### INTRODUCTION

We would like to ask you some questions about the hogs and pigs on the land you operate. To understand important issues in the swine industry, we need to obtain information about the health status of your hogs and swine health problems your herd may have had, as well as about productivity and management.

This short form will collect information about the total number of hogs and pigs you own and the number of distinct sites that hogs are raised on. Using information collected on this form, the sites you select will be sent a 2020 NAHMS Swine Large Enterprise Survey, which will collect important hog management, productivity, and health information. Information needs to be gathered at the site level because that will give the best quality information regarding the health and management of hogs in the U.S.

Information collected about your operation are kept **confidential**, are used only for statistical purposes, and will only be released in an aggregated form. Response is **voluntary**, but your response is needed to make regional and national estimates as accurate as possible. You may find it easier to answer some of the questions if you have your records available.

## SECTION 1 – OPERATION INVENTORY

1. Had the respondent heard of the NAHMS 2021 Swine study prior to contact by NASS?.....<sup>1000</sup>  <sub>1</sub> YES  <sub>3</sub> NO
2. Did **this operation** own any swine between **December 1, 2020** and **May 31, 2021**, including those raised by someone else for you on contract, regardless of location?.....<sup>1001</sup>  <sub>1</sub> YES  <sub>3</sub> NO

**[If Item 2 = NO, SKIP to Section 4, Item 4.]**

3. Of the total swine owned on **June 1, 2021** on **this operation**, how many were: (Enter **Zero** if None)

### Head

- a. Sows, unmated replacement gilts and bred gilts in the breeding herd?.....
- b. Unmated replacement gilts for breeding not yet in the breeding herd, such as those in a Gilt Development Unit? ..... +
- c. Nursing pigs? ..... +
- d. Boars and young males for breeding, including teaser boars?..... +
- e. Cull sows, gilts and boars?..... +
- f. Weaned hogs under 60 pounds?..... +
- g. Market hogs 60 pounds and over, **excluding cull sows, gilts and boars**?..... +
- h. Then the total number of swine on **this operation** on **June 1, 2021** is:..... =

1002
1003
1004
1005
1006
1007
1008
1009

**[The sum of Items 3a through 3g should total to the number of swine in Item 3h.]**

## SECTION 2– ELIGIBLE SITES PART OF THIS OPERATION

**Read to respondent** For the purposes of this study, a “site” consists of a physically distinct area, an area with a unique address that has pig production facilities and support structures and typically specializes in a production phase.

1. Do you raise swine at more than one production site **today**? **Include** contractee locations where hogs are raised for you as a contractor.....<sup>2001</sup>  <sub>1</sub> YES  <sub>3</sub> NO

**[If Item 1 = NO, fill in the contact information for that site in Section 3 (Table 2 if the site has any breeding swine, or Table 4 if the site has no breeding swine) and SKIP to Section 4.]**

2. On how many separate production sites are your swine raised **today**? **Include** contractee locations where hogs are raised for you as a contractor.....

### Sites

2002
------

### State Sites

2003
------

3. Of these [Item 2] sites, how many were located within the state of [STATE]?.....

**Read to respondent:** For the purposes of this study, a site with “Breeding swine” means a site with sows, gilts and possibly unweaned piglets and boars and potentially growing pigs as well.

4. Of these [Item 3] sites, how many had:

### State Sites

- a. **Any Breeding swine** such as sows, gilts, boars (may also have weaned pigs)? .....
- b. **No Breeding swine** such as sites with only nursery and/or grower/finisher aged pigs?.....

2004
2005

**[Items 4a + 4b should total to the number of sites in Item 3.]**

## SECTION 3 – SITE SELECTION

**[If there are NO sites with Breeding swine in Section 2, Item 4a, SKIP to Item 3.]**

1. Use the number of sites in this State with any Breeding swine [Section 2, Item 4a] and the table below to determine the number of sites to select.

If the number of sites in this State with <u>any Breeding swine</u> [Section 2, Item 4a] is	Then choose this many sites	Instructions
1	1	Write the site information <b>for that site</b> that is <b>geographically closest</b> to you into the table in 2 below.
2-49	2	Write the site information <b>for both sites</b> that are <b>geographically closest</b> to you into the table in 2 below.
50 or more	3	Write the site information <b>for the three sites</b> that are <b>geographically closest</b> to you into the table in 2 below.

2. Selected sites with **Breeding swine**.

Site Number (Office Use)	Site Contact name and title	Phone number	Address	Notes
1				
2				
3				

**[If Section 2, Item 4b = 0 then SKIP to Section 4.]**

3. Use the number of sites in this State with **NO breeding swine** [Section 2, Item 4b] and the table below to determine the number of sites to select.

If the number of sites in this State with <b>NO breeding swine</b> [Section 2, Item 4b] is	Then choose this many sites	Instructions
1	1	Write the site information <b>for that site</b> that is <b>geographically closest</b> to you into the table in 4 below.
2-10	2	Write the site information <b>for both sites</b> that are <b>geographically closest</b> to you into the table in 4 below.
11-49	3	Write the site information <b>for the three sites</b> that are <b>geographically closest</b> to you into the table in 4 below.
50 or more	6	Write the site information <b>for the six sites</b> that are <b>geographically closest</b> to you into the table in 4 below.

4. Selected sites with **NO Breeding swine**.

Site Number (Office Use)	Site Contact name and title	Phone number	Address	Notes
4				
5				
6				
7				
8				
9				

## SECTION 4 – CONCLUSION

1. For each of the selected sites, start a **Large Enterprise Survey (LES)** by:
  - a. Writing in the **EPAID** in the correct box on the title page and
  - b. Fill in the **Site Number** with the **Site Number** from each of the selected sites in Tables 2 and 4 in Section 3 (one per LES) so that each LES has a unique **Site Number**.
  
2. Request a signature on a **2021 NAHMS Swine Large Enterprise-Consent Form** for the *operation* completing this questionnaire and write in the **EPAID** in the correct box on the title page.
  
3. For each of the selected sites start a **2021 NAHMS Swine Large Enterprise-Consent Form** by:
  - a. Writing in the **EPAID** in the correct box on the title page and
  - b. Fill in the **Site Number** with the **Site Number** from each of the selected sites in Tables 2 and 4 in Section 3 (one per consent form) so that each 2021 NAHMS Swine Large Enterprise Consent Form has a unique **Site Number**.

4. ENTER INTERVIEW RESPONSE CODE

- 1 - No hogs between December 1, 2020 and May 31, 2021 so not eligible for this study
- 2 - Out of business
- 3 - Refusal of LESSF
- 4 - Complete LESSF: signed CONSENT FORM
- 5 - Complete LESSF: refused CONSENT FORM
- 6 - Out of scope
- 7 - Office hold
- 8 - Inaccessible

**Code**

4000
------

**[If Item 4 = 3 OR 5, complete Item 5; otherwise SKIP to Item 6.]**

5. ENTER OPERATION REFUSAL REASON CODE

- 1 - Does not want to commit time to the project
- 2 - Does not want involvement with government veterinarian
- 3 - Does not have necessary records available
- 4 - Has participated in too many surveys
- 5 - Does not want outside people on the swine operation
- 6 - A bad time of year due to planting, harvesting, second job, etc.
- 7 - Currently has or recently had disease problem with herd
- 8 - Believes that surveys and reports hurt the farmer more than help
- 9 - Could not get Owner/Contractor permission
- 10- No reason given or other miscellaneous reasons
