National Library of Medicine; Notice of Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended, notice is hereby given of a meeting of the Literature Selection Technical Review Committee. The meeting is devoted to the review and evaluation of journals for potential indexing by the National Library of Medicine and will be closed to the public in accordance with the provisions set forth in section 552b(c)(9)(B), Title 5 U.S.C., as amended. Premature disclosure of the titles of the journals as potential titles to be indexed by the National Library of Medicine, the discussions, and the

presence of individuals associated with these publications could significantly frustrate the review and evaluation of individual journals.

Name of Committee: Literature Selection Technical Review Committee.

Date: June 24–25, 2021.

Time: 9:30 a.m. to 5:00 p.m.

Agenda: To review and evaluate journals as potential titles to be indexed by the National Library of Medicine.

Place: Virtual Meeting.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on June 9, 2020 at 85 FR 35328.

A. Overview of Information Collection

Title of Information Collection: Rental Assistance Demonstration (RAD) Choice Mobility and Long-Term Affordability Evaluation.

OMB Approval Number: 2528-New.

Type of Request: New collection.

Form Number: NA

Description of the need for the information and proposed use:

The Office of Policy Development and Research (PD&R), at the U.S. Department of Housing and Urban Development (HUD), is proposing the collection of information for the Rental Assistance Demonstration (RAD) Choice Mobility and Long-Term Affordability Evaluation.

RAD was established under the Consolidated and Further Continuing Appropriations Act of 2012 to preserve affordable housing units over the long term by enabling public housing authorities (PHAs) to apply to HUD to convert at-risk public housing properties to two different forms of project-based Section 8 Housing Assistance Payments contracts—project-based voucher (PBV) or project-based rental assistance (PBRA). Doing so gives PHAs more flexibility to access private and public funding sources to meet with short-term capital needs, reduce their reliance on limited appropriations, and stabilize their financial and physical condition. Choice mobility, an

additional feature of RAD, allows residents of RAD properties to request a Housing Choice Voucher that they can use to move to a housing unit in the private market.

Congress requested an evaluation of RAD to assess the impact of the demonstration on the preservation and improvement of public housing, the amount of private sector leveraging, and the effect on tenants. HUD contracted a two-phase evaluation to address these research areas. The Phase I results were published in 2016 and the Phase II results in 2019. The OMB Approval Number for that evaluation was 2528-0304 and expired on January 31st, 2020. The Fiscal Year 2018 Appropriations Act provided funds to conduct a follow-

up evaluation of the RAD program, including its implementation and outcomes, the choice mobility option, the impact on tenants and related protections, and the long-term preservation of housing affordability.

This **Federal Register** Notice provides an opportunity to comment on the information collection for this new phase of the RAD evaluation titled RAD Choice Mobility and Long-Term Affordability Evaluation. The current information collection is designed to support four studies included in the evaluation. One is the study of the implementation of the RAD choice mobility option and its effects on property outcomes, tenant outcomes, and the voucher program. The second

study is the impact of RAD on the long-term preservation and financial viability of converted affordable housing properties. The third is the adequacy of asset management for PBV and PBRA conversions. The fourth study will examine the organizational and operational changes at PHAs that participated in RAD. For the first three studies, the evaluation includes web-based survey of all RAD PHAs, RAD property owners/operators, and former RAD residents who have exercised the choice mobility option; and a sample survey of RAD residents who have not elected the choice mobility option. For the fourth study, we plan to conduct qualitative interviews with senior staff at 25 RAD PHAs.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency’s estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

(5) Ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

HUD encourages interested parties to submit comment in response to these questions.

Authority: Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35.

Conference of the Parties to the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES); Nineteenth Regular Meeting: Species Proposals for Consideration and Request for Information and Recommendations on Resolutions, Decisions, and Agenda Items for Consideration

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: To implement the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES or the Convention), the Parties to the Convention meet periodically to review what species in international trade

should be regulated and other aspects of CITES implementation. The nineteenth regular meeting of the Conference of the Parties (CoP19) is tentatively scheduled to be held in Costa Rica, March 3-14, 2022. With this notice we are soliciting recommendations for amending Appendices I and II of CITES at CoP19 as well as recommendations for resolutions, decisions, and agenda items for discussion at CoP19. We invite you to provide us with information and recommendations on animal and plant species for which the United States should consider submitting proposals to amend Appendices I and II of CITES at CoP19. Such proposals may concern the addition of species to Appendix I or II, the transfer of species from one Appendix to another, or the removal of species from Appendices. We also invite you to provide us with information and recommendations on resolutions, decisions, and agenda items that the United States might consider submitting for discussion at CoP19. Finally, with this notice, we also describe the U.S. approach to preparations for CoP19.

DATES: We will consider all information and comments we receive on or before May 3, 2021.

ADDRESSES: You may submit comments by one of the following methods:
