SUPPLEMENTARY INFORMATION:

Title: FERC–516G, Electric Rates Schedules and Tariff Filings.

OMB Control No.: 1902–0295.

Type of Request: Three-year revision and renewal of FERC–516G.

Abstract: In accordance with section 206 of the Federal Power Act (FPA)¹ and 18 CFR 35.28(g)(10), each Independent System Operator (ISO) and Regional Transmission Organization (RTO) must report:

(1) On a monthly basis, total uplift payments for each transmission zone, broken out by day and uplift category;

(2) On a monthly basis, total uplift payments for each resource; and

(3) On a monthly basis, each operator-initiated commitment, the size of the commitment, transmission zone, commitment reason, and commitment start time.

As originally cleared by OMB, FERC–516G also included a one-time requirement that ITOs and RTOs revise their tariffs. Those tariffs have been revised, and FERC is requesting removal of that information collection activity.

Type of Respondents: ISOs and RTOs.

*Estimate of Annual Burden*²: The estimated burden and cost³ are as follows:

¹ 16 U.S.C. 824e.

² Burden is defined as the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. For further explanation of what is included in the information collection burden, refer to 5 CFR 1320.3.

³ The hourly cost estimate is based on data from the Bureau of Labor Statistics for three occupational categories for 2020 involved in the reporting and recordkeeping requirements. These figures include salary (https://www.bls.gov/oes/current/oes_nat.htm) and benefits and are:

- Manager (Occupation Code 110–0000) \$97.15/hour.
- Electrical Engineer (Occupation Code 17–2071): \$70.19/hour.
- File Clerk (Occupation Code 43–4071): \$34.79/hour.

The estimate hourly cost for the reporting requirements (\$67.38) is an average of the cost of a manager, an electrical engineer, and a file clerk.

Records Governing Off-the-Record Communications; Public Notice

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt

of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record

communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. The communications listed are grouped by docket numbers in ascending order.
