

Justification for Nonsubstantive Change Request - 0690-0035

Submitted 02/03/2021

The following Agency Bureaus and offices are authorized to use this Generic Clearance:

Bureau of Industry and Security (BIS); U.S. Census Bureau (Census); Economic Development Administration (EDA); Economics and Statistics Administration (ESA); International Trade Administration (ITA); Minority Business Development Agency (MBDA); National Institute of Standards and Technology (NIST); National Technical Information Service (NTIS); National Telecommunications and Information Administration (NTIA); United States Patent and Trademark Office (USPTO); and the Office of the Secretary (OS).

National Oceanic and Atmospheric Administration (NOAA) was mistakenly left off this list of Agency Bureaus for authorization to use this Generic Clearance.

This request for a nonsubstantive change is to add NOAA to this list of authorized users of this Generic Clearance.
