

# Family Options Study Update

«familyid»

DATE

Dear «r1»«r1a»«r1b» :

**Hello again from the Family Options Study team!** You became a participant in the Family Options Study in [RA MO/YR], when we interviewed you at «shelter» in «Site\_Name\_» as part of the study of housing and services interventions for families who experienced homelessness. The study is funded by the US Department of Housing and Urban Development (HUD). Abt Associates, a private research firm, is conducting the study. ***On behalf of HUD, the study team, and our local interviewers in each site we wish to thank you for your continued participation and cooperation in our study!***

Below are some highlights about the study and the data collection efforts you have participated in over the past several years:

- **You** are one of 2,282 families that voluntarily enrolled in the Family Options Study between September 2010 and January 2012. You are part of a very special group of families and your opinions are important to create policies that help families experiencing homelessness.
- **12 different communities** The Family Options Study took place in 12 communities across the United States.
- **Two follow-up surveys complete** Between September 2010 and December 2014 we conducted two follow-up surveys with study participants. We interviewed just about 1,800 study participants at each survey and collected data from more than 3,000 children. We also completed a check-in call with families back in 2017-2018. See results of this data collection at the links below.
- **Looking Ahead** In September 2021, HUD started a new phase of the study to continue interviewing you—the Family Options Study participants—to learn more about your experiences since you enrolled in the study. **We will be calling all families in the study to complete a short 15-minute interview beginning in May 2022 and a longer interview in fall 2022.**
- **We need your help** We would like to be able to interview you again to see how your life has changed since you first enrolled in the study. Your continued participation is voluntary, but your experiences are unique, and we want to be sure you are represented. **Unfortunately, we can't interview you if we can't contact you.** To help us contact you for the next interview we have enclosed a form that we would like you to review. Please check your address and telephone number on the following page. Please make the appropriate corrections in one of the following ways:
  - ❖ Return the completed form to us by mail, using the enclosed envelope.
  - ❖ Call us toll-free at 1-XXX-XXX-XXXX and make sure to use your personal PIN [FAMILYID].
  - ❖ Visit [WEBLINK] and enter your username: [USERNAME] and PIN[FAMILYID].

Also, please provide us with the names, addresses, and telephone numbers of one person outside your household who would usually know where to reach you. We would call these friends or relatives only if we cannot locate you at your address. Once we receive your updated contact information, we will email you \$15 in appreciation for your time.

If you have any questions, please feel free to contact us at 1-XXX-XXX-XXXX. Thank you in advance for your cooperation.

Sincerely yours,

Brenda Rodríguez, Senior Survey Project Director  
Abt Associates

Lauren Dunton, Study Project Director  
Abt Associates

Curious to learn more about what we have learned so far? See the reports here:

### Adult Children Contact Information

Since the study began, we have collected information about the people (including children) who have lived with you. Since some are now adults, we would like to invite them to be part of the study. We need your help to reach them. For each person listed below, if you think they would be comfortable with you providing their contact information, please confirm the spelling of their name and provide contact information. If you are no longer in contact with them, please check the appropriate box. We plan to contact them beginning in fall 2022. At that time, we will explain the study more and they can choose whether to participate. You may want to let them know ahead of time about the study and our plan to contact them.

The first person is: <NAME1>. Is that spelling correct?

This is correct  This is **not** correct (print correct information below)  I am no longer in contact with <CHILD NAMEX>

**PRA Burden Statement:** Public Reporting Burden for this information collection is estimated to average 5 minutes per respondent, including time for reviewing instructions and completing the form. The Family Options Study is a multi-site random assignment experiment designed to study the impact of various housing and services interventions for homeless families in five key domains: housing stability, family preservation, adult well-being, child well-being, and self-sufficiency. The Family Options Study is a multi-site random assignment experiment designed to study the impact of various housing and services interventions for homeless families in five key domains: housing stability, family preservation, adult well-being, child well-being, and self-sufficiency. This information is being collected to locate the families that enrolled in the Family Options Study between September 2010 and January 2012 and to update their current contact information. Respondents are not required to respond. The information requested under this collection is protected and held confidential in accordance with 5 U.S.C. § 552a (Privacy Act of 1974) and OMB Circular No. A-130. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions to reduce this burden, to Anna P. Guido, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 7th Street SW, Room 4176, Washington, DC 20410-5000. When providing comments, please refer to OMB Control No. 2528-0259. HUD may not conduct and sponsor, and a person is not required to respond to a collection of information unless the collection displays a valid OMB Control Number.
