BILLING CODE 4830-01-P

DEPARTMENT OF AGRICULTURE

Office of the Secretary

Privacy Act: Revision of an Existing System of Records

AGENCY: Office of the Secretary, USDA.

ACTION: Notice of revision of an existing system of records.

SUMMARY: The U.S. Department of Agriculture is giving notice of a revision to its Privacy Act System of Records entitled Claims Against Food Stamp Recipients—USDA/FNS-3.

DATES: This revision will become effective on May 11, 1998, unless modified by a subsequent notice to incorporate comments received from the public. To be assured of consideration, comments must be received by the contact person listed below on or before April 27, 1998.

ADDRESSES: Comments should be addressed to James I. Porter, Assistant Branch Chief, State Administration Branch, Program Accountability Division, Food Stamp Program, 3101 Park Center Drive, Room 905, Alexandria, Virginia 22302.

FOR FURTHER INFORMATION CONTACT: Joseph M. Scordato, Food and Nutrition Service Privacy Act Officer, Room 308, 3101 Park Center Drive, Alexandria, Virginia 22302. Telephone (703) 305-2244.

SUPPLEMENTARY INFORMATION: The Privacy Act requires FNS to publish this Privacy Act Systems of Records Notice to inform the public that certain changes are being made to a system of records containing information on individuals against whom fiscal claims have been established under the Food Stamp Program and to request public comment.

Monetary claims are established against food stamp recipients and former recipients who owe debts due to certain errors or infractions of Food Stamp Program rules. State and Federal Government offices seek collections for these debts through recoupment of benefits for recipients still receiving benefits, direct billing to non-recipients and other means. Debt collection and tracking systems necessarily were established to accomplish these collections, and the establishment of and certain changes to such systems require notification to the public under the Privacy Act.

This notice announces changes to implement the Treasury Offset Program (TOP). TOP is a mandatory government-wide delinquent debt matching and payment offset system, centralized in the Department of Treasury. The Debt Collection Act of 1982, as amended, (Pub.L. 97-365) provides statutory authority for Federal agencies to collect debts through administrative offset. The Debt Collection Improvement Act of

1996 (Pub.L. 104-134) expands the statutory authority for TOP by requiring agencies to transfer delinquent non-tax debt to Treasury for the purpose of offsetting Federal payments to collect delinquent debts owed to the Federal Government. TOP operates in accordance with statutory and regulatory authorities, including those contained in 31 U.S.C. 3716 and 4 CFR part 102. Further, this notice announces our intent for the Department of Treasury and other debt collection centers designated as such by Treasury, to be among those with whom data may be shared.

FNS has been participating in the Federal Tax Refund Offset (FTROP) and Federal Salary Offset (FSOP) Programs. FNS published notices to test FTROP in 1991 and FSOP in 1994. Final regulations were published in 1995. Under these programs food stamp debts that occurred due to overissuance of program benefits, as a result of an intentional program violation or an inadvertent household error, are offset from Federal Tax Refunds and the salaries of Federal employees, respectively. The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 removed some limits on collection methods for State agency error claims. As a result the scope of referable debts was broadened to include State agency error claims.

This Notice modifies the system of records entitled, Claims against Food Stamp Recipients—USDA/FNS-3 so that FNS can fully comply with the Department of the Treasury (Treasury) requirements for various debt collection actions. This Notice modifies the systems of records as follows. The current routine use (1) was changed to list Treasury and its designated collection centers as the referral points and to include Federal administrative payments as an additional routine use and record source category. The current routine use (2) was modified to eliminate the requirement that Federal employee claims be deleted from the tax refund claims, as there is no longer a separate FTROP, since both are subsumed under TOP.

FNS has included some technical changes that do not affect the operation of the system. The notice is modified to reflect that the system manager and system location are now in the FNS Grants Management Division rather than

in Accounting Division as a result of an internal reorganization.

The Privacy Act requires that any changes in the types of data entered into or extracted from systems of records, or changes in the entities with whom the data is shared be announced to the public in a notice. In this case, there are no changes in the types of data collected about individuals; however, more individuals will be affected by the notice with the addition of State agency error claims now being eligible for offset. Additional entities with whom the data may be shared are identified. The Department of the Treasury and other debt collection centers, as defined by Treasury are new entities with whom data will be shared.

Data will continue to be shared with the following entities: the Department of Defense (DOD); the United States Postal Service (USPS); other Federal agencies that employ debtors; State agencies for such purposes as updating claims files, collecting claims, and fiscal reporting; and Congressional offices in response to an inquiry from the Congressional office made at the request of the individual against whom the claim has been established.

Dated: March 20, 1998.

Signed at Washington, DC.

Dan Glickman,

Secretary of Agriculture.

AGENCY: USDA—Natural Resources Conservation Service.

ACTION: "Notice of a Finding of No Significant Impact".

SUMMARY: Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Guidelines (40 CFR, Part 1500); and the Natural Resources Conservation Service (formerly the Soil Conservation Service)

Guidelines (7 CFR, Part 650); the Natural Resources Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for the Little Toby Creek Watershed, Elk and Jefferson Counties, Pennsylvania.

FOR FURTHER INFORMATION CONTACT:

Ms. Janet L. Oertly, State Conservationist, USDA—Natural Resources Conservation Service, Suite 340, One Credit Union Place, Harrisburg, Pennsylvania 17110-2993, telephone (717) 237-2202; fax (717) 237-2239.

SUPPLEMENTARY INFORMATION: The environmental assessment of this federally-assisted action indicates that the project will not cause significant adverse impacts on the local, regional, or national environment. As a result of these findings, Janet L. Oertly, State Conservationist, has determined that the preparation and review of an environmental impact statement is not needed for this project.

The project concerns a plan for water quality improvement by treating acid mine drainage from seven discharges that are the source of surface water pollution. The planned works of improvement involve six passive wetland treatment systems and one hydrated lime dosing plant to reduce acid, iron, and aluminum loadings into watershed streams. A deep mine opening will be closed and a mine highwall will be removed.

The "Notice of a Finding of No Significant Impact" (FONSI) has been forwarded to the U.S. Environmental Protection Agency. A limited number of copies of the FONSI is available to fill single copy requests at the above address. The environmental assessment and basic data may be reviewed by contacting Janet L. Oertly.

No administrative action on implementation of the proposal will be taken until thirty (30) days after the date of this publication in the **Federal Register**.

(This activity is listed in the Catalog of Federal Domestic Assistance Program No. 10.904—Watershed Protection and Flood Prevention and is subject to the provisions of Executive Order 12372 which requires intergovernmental consultation with State and local officials)
