully diluted basis assuming that both the individual and other holders of such warrants or rights have exercised such interests. Warrants, options, and similar rights must be counted even if they are unexercised or "out of the money." For example, when calculating an individual's percentage in an equity interest, use the following formula:</p>

Step 2: Review Form Instructions

❖ Conflicts of Interest - continued

$(\text{Individual's shares in a class}) + (\text{Individual's options and warrants in that class}) / (\text{Total outstanding shares in that class, assuming all warrants or rights are exercised})$

Basis for Certification: Reasonable Diligence. In light of limited public information on ownership interests of Government Officials, and that the identities of Government Officials' Family Members are not disclosed or reported in any routine or comprehensive manner, it is necessary to prescribe the minimum level of diligence required to make a conflict of interest certification in good faith. To determine whether any Covered Individual holds a Controlling Interest in an entity, it is necessary and sufficient for the entity to undertake the following minimum level of diligence:

- Entities must take into account the ownership, control, and holding of any equity interest of any size if the entity has actual knowledge that a Covered Individual, directly or indirectly, owns, controls, or holds the interest; and
- Entities must determine the beneficial owner of any 5 percent or greater equity interest of the entity and determine whether such beneficial owner is a Covered Individual (i) by checking the name of each such beneficial owner against a list of current Government Officials and (ii) if the entity has not otherwise been able to confirm whether such beneficial owner is a Family Member, by asking each such beneficial owner whether the owner is a Family Member. If the aggregate amount of equity interests owned by the identified beneficial owners, together with the aggregate percentage ownership determined from actual knowledge in (i) above, is less than 20 percent, an entity need not determine if the identified beneficial owners are Family Members.
- To determine the identity of beneficial owners of publicly traded securities, Borrowers may rely on information disclosed by such persons in reporting under sections 13(d) and 13(g) of the Securities Exchange Act of 1934 (15 U.S.C. §§ 78m(d), 78m(g)).

- If the Applicant is a BHC or a SLHC, the information provided in response to questions 1 through 4 must be based on information aggregated across all of the Applicant's Subsidiary Insured Depository Institutions
- The definitions of the capitalized terms contained in the Emergency Investment Lending Plan appear in the Community Development Banking and Financial Institutions Act of 1994, as amended by the Consolidated Appropriations Act, 2021, and the Application Instructions for the Emergency Capital Investment Program.
- The Consolidated Appropriations Act, 2021, indicates that the ECIP is intended to support low- and moderate-income communities, minority communities, rural communities, underserved areas, consumers, small businesses, and nonprofit organizations, among others. Treasury will take factors such as these statutory considerations into account when it determines the investment amount that eligible institutions will receive under the ECIP, particularly if the aggregate amounts requested by eligible institutions exceed available program funds. Using information provided in ECIP applications, Treasury will determine a methodology for allocating available funds and determining investment amounts. Treasury will make its methodology public prior to making any investments under the ECIP. In addition, Treasury may determine, based on the volume and types of applications that are submitted, to withhold a portion of the available ECIP funds for a subsequent round of investments to be made at a future date.

Question 1: Lending to LMI and Other Targeted Populations

Question 1(a)

Loans originated refers to all new extensions of credit funded by the Applicant during the referenced fiscal year. Please provide exact whole numbers to the extent possible. Please note which figures used for FY2019 and FY2020, if any, are estimated and submit supporting documentation for any estimates in the upload box below. If the Applicant is a BHC or a SLHC, the information provided must be information aggregated across all of the Applicant's Subsidiary Insured Depository Institutions.

	Loans originated during FY 2019		Loans originated during FY 2020		Projected loans to be originated during FY 2021		Projected loans to be originated during FY 2022		Projected loans to be originated during FY 2023

Question 2: Business Strategy to Address Community Development Needs

Describe how the business strategy and operating goals of the Applicant will address the community development needs in communities that may be disproportionately impacted by the economic effects of COVID-19, which includes the needs of small businesses, consumers, nonprofit organizations, community development, and other projects providing direct benefits to LMI communities, Low-Income Individuals, and Minorities within the Minority, Rural, and Urban Low-Income and Underserved Areas served by the Applicant. Provide measurable factors for how the community has been impacted by COVID-19, such as increases in unemployment, the number of businesses closed due to the pandemic, or mortgage delinquencies.

The response to this question should also include up to five examples of particular business activities that the Applicant will perform in FY 2021 to address community development needs in communities that may be disproportionately impacted by the economic effects of COVID-19. For each example, provide quantitative estimates and anticipated timing information that illustrate how the relevant community development needs will be met, what particular groups and communities (e.g. small businesses, Low-Income Individuals) will benefit, and the overall planned economic impact to those groups/communities and in Minority, Rural, and Urban Low-Income and Underserved Areas served by the Applicant. Where appropriate, address how an investment received under the ECIP will support the described activities.

Each Applicant should provide data and information that support its belief that business strategy and operating goals are realistic and achievable and will address the Community Development needs in communities that may be disproportionately impacted by the economic effects of COVID-19.

Question 3: Emergency Lending Plan

Question 3(a)

Provide the additional aggregate dollar amount of loans, grants, and forbearance projects that the Applicant, as a direct result of issuing the full amount of financial instruments or senior preferred stock to the Treasury Department that it is seeking to issue under the Program, would provide over the 10 year term of the financial instrument.

