**Public reporting burden** for this collection of information is estimated to average 7 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless that collection displays a valid OMB control number.

This form collects data required for cancellation of multifamily mortgage insurance contracts and payments of mortgage insurance premiums. The information collection is needed when the mortgage goes into default and the lender files a claim for insurance benefits. The Department ascertains that the claim is a legitimate claim for mortgage insurance premiums. This information is required under 24 CFR Part 207. Providing this information is required to obtain benefits.

Section 24 CFR 207.253(a) and (b) states that notice of the prepayment of the mortgage or loan shall be given to the Commissioner on a form prescribed by the Commissioner within 30 days from the date of the prepayment. The Section also states that the original credit instrument for cancellation of the insurance endorsement and the remittance of all sums to which the Commissioner is entitled shall accompany this form. While no assurances of confidentiality are pledged to respondents, HUD generally discloses this data only in response to a Freedom of Information request.
