A. Overview of Information Collection

Title of Information Collection: FHA Catalyst: Multifamily Application Portal.

OMB Approval Number: 2502-0620.
OMB Expiration Date: 5/31/2021.

Type of Request: Reinstatement, with change, of previously approved

collection for which approval has expired.

Form Number: N/A.

Description of the need for the information and proposed use: The Department of Housing and Urban Development (HUD)/Federal Housing Administration's (FHA) Office of Multifamily Housing Programs (MFH) has developed a web-based portal for FHA-approved multifamily lenders to submit applications for FHA multifamily mortgage insurance to HUD electronically. The *FHA Catalyst: Multifamily Application Portal* (“*FHA Catalyst*”), was released in fall 2020 to aid in the collection of information for FHA multifamily mortgage insurance program applications. The National Housing Act (12 U.S.C. 1701 et. seq.) and implementing regulations at 24 CFR parts 200-266 authorize HUD/FHA to administer the multifamily mortgage insurance programs. The specific authority to require a mortgage insurance application is found at 24 CFR 200.45(b): “[a]n application for a firm commitment must be made by an approved mortgagee for any project for which a mortgagor seeks mortgage insurance under the Act.”

FHA Catalyst allows FHA-approved multifamily lenders to submit electronic applications for FHA multifamily mortgage insurance and related documents to HUD through a web-based portal, and HUD staff are able to receive and download the documents from the portal. The system is designed to streamline existing processes for collecting information to administer FHA multifamily mortgage insurance programs; no new information will be collected as a result of *FHA Catalyst*. Prior to the COVID-19 pandemic, multifamily lenders submitted applications to HUD in USB and hard copy format via mail. Due to the pandemic, multifamily lenders are currently submitting electronic applications using various online file-sharing platforms (e.g., Dropbox) as a short-term solution. *FHA Catalyst* provides multifamily lenders and MFH with a central, secure portal and long-term solution for online application submissions that will be used for the duration of the COVID-19 pandemic and beyond. Hard copies and/or removable USB drives will no longer be required for applications submitted through *FHA Catalyst* once *FHA Catalyst* becomes mandatory.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

The **Federal Register** notice that solicited public comment on the

information collection for a period of 60 days was published on January 25, 2021 at 86 FR 6909.

A. Overview of Information Collection

Title of Information Collection: Phase 1 Evaluation of the Housing Choice Voucher Mobility Demonstration.
OMB Approval Number: 252–New.
Type of Request: New collection.
Form Number: N/A.

Description of the need for the information and proposed use:
 The Office of Policy Development and Research (PD&R), at the U.S. Department of Housing and Urban Development (HUD), is proposing the collection of information for Phase 1 Evaluation of the Housing Choice Voucher (HCV) Mobility Demonstration. Under contract with HUD PD&R, Abt Associates Inc. and its subcontractors the Urban Institute, MEF Associates, Social Policy Research Associates, and Sage Consulting are conducting Phase 1 of a planned two-phase Evaluation of the HCV Mobility Demonstration. The Demonstration is a multi-site, randomized-controlled trial of the effect of housing mobility-related services on the share of HCV holders with children that move to lower poverty areas.

This Demonstration will allow participating public housing agencies (PHAs) throughout the country to implement housing mobility programs by offering mobility-related services to increase the number of voucher families with children living in opportunity areas. Participating PHAs will work together in their regions to adopt

administrative policies that further enable housing mobility, increase landlord participation, and reduce barriers for families to move across PHA jurisdictions through portability. Eligible families that consent to participate in the Demonstration are randomly assigned to either receive mobility-related services or to not receive services.

Through the Demonstration, HUD will implement, test, and evaluate whether housing mobility programs expand access to opportunity neighborhoods. The Demonstration will roll out in two phases over a period of approximately six years. The Phase 1 Evaluation has a five-year period of performance and will evaluate the effectiveness of a comprehensive set of mobility-related services at no more than 10 sites. For voucher holders, outcomes of the mobility-related services are hypothesized to be increases in the number of families who move to lower poverty areas. The Phase 1 evaluation will also document the implementation of the Demonstration and analyze the cost-effectiveness of mobility-related services.

Data collection efforts include the families that are part of the treatment and control groups, as well as PHA and mobility-related services staff, and landlords of properties participating in the HCV program. Data will be gathered through a variety of methods including informational interviews and discussions, direct observation, and analysis of administrative records.
