

## PRIVACY THRESHOLD ANALYSIS (PTA)

**This form serves as the official determination by the DHS Privacy Office to identify the privacy compliance requirements for all Departmental uses of personally identifiable information (PII).**

A Privacy Threshold Analysis (PTA) serves as the document used to identify information technology (IT) systems, information collections/forms, technologies, rulemakings, programs, information sharing arrangements, or pilot projects that involve PII and other activities that otherwise impact the privacy of individuals as determined by the Chief Privacy Officer, pursuant to Section 222 of the Homeland Security Act, and to assess whether there is a need for additional Privacy Compliance Documentation. A PTA includes a general description of the IT system, information collection, form, technology, rulemaking, program, pilot project, information sharing arrangement, or other Department activity and describes what PII is collected (and from whom) and how that information is used and managed.

Please complete the attached Privacy Threshold Analysis and submit it to your component Privacy Office. After review by your component Privacy Officer the PTA is sent to the Department's Senior Director for Privacy Compliance for action. If you do not have a component Privacy Office, please send the PTA to the DHS Privacy Office:

Senior Director, Privacy Compliance

U.S. Department of Homeland Security  
Washington, DC 20528  
Tel: 202-343-1717

[PIA@hq.dhs.gov](mailto:PIA@hq.dhs.gov)

Upon receipt from your component Privacy Office, the DHS Privacy Office will review this form and assess whether any privacy compliance documentation is required. If compliance documentation is required – such as Privacy Impact Assessment (PIA), System of Records Notice (SORN), Privacy Act Statement, or Computer Matching Agreement (CMA) – the DHS Privacy Office or component Privacy Office will send you a copy of the relevant compliance template to complete and return.

## SPECIFIC IC/Forms PTA QUESTIONS

### 1. Purpose of the Information Collection or Form

As outlined in Safety of Life at Sea (SOLAS) Chapter V regulation 6 and 46 USC 80301-2 the U.S. Coast Guard is directed to maintain an ice patrol in the North Atlantic Ocean to study and observe ice and current conditions. Ice dangers in the region shall be broadcast by available means to trans-Atlantic and other passing vessels.

The Coast Guard International Ice Patrol, as directed by the Commandant of the Coast Guard monitors the extent of the iceberg danger near the Grand Banks of Newfoundland and provides iceberg warnings to the maritime community by broadcasting the southeastern, southern, and southwestern limits of all known ice in two message bulletins and one radio-facsimile chart each day.

Executive Order 12862 directs the United States Coast Guard (USCG) to conduct surveys (both qualitative and quantitative) to determine the kind and quality of services our customers want and expect, as well as their satisfaction with USCG's existing services. This survey will be limited to data collections that solicit strictly voluntary opinions and will not collect information that is required or regulated.

46 U.S.C. § 80302 is the authority for this collection.

<p>DHS Privacy Office Comments:</p> <p><i>Please describe rationale for privacy compliance determination above.</i></p>	
<p>USCG is submitting this PTA renewal for the North American Service (NAIS) Customer Survey. USCG maintains an ice patrol in the North Atlantic Ocean to study and observe ice and current conditions. Ice dangers in the region are then broadcast by available means to trans-Atlantic and other passing vessels. USCG conducts this survey to determine the kind and quality of services trans-Atlantic and other passing vessels want and expect, as well as their satisfaction with USCG’s existing services. This survey is limited to data collections that solicit strictly voluntary opinions and will not collect information that is required or regulated. This form collects vessel name, call sign, home port, and NAIS related information (e.g. bulletin, products, navigation, etc.). No PII is collected by the survey. The information collected is voluntary, anonymous, and aggregated. Responses will not be linked back to individuals. Individuals should not offer any unsolicited PII because it is not needed. The NAIS Customer Survey will be shared with the Canadian Ice Service.</p> <p>DHS Privacy agrees with USCG that the NAIS Customer Survey is a non-privacy sensitive as no PII is collected from this survey. However, DHS/ALL/PIA-069 DHS Surveys, Interviews, and Focus Groups discusses DHS and its Components periodically solicit voluntary feedback from its employees, contractors, external stakeholders, and the general public using surveys, interviews, and focus groups to improve DHS services and operations.</p> <p>The Privacy Notice is concurrently submitted and approved with this PTA.</p>