Additional Aggregate Amount

\$0.00

Question 3(b)

Explain how the Applicant plans to expand or maintain significant lending or investment activity in LMI Minority communities, especially those that may be disproportionately impacted by COVID-19, to historically disadvantaged borrowers, and to Minorities that have significant unmet capital or financial services needs.

The response should include quantifiable details on the Applicant's planned approach to expanding or maintaining significant levels of lending or investment in these communities related to current/projected types of lending and investment (e.g., small business loans, loans to consumers), current/projected types of projects that will be funded (e.g., housing), and the community needs that projected lending or investment activities would serve.

Question 4: Community Outreach and Communication

Provide a detailed plan describing how the Applicant will engage in community outreach and communication in communities and with borrowers as identified in the Act, specifically including small businesses, minority-owned businesses, and consumers, especially in low-income and underserved communities, including persistent poverty counties, that may be disproportionately impacted by the economic effects of the COVID-19 pandemic. The Applicant's plan for community outreach and communication may be provided or described through a community benefits agreement between the Applicant and organizations, trade associations, and individuals that represent or work within minority or LMI communities.

The response should include quantitative details on how particular aspects and features of the Applicant's planned community outreach and communication approach (e.g., advertisements to be purchased, sales personnel hired) may help the Applicant achieve the projected FY 2021-2023 lending and/or investment activity amounts set forth in response to Question 1(a).

- The Applicant must provide documentation that supports its responses to questions 1 through 4 of the Emergency Investment Lending Plan.
- Responses to the Emergency Investment Lending Plan may be used to determine investment amounts or prioritization of determinations.
- If the Applicant is a BHC or a SLHC, the information provided in response to questions 1 through 4 must be based on information aggregated across all of the Applicant's Subsidiary Insured Depository Institutions.
- The definitions of the capitalized terms contained in the Emergency Investment Lending Plan appear in the Community Development Banking and Financial Institutions Act of 1994, as amended by the Consolidated Appropriations Act, 2021, and the Application Instructions for the Emergency Capital Investment Program.

Question 1: Lending to LMI and Other Targeted Populations

Question 1(a)

Loans originated refers to all new extensions of credit funded by the Applicant during the referenced fiscal year. Please provide exact whole numbers to the extent possible. Please note which figures used for FY2019 and FY2020, if any, are estimated and submit supporting documentation for any estimates in the upload box below. If the Applicant is a BHC or a SLHC, the information provided must be information aggregated across all of the Applicant's Subsidiary Insured Depository Institutions.

	Loans originated during FY 2019		Loans originated during FY 2020		Projected loans to be originated during FY 2021		Projected loans to be originated during FY 2022		Projected loans to be originated during FY 2023	
	Number of Loans	\$ Amount of Loans	Number of Loans	\$ Amount of Loans	Number of Loans	\$ Amount of Loans	Number of Loans	\$ Amount of Loans	Number of Loans	\$ Amount of Loans
1. Applicant's Total Loans	123	\$123	123	\$123	123	\$123	123	\$123	123	\$123
2. Applicant's lending made directly to LMI borrowers	123	\$123	123	\$123	123	\$123	132	\$123	123	\$123

* Applicant loan files that do not include data about Other Targeted Populations for legal reasons, or borrower's failure to disclose, shall include these loans in the section entitled "Applicant's lending made to borrowers in census tracts that are majority Other Targeted Populations."
** "Borrowers or projects that create direct benefits for LMI populations" represents a category that is distinct and separate from "LMI borrowers." For purposes of this question, "borrowers that create direct benefits for LMI populations" refers to borrower financing that is underwritten on the basis of primarily serving low-income households.

Question 1(b)

For loans originated by the Applicant over the past 2 fiscal years to "borrowers and projects that create direct benefits for LMI populations" counted towards figures reported in Question 1(a), provide the following information for up to the five largest of such borrowers served by the Applicant.

Descriptions of borrowers to LMI	County	State	Estimated # of LMI individuals benefited	# of loans originated to borrower	Total \$ of loans outstanding to borrower	Description of benefits to LMI communities
Fake Data	Placeholder	N/A	1,234	1,234	\$1,234	Fake Data

Question 1(c)

If the Applicant is unable to show that it meets the 30% threshold as required by the Act in Question 1(a), please provide other data and information that demonstrates that not less than 30 percent of the lending of the Applicant over the past 2 fiscal years was made directly to LMI borrowers, to borrowers or projects that create direct benefits for LMI populations, to Other Targeted Populations, or any combination thereof, as measured by the total number and dollar amount of loans.

Question 3: Emergency Lending Plan

Question 3(a)

Provide the additional aggregate dollar amount of loans, grants, and forbearance projects that the Applicant, as a direct result of issuing the full amount of financial instruments or senior preferred stock to the Treasury Department that it is seeking to issue under the Program, would provide over the 10 year term of the financial instrument.

Additional Aggregate Amount \$1,234

Question 3(b)

Explain how the Applicant plans to expand or maintain significant lending or investment activity in LMI Minority communities, especially those that may be disproportionately impacted by COVID-19, to historically disadvantaged borrowers, and to Minorities that have significant unmet capital or financial services needs.

The response should include quantifiable details on the Applicant's planned approach to expanding or maintaining significant levels of lending or investment in these communities related to current/projected types of lending and investment (e.g., small business loans, loans to consumers), current/projected types of projects that will be funded (e.g., housing), and the community needs that projected lending or investment activities would serve.
