A. Overview of Information Collection

Title of Information Collection: Office of Housing Counseling—Agency Performance Review.

OMB Approval Number: 2502-0574.

OMB Expiration Date: March 31, 2021.

Type of Request: Revision of a currently approved collection.

Form Number: HUD-9910, Office of Housing Counseling—Performance Review Of a HUD-Approved Housing Counseling Agency or Participating Agency.

Description of the need for the information and proposed use: The information is used to assist HUD in evaluating the managerial and financial capacity of organizations to sustain operations sufficient to implement HUD approved housing counseling programs. The collection of information assists HUD to reduce its own risk from fraudulent activities or supporting inefficient or ineffective housing counseling programs. Since HUD publishes a web list of HUD-approved

Housing Counseling Agencies and maintains a toll-free housing counseling hotline, performance reviews help HUD ensure that individuals seeking assistance from these approved agencies can have confidence in the quality of services that they will receive.

HUD uses performance reviews to ascertain the professional and management capacity of HUD-approved Housing Counseling Agencies to provide adequate housing counseling services that are necessary to comply with the requirements of the Housing and Urban Development Act and to ensure that grant funded organizations comply with HUD and OMB administrative and financial regulations. If this information is not collected, HUD would be unable to effectively monitor the Housing Counseling Program to guard against waste, fraud, abuse, or inappropriate program practices. This collection provides the means to meet that obligation.

Respondents (i.e., affected public): Not-for profit institutions; State, Local, or Tribal Governments.

Estimated Number of Respondents: 353 annually.

(4) Ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.
