This HCV Function/Activity Checklist is not part of an audit or a compliance review. As part of the Rent Reform Demonstration study, we are interested in understanding the types of activities you conduct in your current role at the [PHA name]. This includes activities you typically complete for families in the new rent rules group, the existing rules group, and those not included in the study. If needed, please use the Reference Guide (a list of tasks covered by each activity) to help you determine which activities you should check. In addition, an 'other task" line is provided so you can write in tasks you do not find on the task list. Finally, please estimate the percentage of your time devoted to the function you work on most and to the most time-consuming activity you work on within that function.

Your responses will help us understand the type of activities you <u>typically do in your current role</u>. There is no right or wrong answer. Your participation in completing this checklist is voluntary. This research is conducted under the authority of the Secretary of the U.S. Department of Housing and Urban Development to undertake programs of research, studies, testing and demonstration related to the mission and programs of HUD (12 USC 1701z-1 et seq.).
